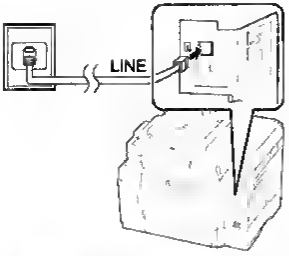
Connecting a Telephone or Answering Machine

You must connect your product to a telephone wall jack to send or receive faxes. If you want to use the same telephone line to receive calls, you can connect a telephone or answering machine to your product using an additional phone cable.

Note If you do not connect a telephone to your product, make sure Receive Mode is set to **Auto**. Otherwise you cannot receive faxes.

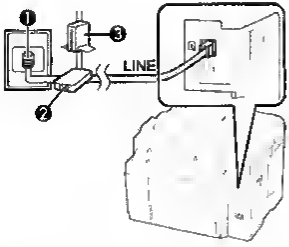
1 Connect a phone cable to your telephone wall jack and to the **LINE** port on your product.



5/6/17
TEST

Note If you have a DSL or ISDN connection, you have connect the appropriate DSL filter or ISDN terminal adapter or router to the wall jack to be able to use the line for faxing or voice calls using your product. Contact your DSL or ISDN provider for the necessary equipment.

DSL connection



1 Telephone wall jack

2 DSL filter

Memo

To: ALL EMPLOYEES

From: H.R. DEPT

Re: EMPLOYEE TRAVEL PROGRAM

For a limited time only we are offering to all employees' access to our company vacation packages at the wholesale rate (you save $3000 per couple)

Please review the vacation details

CANCUN, CABO, JAMAICA, PUERTO VALLARTA, OR HAWAII

- *Duration:* **6 DAYS & 5 NIGHTS** w/ all meals included for only **$99** PP
- **Dates:** You choose your dates. Packages are open dated and valid for **15 MONTHS**

Included in package:

- ***Resort stay*** : Choose your 4-5 star resort
- ***Corporate Meal Plan*** - All Meals and Drinks (Alcoholinon-alcohol) Included 24 hrs a day
- ***Children stay and eat for free***
- ***Unlimited activities including non-motorized water sports***

- ***Up to 60% off flights***

FREE BONUS

5 DAYS 4 NIGHTS COSTA RICA

OR

5 DAYS AND 4 NIGHTS IN LAS VEGAS

Booking and Reservations at **(888) 516 – 0220**

Reservation Code: WARMWINTER159

For fax number removal, please call 1-888-393-3378.

General Instructions

Purpose of form. Use Form 4506-T to request tax return information. You can also designate a third party to receive the information. See line 5.

Tip. Form 4506, Request for Copy of Tax Return, is the request you use to purchase copies of tax returns.

Where to file. Mail or fax Form 4506-T to the address below or to the state you lived in, or the state your transcript was in, when that return was filed. There are two exceptions: See the Addresses, transcripts (Form 1040 series and Form W-7) and fax for all other transcripts.

If you are requesting more than one transcript or other product and the mail addresses are different, use the RAIVS team. Don't send your request to the team either on the address in your state newest return.

Corresponding transcripts. You can usually request transcripts by using our automated self-help service tools. Please visit us at IRS.gov and click on "Order a Transcript" or see ...ions appeared.

Chart for individual transcripts (Form 1040 series and Form W-2)

If you filed an individual income tax return and lived in:	Mail or fax the transcript request to:
Florida, Georgia (after June 30, 2011 you) your transcript address in Kansas City, MO)	RAIVS Team P.O. Box 47-421 Stop 91 Bensville, GA 30009 770-455-3685
Indiana, Kentucky, Louisiana, Mississippi, Tennessee, Texas, a foreign country (including Armed Forces), Puerto Rico, the Commonwealth of the Northern Mariana Islands, or the U.S. Virgin Islands or A.P.O. or F.P.O. address	RAIVS Team Stop 6705 AUSC Austin, TX 73301 512-460-2272
Alaska, American Arkansas, California, Colorado, Hawaii, Idaho, Illinois, Iowa, Kansas, Michigan, Minnesota, Missouri, Montana, Nebraska, New Mexico, North Dakota, Oklahoma, Oregon, South Dakota, Utah, Washington, Wisconsin, Wyoming	RAIVS Team Stop 37106 Fresno, CA 93888 559-456-5885
Connecticut, Delaware, District of Columbia, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, North Carolina, Ohio, Pennsylvania, Rhode Island, South Carolina, Vermont, Virginia, West Virginia	RAIVS Team Stop 6705 B-6 Kansas City, MO 64999 859-555-0145

Chart for all other transcripts

If you lived in or your business was in:	Mail or fax to the "Internal Revenue Service" at:
Alabama, Alaska, Arizona, Delaware, California, Colorado, Florida, Hawaii, Idaho, Iowa, Illinois, Kansas, Louisiana, Minnesota, Mississippi, Missouri, Montana, Nebraska, Nevada, New Mexico, North Dakota, Oklahoma, Oregon, South Dakota, Texas, Utah, Washington, Wyoming, a foreign country or A.P.O. or F.P.O. address	RAIVS Team P.O. Box 9941 Mail Stop 6734 Ogden, UT 84409 801-620-6922
Connecticut, Delaware, District of Columbia, Georgia, Illinois, Maine, Maryland, Massachusetts, Michigan, New Hampshire, New Jersey, New York, North Carolina, Ohio, Pennsylvania, Rhode Island, South Carolina, Tennessee, Vermont, Virginia, West Virginia	RAIVS Team P.O. and 9941 Stop 6705 Kansas City, MO 64999 859-555-3620

Line 1a. Enter your employer identification number (EIN) if your request relates to a business return. Otherwise, enter the first Social Security number (SSN) on your tax return. For example, if you are requesting Form 1040 that includes Schedule C (Form 1040), enter your SSN.

Line 1b. Enter your social security number (SSN) or individual taxpayer identification number (ITIN) as shown on the tax return. For example, if you are requesting Form 1040 that includes Schedule C (Form 1040), enter your SSN.

Line 2. Enter your current name as shown on the tax return. If you changed your name because of marriage, enter your current name as shown on the tax return.

Line 3. Enter the address shown on the tax return. If you have changed your address after filing the return, enter your current address. If you have changed your address and you are requesting a transcript of a joint return, enter the address that you used on the tax return.

Line 4. Enter the address shown on the tax return. If you have changed your address after filing the return, enter your current address. If you have changed your address and you are requesting a transcript of a joint return, enter the address that you used on the tax return.

Line 5. Enter the name of the third party to whom you want to disclose or send the transcript.

Line 6. Enter the address of the third party to whom you want to disclose or send the transcript.

Line 7. Enter the telephone number of the third party to whom you want to disclose or send the transcript.

Caution. If the third party is a financial institution, make sure you enter the telephone number of the specific department that handles your request.

Line 8. Enter the date you want the transcript to be sent to the third party. The date you enter must be within 60 days of the date you sign your request.

Signature and date. Form 4506-T must be signed and dated by the taxpayer listed on line 1a or 2a. If you entered on line 5 a third party to receive the transcript, that party must receive Form 4506-T within 120 days of the date signed by the taxpayer or it will be rejected.

Corporations. Generally, Form 4506-T can be signed by: (1) an officer having legal authority to bind the corporation, (2) any person designated by the corporation's board of directors or other governing body, or (3) any officer or employee on written request by any principal officer and attested to by the secretary or other officer.

Partnerships. Generally, Form 4506-T can be signed by any person who was a member of the partnership during any part of the tax period requested on line 9.

All others. See Regulations, Revenue Code section 6103(e) if the taxpayer has died, is insolvent, is a trustee in bankruptcy, or if a personal guardian, executor, receiver or administrator is appointed for the taxpayer.

Documentation. For corporations or partnerships, you must attach the authorization documents. For example, this could be the letter from the corporate officer authorizing a designated of the organization or the Letters Testamentary documents. For trusts, the first page of the trust.

Privacy Act and Paperwork Reduction Act Notice. We ask for the information on this form to be business your right to gain access to the transcript the information under the Internal Revenue Code. We need the information to properly identify the tax information and request to your address. You are not required to request any transcript. If you do request a transcript, sections 6103 and 6109 and their regulations require you to provide the information, including your SSN or EIN, if you choose, and the information, and may not be able to process your request. Providing false or fraudulent information may subject you to penalties.

Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation, and local, and the federal agencies to Veterans, and U.S. commonwealths and possessions for use in administering their tax laws. We may and disclose this information to other countries under a tax treaty, to federal and state agencies to enforce federal nontax criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism.

You are not required to provide the information requested on a form that is subject to the Paperwork Reduction Act unless the form displays a valid OMB number. Books or records relating to a form or its information must be retained as long as their contents may ...ecome material in the administration of any Internal Revenue law. Generally, tax returns and return information are confidential, as required by section 6103.

The time it takes to transcript and file Form 4506-T will vary transcripts on transcript circumstances. The transcript address time to business, allow the time in the form, 15 min. Preparing the form, 12 min. and Sending, assembling, and Preparing the form to the IRS, 25 min.

If you have comments concerning the accuracy of these time transcript or suggestions for making Form 4506-T simpler, we would be happy to hear from you. You can write to the Internal Revenue Service, Tax Products Coordinating Committee, SE:W:CAR:MP:T:T:SP 1111 Constitution Ave. NW, IR-6406, Washington, DC 20224. Do not send the form to this address. Instead, see Where to file on this page.

TEST

By signing the filled-out form, you:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),

2. Certify that you are not subject to backup withholding, or

3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and

4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct. See *What is FATCA reporting?* later for further information.

Note: If you are a U.S. person and a reportable payee, you are not subject to backup withholding on payments you receive that are reportable on Form W-9 to request your TIN. You must use the exceptions listed in 1 if it is substantially similar to the Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien;
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States;
- An estate (other than a foreign estate); or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the Section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

In the cases below, the reporting person must give Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States.

- In the case of a corporation that is a U.S. owner the U.S. status of the shareholder-partner and not the corporation.
- In the case of a disregarded trust with a U.S. grantor or other U.S. owner generally the U.S. grantor or other U.S. owner of the grantor trust and not the trust; and
- In the case of a U.S. trust (other than a grantor trust), the U.S. trust (other than a grantor trust) and not the beneficiaries of the trust.

Foreign person. If you are a foreign person or the U.S. branch of a foreign bank that has elected to be treated as a U.S. person, do not use Form W-9. Instead, use the appropriate Form W-8 or Form 8233 (see Pub. 515, Withholding of Tax on Nonresident Aliens and Foreign Entities).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or terminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a "saving clause. Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items.

1. The treaty country. Generally, you must use the same treaty under which you claimed exemption from tax as a nonresident alien.

2. The treaty article addressing the income.

3. The article number (or location) in the tax treaty that contains the saving clause and its paragraph.

4. The type and amount of income that qualifies for the exemption from tax.

5. Sufficient facts to justify the exemption from the under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if his or her stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first protocol) and is relying on this exception to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity, give the requester the appropriate completed Form W-8 or Form 8233.

Backup Withholding

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS 28% of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, payments made in settlement of payment card and third party network transactions, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will be subject to backup withholding on payments you receive if you give the requester your incorrect TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester,

2. You do not certify your TIN when required (see the instructions for Part II for details),

3. The IRS tells the requester that you furnished an incorrect TIN,

4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only), or

5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1983 only).

Certain person and payments are exempt from backup withholding. See *Exempt payee code*, later, and the separate Instructions for the Requester of Form W-9 for more information.

Also see *Special rules for partnerships*, earlier.

What is FATCA Reporting?

The Foreign Account Tax Compliance Act (FATCA) requires a participating foreign financial institution to report all United States account holders that are specified United States persons. Certain payees are exempt from FATCA reporting. See *Exemption from FATCA reporting code*, later and the Instructions for the Requester of Form W-9 for more information.

Updating Your Information

You must provide updated information to any person to whom you intend to or will receive payment in the future. You must provide updated information to any person to whom you intend to or will receive payment in the future from you in order to avoid backup withholding. For example, you may need to provide updated information if you are a C corporation that elects to be an S corporation, or if you no longer are tax exempt. In addition, you must furnish a new Form W-9 if the name or TIN changes for the account; for example, if the grantor of a grantor trust dies.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of $50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a $500 penalty.

DriveSavers RAID Recovery Services

Enterprise Data Loss Costs Businesses Billions

Organizations of all sizes store critical files on RAID (Redundant Array of Independent Disks) systems, which distribute data and parity among multiple hard disk drives. Unfortunately, even these redundant systems are not completely infallible. A RAID 5 configuration can only offset the failure of a single disk drive and cases of multiple-drive failure happen more frequently than one might imagine.

When data is lost, crucial data such as customer databases, accounting records, source code, research and measurement data, graphics and video files, and other intellectual property could take days, months or even years to recreate. According to estimates published by IDC, Gartner Group, the enterprise data loss cost burden will nearly $100 billion in 2005.

RAID and Encrypted Data Recovery Experts

DriveSavers Enterprise Systems Group specializes in recovering data from all operating systems and all types of high-capacity devices including NAS, SAN, RAID, tape and multi-disk servers. Our engineers routinely work on double-, ERP, accounting systems in a server size other than those listed above. Our organization's staff experts have been trained and certified by leading encryption vendors to safely recover files and databases from encrypted data.

All recoveries are performed in DriveSavers ISO 5 class 100 clean room, the most sophisticated data recovery cleanroom in the industry. This strict temperature- and humidity-controlled environment conditions recovery success by protecting hard disk platters and delicate electronic components from "killer particles" while they are open and vulnerable to damage.

Certified Secure Data Recovery

DriveSavers is the only data recovery company in the world that is SAS 70 Type II compliant, the corporate industry standard for an overall control examination. Every aspect of our facility and network is vetted through physical, personal and confidential data from security breach during the data recovery process.

This allows us to meets all HIPAA requirements (Health Insurance Portability and Accountability Act) upholding the highest standards of customer safety and data protection required by the Healthcare Industry.

SAS 70 Type II

Lost Critical Data? We Can Save It!

Since 1985, companies around the world have relied on DriveSavers to recover lost data from storage devices that have crashed, failed or otherwise lost access to data. Clients such as Banks of America, NASA Goddard Space Center, the Department of Defense, Lawrence Livermore Labs and the Smithsonian Institution have all trusted DriveSavers with their critical data.

If you need critical data, call DriveSavers, the worldwide leader in protecting vital data recovery.

www.BlackViper.com: Windows 7 Service Configurations

Introduction

To continue my fine tradition of optimizing MS's latest OS' I have here my findings to date

Before adjusting your services settings ensure that your system has already installed all updates by "checking now" for any available updates via Windows Update. At this time it is best for you to ensure that all services are set to the default values before updating your system.

Breakdown of all changes to date: Windows 7 Information Changelog

I cannot possibly test all configurations extensively (meaning, each persons specific computer needs), but since I use office I do tend to "work for me" and like it balances I have come across so you do not have to discover them on your own. If information on this page needs a revision or expended, please check out the forums

An * (asterisk) indicates changes from the default.

Two ** (asterisks) indicates you can add or remove this service by:

- Head to start
- Select Control Panel
- Select Programs
- Select Programs and Features
- Select Turn Windows Features on or off

Three *** (asterisks) indicates they are installed with Windows Live Essentials

Notes for a Happier Computer and User

- Do not use "msconfig" to disable services type "services.msc" in the Run box instead or check this FAQ!
- Before disabling any service, check out the service information about each by selecting the service name links provided
- Service settings are **global** meaning changes apply to all users
- All of these services are "Standard" with Windows 7 and installed by default, by Add/Remove Windows Features, or installed via Windows Live Essentials. If you discover a service that is not listed here, another application, driver or program installed them. A few of the more common ones are listed here
- **WLAN AutoConfig** service is required for normal operation of your wireless network card. It is listed here as Manual so it reset if malware not needing wireless access but if you do have a wireless network card installed, it will be in Automatic by default.
- Still unsure? Put your setting to "Manual" or the setting under "Safe" Manual allows Windows 7 to start the service when it needs to (or when ever it feels like it) but not to boot up. Depending on your configuration, not all services will start when required while in "Manual" mode. If you find you need a service, place it in Automatic
- **After adjusting your service settings** reboot your computer
- Before posting your question in the forums see if your question has been addressed in the FAQ!
- **Viewing instructions.** If the information is hard to read, please check out your viewing options.

Table Header Information

- **The columns are sortable.** Select the column header to sort by that field
- **DEFAULT** – What MS thinks should be running on Windows 7
- **"Safe"** Configuration – This is the configuration that 90% of the people will be able to use with little or no side effects. It will also minimize the amount of errors that is reported in the Event Viewer. This does not guarantee it will have for you, but if adjusting your services scares you, this configuration would be a good starting point.
  - **19** service settings have been changed from the default annotated by an (*) asterisk.
- **"Tweaked"** – This is the configuration that I have developed to reduce the "Safe" services started but maintain system security. This does not guarantee it will work for you
  - **57** service settings have been changed from the default annotated by an (*) asterisk.
  - This configuration is a system that is still able to perform many LAN networking functions such as file and print sharing, HomeGroup access and uses wireless networking (laptop) plus leaves as-is all security related "features" like the Windows Defender, Windows Firewall and Windows Update active.
  - This configuration is not for a Windows Media Center PC. In this case use "Safe"
- "Semi-secure" – **WARNING!** – This configuration includes many built-in features of Windows 7 as well as several security features
  - **68** service settings have been changed from the default annotated by an (*) asterisk.
  - This configuration is not for a system that is directly connected to the internet as Windows Defender, Windows Firewall and Windows Update are disabled!
  - This configuration is not for a laptop system as wireless networking (as well as Defender and Firewall) are disabled and will

How Can I Test My Fax Machine?

I just hooked up a new fax machine and I'd like to test it just to make sure it works. How can I do that?

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both:

To test the send functionality of your fax machine, send a one-page fax to 1-855-330-1239 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero: this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

Windows Printer Test Page

Congratulations!

If you can read this information, you have correctly installed your HP Photosmart C7200 series on JOEL-PC

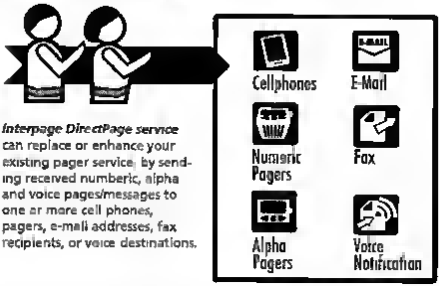
Or, would to keep your existing pager and add new features such as filtering, forwarding, and scheduling?



Interpage DirectPage service can replace or enhance your existing pager service, by sending received numberic, alpha and voice pages/messages to one or more cell phones, pagers, e-mail addresses, fax recipients, or voice destinations.

Most DirectPage accounts can schedule when and where received messages are sent, and can filter from whom pages will be accepted from to avoid false alerts or pages from unauthorized callers.

For more information, please visit **interpage.net/direct** or contact us at **+1 (650) 331-3900**

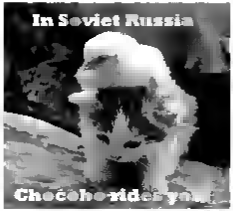
Item	Part No.	Part Name	Qty	Serial No.

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one-page fax to 1 888-877-1655 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero. This site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.



In Soviet Russia

Free OnStar Trial & Phone Application

Congratulations on the purchase of your New Vehicle!!

1.) Go to your E-mail, _____, Accept Terms and Conditions & Verify your E-mail address by logging in.

2.) Verify information I have submitted by clicking on "My Account" at the top of your screen.

You can change information such as Address, Phone number, Password & add other vehicles you may have that are Equipped with OnStar already.

3.) Push the Blue OnStar button located on as near your Rear View Mirror in your New Vehicle!

After pushing the button, an Advisor will speak with you and verify your information again.
-You will be able to set a 4 digit Security Pin number at this time. Be sure to make this number something that you can remember easily. You will use it when calling OnStar as well as using the Phone App for your Smart Phone.

-Also, during this call, you will be able to take advantage of a FREE extension of your Trial with OnStar. You will need to put a form of payment, such as a Credit or Debit Card, on file to recieve your trial extension. You will NOT be charged at ANY time during your free trial!
(You will be sent an E-mail 30 days prior to any charges being made to your account. At this time you can choose to remove your form of payment OR go to Onstar.com to look at the different available Plans.)

4.) Download the Free Brand specific Phone App to your Smart Phone and Login using your OnStar Username & Password. *(You will be able to access and use the Phone app for 3 full years(for Pre-Owned) and 5 full years (for New), even when your Free in-vehicle trial is over!)*

Go to the App Store on your Cell Phone and Download:
'MyChevy', 'MyBuick', 'MyGMC' or 'MyCadillac' based on the Vehicle that you Purchased.

-You will be able to use Remote FOB functions such as Unlock/Lock, Remote Start (if equipped), Flash Lights & Honk Horn! You will also be able to View your Vehicles Diagnostics such as Oil Life, Fuel Range & Tire Pressures!

Enjoy your Free Trial!!!

The information contained in this facsimile transmission is privileged and confidential information intended for the use of the individual or entity named above. If the reader of this message is not the intended recipient, you are hereby notified that any dissemination, distribution or copying of this communication is strictly prohibited. The fax line is used to send and receive patient private health information. It is secure (the fax machine is not used by patients; nor do patients have access to view incoming faxed documents). If you have received this fax in error, please notify us immediately by telephone and return the original message to us at the address listed on this cover via the U.S. Postal Service.

The Mercury News

Bay Area News Group

4 N 2nd Street, Suite 800, San Jose, CA 95113 www.bayareanewsgroup.com

Dear Subscriber

Thank you for being a loyal subscriber to The Mercury News We appreciate your readership and hope that our newspaper products and delivery service meet your standards This letter has two purposes We want to remind you of our general subscription policies and describe a new arbitration program

Subscription Policy

As you know, your Mercury News subscription is a continuous one which means it automatically renews at the end of the SUBSCRIPTION TERM The SUBSCRIPTION TERM is the billing interval that you selected at the initiation of the subscription You may cancel or modify your subscription at any time by calling customer care at 1-800-870-6397

Furthermore, all home delivery subscriptions will include no more than four (4) Special Editions annually which will be charged to the subscriber's account at $3 00 each If you do not want to receive these Special Editions you may call customer care to opt out If you do not opt out, your SUBSCRIPTION TERM will be shortened

Arbitration

It is always our intention to resolve any dispute with a simple call to customer care However sometimes disputes are not immediately resolved That is why we are instituting an arbitration program Arbitration is a method of resolving a claim, dispute or controversy without filing a lawsuit. The details of this program can be found on the reverse side of the letter as well as at www mercurynews com If you do not wish to participate in the arbitration program, you may cancel your subscription by calling customer care at 1-800-870-6397 within thirty (30) days of this letter and we will refund your remaining balance if there is one

We know that your time is valuable thank you for your attention

Sincerely

Daniel Smith

Fax Instructions

1 **Select the documents** that you need a cover sheet for by placing a check mark in the "Select Cover Sheet" box. *Only select the requested documents that are relevant to you.* **Create the cover sheets** by clicking on the "Print Cover Sheet" button. This will create cover sheets for all of the selected documents in a new window.

2 **Print the cover sheets.** If you are not connected to a printer you can return to this application later as a registered user and print at that time. There is special data on the cover sheet that enables us to process your faxed document without human intervention. *Do not edit the cover sheet or write anything on it except for the total number of pages, date, and vacancy number. Make sure the printout is un-skewed, clear, and legible with a white background.*

3 **Create fax set(s).** Place cover sheet on top of the requested document. The data on the cover sheet is read using Optical Character Recognition technology and identifies the applicant, document, and vacancy as applicable. *If the fax is coming through a commercial facsimile provider, ensure that their company cover sheet does not go on top of the cover sheet that was printed from the application. We cannot process your document if the first sheet in the fax is anything other than the cover sheet created by our application.*

4 **Fax each set separately.** For example, if you have to send ten documents you will need to send ten separate faxes with ten different fax cover sheets as the first page in each set. I.e. All transcript pages are considered to be one document, fax all of your transcript pages and other education related documents under the transcript coversheet, all SF 50 pages are considered to be one document, if you are faxing more than one SF-50 fax them all under the SF-50 cover sheet. *Find out the correct way to place the document(s) in the fax machine in order to avoid sending the faxed documents upside-down, backside, or skewed.* If you fax two sets with the same cover sheet the second fax will replace the first one in our system. **To ensure accurate submission, it is recommended that you receive confirmation generated by your fax machine before faxing the next coversheet and corresponding document.**

5 **Check for confirmation emails** for all documents that you have faxed. Email confirmation may take up to 24 hours from time of fax transmission. This email confirmation is your receipt of submission. If you did not receive confirmation for a document within 24 hours after initial transmission, fix the problem and submit the fax again. Please be aware that some email systems may place our confirmation emails in "junk" or "bulk" folder. *Also check the status on your fax machine to ensure that the entire fax including cover sheet and document were sent successfully.*

6 **Contact the Indian Health Service Human Resources (IHS HR) Helpdesk** if you encounter any problems when faxing your supporting documentation. The IHS HR Helpdesk can be reached at (301) 443-3931 or HRcustomerservice@ihs.gov. Please send email to HRcustomerservice@ihs.gov describing in detail the nature of your problem, question, or support needed in the event you are not be able to reach a HR Customer Service Representative via the telephone.

So you want to test your fax software or fax machine but you don't have a fax number that you can test with. Here is a list of free fax numbers that are setup specifically for testing your fax machine within the USA or Canada.

These fax numbers will work on any fax machine or any type of fax software including FaxTalk.

Testing fax sending only

A web site at faxtey.net is available that will allow you to send a fax test. Send a fax toll free +1 888 877-1655 or +1 (503) 200-1300 (Portland, Oregon USA).

NOTE: Faxes sent to this number a publicly displayed for all to see on the Web site faxtey.net -- Do not fax any sensitive, confidential or offensive material.

Verifying your fax was received successfully

Visit the Web site faxtey.net and view the thumbnail fax. Click the thumbnail to view a full page of the fax. If you do not see your fax, use the browser refresh option to update the page. Your fax thumbnail should appear within a few minutes after a successful send.

Testing send and receive functions of your fax

Hewlett Packard (HP) provides a free fax testing service that can test both sending and receiving features of your fax software or fax machine.

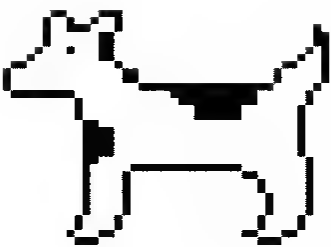
Send a fax to +1 888-473-2963 (Toll Free in the USA and Canada).

Receiving a fax -- To ensure you can receive a fax, once you successfully send a fax to this service it will automatically dial you back with in a few minutes (using your caller ID information and/or CSID) and attempt to send you a fax.

If you using any call blocking so that Caller ID information is not sent, you will not receive a return fax. You should also ensure your CSID (Caller Station IDentifier) is properly configured to include your fax number for the return call and you have auto-receive option turned on your fax software or fax machine.

Setting your CSID with FaxTalk: Click on Tools, Options, Fax, Advanced to configure the CSID. See your fax manual on setting CSID for others.

NOTE: Faxes sent to this number are not displayed publicly, but it is recommended not to fax any sensitive or confidential material to this fax number.



Fax test from Tellarc

Chlamydia cases in Swedish men [1]. Few cases were detected in other countries but most of these cases have epidemiological links to Sweden [14].

1.1.2. Biology and Developmental cycle

C. trachomatis is an obligate intracellular bacterium that has a unique developmental life cycle. It enters the target host cells as a small (200 to 400 nm) elementary body (EB), a metabolically inactive but infectious form. Inside the host, it forms an inclusion body that inhibits phagolysosomal fusion and utilizes host adenosine triphosphate (ATP) for energy. Within 6-8 hours after entry, it undergoes primary differentiation that transforms it into a larger (600 to 1000 nm) actively dividing reticulate body (RB), a metabolically active and non infectious form. RBs continuously divide for the next 18 hours by binary fission and produce 300-500 progeny. At 48 -72 hours after infection, *C. trachomatis* RBs go through a secondary differentiation that transforms them back into EBs. Upon completion of its developmental cycle inside the host cell, EBs emerge and infect neighboring uninfected cells.

An aberrant growth mode of Chlamydia, commonly referred to as persistent growth has also been observed *in vitro*. Persistent growth is induced by factors such as amino acid deprivation[21], penicillin treatment[22] and exposure to suboptimal levels of interferon gamma[23]. This growth mode is characterized as an enlarged and pleomorphic RB that does not undergo binary fission and differentiation to EB. Persistent growth in the host cell was observed to be a viable but not cultivable state. This condition however can be reversed by the removal of the inducing factor[24]. A summary of *C. trachomatis* develop mental cycle as depicted in Figure 1

Recipe: *Double Spinach Pasta Casserole with Pesto & Asiago Cheese*

Recipes from The Kitchn

Double Spinach Pasta Casserole with Pesto & Asiago Cheese

Serves 8

12 ounces spinach pasta

5 ounces fresh baby spinach, roughly chopped, about 5 cups

2 large shallots, peeled and chopped

4 cloves garlic, minced

2 ounces Asiago cheese, grated

4 ounces raw chicken breast, finely chopped, optional

1/2 cup low-fat Greek yogurt

1/2 cup cream

1/2 cup basil pesto, homemade or jarred

1/4 to 1/2 teaspoon salt

Freshly ground black pepper

2 large eggs

Olive oil

Heat the oven to 350°F and lightly grease an 8x8 or 9x13 inch casserole baking dish with olive oil or baking spray. Bring a large pot of salted water to boil over high heat and add the spinach pasta. Cook according to package instructions, drain, and set aside.

While the pasta is cooking, in a large bowl toss together the chopped spinach, shallots, and garlic. Toss with the Asiago cheese and the chicken breast using.

In a separate bowl whisk together the yogurt, cream, pesto, salt, and add salt as desired depending on the saltiness of the pesto. Stir in a generous quantity black pepper. Whisk in the eggs.

Stir the cooked pasta together with the spinach and shallot mixture and toss to coat. Spread in the prepared baking dish. (At this point the casserole can be covered and refrigerated overnight.)

Fax Settings

Reference your Owner's Manual for help adjusting the settings below

ECM (error correction mode)	Off
Baud Rate	9600
International	On (this is set on a per-call basis)
Resolution	Standard
Answer Mode	Fax Only
Rings to Answer	Zero (0)
Call Waiting	Off
Bandwidth Saver	High (90 kbps)
Distinctive Ring	Off

Troubleshooting Steps

The steps below will help you resolve common faxing problems.

- Switch off fax machine and unplug power adapter from device and from wall outlet.
  - Let fax machine remain off for 60 seconds
- Try a different phone cord between the fax machine and the Vonage device.
- Eliminate any splitters between the fax machine and the Vonage device.
- Connect Fax machine directly to the Vonage device, bypassing any home wiring.
- If using an All-In-One device temporarily disconnect device from PC

Assurance Wireless

3 FOR YOUR SECURITY

You will only need an Account PIN to access your account and a Secret Answer in case you ever forget your PIN. Please write them down in a safe place.

CHOOSE YOUR ACCOUNT PIN:

- It must be 6 numbers long
- No more than 3 consecutive numbers in a row (1234 won't work)
- Do not repeat numbers next to each other (44 won't work)
- No symbols or letters (like PIN'RE won't work)

YOUR ACCOUNT PIN: ☐☐☐☐☐☐

AND

YOUR SECRET ANSWER:
other than your favorite city?

Your Secret Answer: _____

IMPORTANT INFORMATION ABOUT THE LIFELINE PROGRAM: Assurance Wireless is a Lifeline-supported service. Lifeline is a federal benefit, and only eligible subscribers may enroll. Customers who willfully make false statements in order to obtain the benefit can be punished by fine or imprisonment or can be subject to other legal penalties. One Lifeline-supported service (landline or wireless) is available per household. A household is one or more individuals who live together at the same address and share income and expenses. A household is not permitted to receive Lifeline benefits from multiple providers. Violation of this one-per-household rule constitutes a violation of federal rules and will result in de-enrollment from the Lifeline program and possible referral to the United States government. Lifeline is a non-transferable benefit. Service cannot be transferred to any individual, including another member of my household.

4 SIGNATURE

By signing below I certify under penalty of perjury that the information contained within this Application is true and correct to the best of my knowledge.

I participate in a qualifying federal program or meet the income qualifications to establish eligibility for Lifeline. If proof of eligibility is required, I have provided the required documentation as listed in Section 2.

If I have provided a temporary address, I must certify Assurance Wireless within 30 days of any change of address. Assurance Wireless will attempt to verify every 90 days that I continue to reside at that address. If I do not respond to these address verification attempts within 30 days, I will be de-enrolled.

I will inform Assurance Wireless within 30 days of the following, and may be subject to penalties if I fail to do so:

- I move to a new address
- I no longer participate in a Lifeline qualifying Program or my annual household income exceeds 135% of the Federal Poverty Guidelines.
- I become aware that my household is receiving more than one Lifeline benefit.
- For any other reason I no longer meet the criteria for Federal Lifeline support.

I authorize Assurance Wireless or its agents to access any records (including financial records) required to verify my statements herein and to confirm my eligibility for Assurance Wireless service. I authorize state or federal agency representatives or officials with whom I provide information to, Assurance Wireless verifying my participation in public assistance Programs that qualify me for Assurance Wireless service.

I authorize Assurance Wireless to provide access to or release any records required for the administration of Assurance Wireless service.

I understand that the completion of this application does not constitute immediate approval for Assurance Wireless service.

I acknowledge that providing false or fraudulent information to receive Lifeline benefits is punishable by law.

You MUST place a check mark ☑ next to all 3 statements, then sign and date below.

☐ 1. I certify that my household is not receiving more than one Lifeline Assistance benefit (wireless or wireline). To the best of my knowledge, my household (i) is not already receiving such a benefit, or (ii) if currently receive a Lifeline discount from a different phone service provider I consent to the transfer of my Lifeline benefit to Assurance Wireless and understand that once the transfer is complete, I will lose my Lifeline program benefit with my current phone service provider. AND

☐ 2. I understand that I may only be required to re-certify continued eligibility for Lifeline at any time. Failure to do so will result in the termination of my Lifeline benefits AND

☐ 3. I consent to have my personal identification information shared with the Universal Service Administrative Company (USAC) (the Lifeline Program administrator) and/or its agents for the purpose of confirming that I or my household receives more than one Life line benefit

YOUR APPLICATION CANNOT BE APPROVED WITHOUT 3 CHECK MARKS AND YOUR SIGNATURE.

STOP

- ☑ Have you provided your Date of Birth and your last 4 digits of SSN?
- ☑ Have you attached a set of eligibility? (if required)
- ☑ Have you checked all 3 statements above and signed the Application?

Your Application cannot be approved without these items.

Instrucciones básicas para nuevos piñatex ecológicos Shanky Banks (DNSD-04)

¡BIENVENIDO A LA TINTA DE LOS SHANKY DINIS!

El único tinte de su tipo (probablemente)

Hecho con ingredientes naturales y ecológicos (también)

AHORRO
Nº DNSD-04
Rubén Valles
www.shankydinis.com

1. SELECCIÓN DE UNA IMAGEN

CUALQUIER IMAGEN	Las fotografías que no tengas a mano o bien en ORDENADOR o en nuestra página
NOTA: Si no tienes imágenes en tu ordenador, puedes elegir las que hay en nuestra página web, en el menú "Imágenes para colorear".	
Tienes que colocar tus imágenes en un tamaño de 5 x 5" (12,5 x 12,5cm) (o múltiplos proporcionales de 5 x 5" (12,5 x 12,5cm) (¡cuidado con las proporciones!). Dispones de muy fácil en esta página web, en el apartado de "Cómo preparar tu fotografía" de nuestra página.	

2. CÓMO CREAR SUS DISEÑOS

Sus hojas pueden imprimirse en ambos lados. Cree un diseño diferente en cada una de las caras de una hoja de tamaño completo de 8 ½ x 11 (21,6 x 27,9 cm) pulgadas o inferior a 4 x 5 pulgadas) en cualquiera de nuestras páginas de software gráfico. También puede dibujar o escribir

PERFORADORA DE PAPEL

Puede ser una perforadora de papel de cualquier calidad, siempre que tenga un diámetro de 1/4" (6 mm) para confeccionar los bordes y bolsillos.

Cree formas de invitación, tarjetas navideñas y tarjetas para todas las ocasiones.

¡PERFORE ANTES DE HORNEAR!

3. CONFIGURAR AJUSTES EN LA IMPRESORA

HP:
Elección de papel: Inyección de tinta y Ball Paper con Fotos
Modo de impresión: Mejor calidad

EPSON:
Elección de papel: Papel Mate Fotográfico
Modo de impresión: Optimización de foto estándar

CANON
Selección de papel: Papel Mate para Fotos
Modo de impresión: Alta

Lexmark,
Elección de papel: Inyección
Modo de impresión: Mejor calidad

Ya se encuentra dentro de la configuración de impresión del driver de la Deskjet 2000 / 1600C

4. AJUSTE LOS NIVELES DE TINTA Y COLOR

EDITE

¡IMPORTANTE! Antes de imprimir: La cantidad de tinta que se utiliza en las hojas puede variar según la cantidad de tinta que se utilice en el proceso de impresión. Ajuste los niveles de tinta para que la foto tenga el aspecto deseado. Para ello, utilice los controles deslizantes. Mejore los detalles oscuros y claros. Los ajustes de color le permiten ajustar el color general (por ejemplo, de piel humana).

5. HORNEE

Hornee cuando se sienta preparado para activar los Shanky Dinis. Sin embargo, el horno convencional "calienta" puede que quiera un poco más.

Paso 1: PRECALIENTE el horno entre 250°F y 300°F (120°C y 150°C).

Paso 2: Retuerza un cuadrado de papel de cocina (o papel de horno) para crear una "cuerda". Luego, doble la cuerda en forma de "U" y coloque la cuerda en el fondo de la sartén, debajo de la rejilla para hornear (si tiene).

Paso 3: Coloque las galletas de Shanky Dinis en la sartén. Cada galleta debe estar separada por al menos una pulgada. Si es necesario, coloque el papel en capas para hornear por debajo. Meta la sartén en el HORNO CALENTADO.

Paso 4: Ajuste el temporizador para [illegible] SHANKY DINIS. Hornee durante 4 a 5 minutos. (Tenga en cuenta que puede que tenga que hornear durante más de 30 minutos para que se endurezca.)

Paso 5: Retire el papel de la sartén para galletas y coloque [illegible] en una rejilla para enfriar. Una vez que las galletas se hayan enfriado, [illegible] (Opcional: [illegible])

KPIs - Key Performance Indicators

Leveraged Loans - Loans extended to companies or individuals that already have considerable amounts of debt. Lenders consider leveraged loans to carry a higher risk of default and as a result, a leveraged loan is more costly to the borrower.

LIBOR is the London Inter-Bank Offer Rate. It is the interest rate that the banks charge each other for loans (usually in Eurodollars). It is rate is applicable to the short-term international interbank market and applies to very large loans borrowed for anywhere from one day to five years.

Lipper Mid-Cap Core Fund – An unmanaged index of wide ad representative of mid cap open-funds tracked by Lipper

Loan to Value – A lending risk assessment that financial institutions and others lenders examine before approving a mortgage

LNG – Liquid Natural Gas

LTV is the loan to value ratio and is a financial term used by commercial lende s to express the ratio of a loan undervalue to the value of an asset purchased

M&A - Mergers and Acquisitions

Margin of safety – Buying with a "margin of safety," a phrase popularized by Benjamin Graham and Warren Buffett, in which a security is purchased for less than its estimated value. It helps protect against permanent capital loss in the case of an unexpected event or a bear market. A purchase made with a margin of safety does not guarantee the security will not decline in price

Mark-to-Mark Value is the current market value.

MBS is Mortgage Backed Security. It is a security backed by a pool of m ortgages, such as those issued by Ginnie Mae and Freddie Mac.

MCF - An abbreviation denoting a thousand cubic feet of natural gas.

Mid-Cap Growth - So the f ll-cap growth portfolios invest in stocks of all size s, thus leading to a mid-cap profile but others focus on middle companies. Mid-cap growth portfolios target U.S. firms that are projected to grow faster than other mid-cap stocks, therefore commanding relatively higher prices. The U.S. mid-cap range for market capitalization typically falls between $1 billion and $8 billion and represents 20% of the total capitalization of the U.S. equity market. Growth is defined based on fast growth that

Fax Settings

Reference your Owner's Manual for help adjusting the settings below

ECM (error correction mode)	Off
Baud Rate	9600
International	On (this is set on a per-call basis)
Resolution	Standard
Answer Mode	Fax Only
Rings to Answer	Zero (0)
Call Waiting	Off
Bandwidth Saver	High (90 kbps)
Distinctive Ring	Off

Troubleshooting Steps

The steps below will help you resolve common faxing problems.

- Switch off fax machine and unplug power adapter from device and from wall outlet
- Let fax machine remain off for 60 seconds.
- Try a different phone cord between the fax machine and the Vonage device
- Eliminate any splitters between the fax machine and the Vonage device

Further Assistance

If you need further assistance using your XXXXXXX Fax Service, we are always available to help.

Adobe Acrobat PDF Files

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts, formatting, colours and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing.

- ***Anyone, anywhere*** can open a **PDF file**. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes can't open files because they don't have the applications used to create the documents.
- PDF files ***always print correctly*** on any printing device.
- PDF files **always** display ***exactly*** as created, regardless of fonts, software, and operating systems. Fonts and graphics are not lost due to platform, software, and version incompatibilities.
- The free Acrobat Reader is easy to download and can be freely distributed by anyone.
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web.

Ball's R'S Bad Pallet

I'm Sorry + I was Bakoons And R.Gbon Wad me

what is this? what was it for and who was it for?

This is a sample PDF document

Let's Fax it with the Interfax web service!

1-6-1 Upgrading the firmware

Follow the procedure below to upgrade the firmware of main PWB, engine PWB and MNL.

Firmware upgrading requires the following tools.
Compact Flash (Products manufactured by SANDISK are recommended) or USB memory

NOTE
When writing data to a new Compact Flash from a computer, be sure to format it in advance.

Procedure

1. Press the power key on the operation panel to off. Make sure that the power indicator and the memory indicator are off before turning off the main power switch. And then unplug the power cable from the wall outlet.
2. Insert Compact Flash or USB memory in a right side of the machine.
   Insert the surface of Compact Flash toward the machine rear.
3. Inserv the power plug and turn the main power switch on. Upgrading firmware starts.
   Caution
   Never turn the main power switch off during upgrading

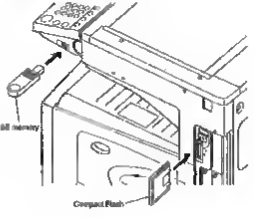

Figure 1-6-1

4. [100% Completed] is displayed on the touch panel when upgrading is complete.
5. Press the power key on the operation panel to off. Make sure that the power indicator and the memory indicator are off before turning off the main power switch. And then unplug the power cable from the wall outlet.
6. Remove Compact Flash or USB memory from the machine.
7. Insert the power plug and turn the main power switch on

1-6-2 Adjustment-free variable resistors (VR)

The variable resistors listed below are set at the factory prior to shipping and cannot be adjusted in the field.
High voltage PWB: VR101, VR301, VR302, VR303

Introduction

This document will assist you in testing your HP Fax machine using the HP Fax Test Service.

Print this document for easy reference by clicking the **Printable Version** link in the upper right corner of the page.

Test your fax machine

To test the capability of your fax machine, follow the directions below.

NOTE Be sure that your phone number is not Caller ID blocked by your telephone company prior to attempting to send and receive a fax. Pressing *82 before dialing the toll free number will unblock the Caller ID blocking feature in most areas. Other phone company services can prevent you from receiving a fax, including voice mail call blocking or call privacy features.

NOTE Whenever troubleshooting a fax issue, it is good practice to set the *Automatic Reports* option to **Every Error** before attempting a test fax. This way, even if the sent fax fails, an error code will be generated that will guide you in further troubleshooting. This option is available in different places on different products; consult the product *User's Guide* for specific steps.

1. Send a one page black and white test fax to **1-888-hpfaxme** (1-888-473-2963).
2. When your fax is received by the HP Test Fax Service, we will generate a return fax to you within five minutes confirming that we received your fax. This verifies that you can both send and receive a fax with your fax machine.

If you do not receive a return fax within 5-7 minutes, there may be a problem with the setup of your fax machine. Consult the user manual that came with the product for proper setup and configuration.

NOTE The most common cause of failure is that the fax number set in the Fax Header on the machine does not match the number of the phone line connected to the fax. Also, ensure that the fax header contains the full 10-digit telephone number of the fax machine, including the area code.

For more information or assistance, click **Contact HP** at the top of this page.

MARKETING ♠ BUSINESS PLAN
BUSINESS STRUCTURE

OBJECTIVE

- The purpose of this assignment is to research various forms of business structure, understand the pros and cons of each, and determine which is best for your particular business

DIRECTIONS

- Of all the decisions made when starting a business, one of the most important is the type of legal structure selected for the company
- This decision will have an impact on taxes, the amount of required paperwork, and personal liability of the owner(s).
- As discussed in class the most common forms of business ownership are sole proprietorship, partnership, and corporation. A more recent development in these business structures is the limited liability corporation (LLC)
- Research each of these more extensively online and focus on the tax and personal liability implications.
- Report your findings below, cite legitimate sources, and wisely choose the business structure that most closely matches your company's needs.

A Define sole proprietorship. What are the pros of this business structure? What are the cons of this business structure?

B. Define partnership. What are the pros of this business structure? What are the cons of this business structure?

C. Define corporation. What are the pros of this business structure? What are the cons of this business structure?

D Define limited liability corporation (LLC). What are the pros of this business structure? What are the cons of this business structure?

E. After weighing all the options, what structure is the best fit for your business? Fully explain why

F Cite your sources by listing the URLs of referenced web pages:

Hail Mary:

Today begins the 90th Anniversary of the apparition of the Virgin of Fatima :

When you receive this email say a Hail Mary and ask for a special favor.

"Hail Mary, full of grace. The Lord is with thee. Blessed art thou among women and blessed is the fruit of thy womb, Jesus. Holy Mary, Mother of God, pray for us sinners, now and at the hour of our death, Amen.? (your request)

Please do not break the Novena , send it to 12 people you think deserve justice, peace, love, health, prosperity and truth. When you are down to nothing, God is up to something. This has been traveling since 5/13/07!

EGFR Mutation Analysis by PCR

Intended Use: This EGFR mutation analysis real-time PCR assay is used to detect mutations in the *EGFR* gene in tumor and/or blood. Detection of EGFR mutations in plasma samples is not a substitute for tissue testing. Some mutations, such as exon 20 T790M, have been associated with resistance to EGFR tyrosine kinase inhibitors, while others, such as exon 21 L858R mutation and exon 19 deletions, may predict sensitivity to EGFR tyrosine kinase inhibitors. Please refer to the NCCN Guidelines® for Non-Small Cell Lung Cancer for more information on how to interpret these results and recommendations for treatment.

Methodology: This study utilized [illegible] DNA extracted from [illegible] specimens. [illegible] Results should be interpreted by a qualified physician in conjunction with other clinical findings. Treatment decisions should not be based solely upon these results. A "Not Detected" result may not exclude the presence of an *EGFR* mutation below the detection limit of this assay.

Results: [illegible] mutations were detected in the submitted specimen. [illegible] Clinical correlation is recommended.

Gene	Mutation	Result
EGFR	Exon 18 G719X	[illegible]

SETTLEMENT CLAIM FORM

Mean, v. Verizon Class Action Settlement Claim Form
Mean, et al v. Verizon, et al Case No. 8:19-cv-1223-SBA

This Claim Form must be postmarked or received no later than November 15, 2022.

To receive cash payment, described below, you must file a Claim Form or Full Payment Claim, but not both, by checking the appropriate box below:

☐ I am filing a Claim ($40). I hereby state in addition to the fact that I am entitled to $40 for all Third Party Charges that were billed to my Cellular Telephone Account during the Class Period, in support of my claim, I state that I (i) paid the Third Party Charges, (ii) did not reimburse the Third Party Charges, (iii) did not recover in full or in part any of those Third Party Charges, (iv) did not intentionally cause the Third Party Charges to be billed to my Cellular Telephone Account, and (v) did not release claims related to the Third Party Charges in any prior litigation.

☐ Full Payment Claim ($100): In lieu of an authorized check, I hereby submit a claim for benefits in the full amount of any Third Party Charges that I incurred during the Class Period, for a total of $[ ]. In support of my claim, I state that I (i) paid Third Party Charges in the claimed amount, (ii) did not knowingly authorize Third Party Charges, (iii) did not voluntarily cause the Third Party Charges to be billed to my Cellular Telephone Account, and (iv) did not release claims related to the Third Party Charges in any prior litigation.

I accept receipt of my Full Payment Claim, have reached the conclusion of third-party charges within one month of receipt, and do not have any more.

Please Type or Print in the Boxes Below. Do NOT use Red Ink. Pencil, or Staples

First Name: [ ] MI: [ ] Last Name: [ ]

Business Name (if applicable): [ ]

§63.10, a list of the sources of the notifications and reports. The application for approval of a construction or reconstruction must include all the information required by §63.5(d) and (e). The application for approval of a major alteration must include all the information required by §63.5(d) and (e) to the extent that the information is relevant to the alteration. Notifications must be submitted in accordance with the applicable general provisions notification requirements in subpart A of this part, according to the schedule in §63.9(b) through (h) that applies unless a different schedule is established for the source in a specific subpart of this part, in a permit issued under subpart B of this part or part 70 or part 71 of this chapter, or in a state program approved by the Administrator under 40 CFR part 63, subpart E. Additionally, for each performance test required to demonstrate compliance with a standard, the owner or operator must submit a notification of intent to conduct a performance test at least 60 calendar days before the performance test is scheduled to begin, as required in §63.7(b)(1).

(2) Records. The records required by this subpart must be maintained in accordance with the applicable general provisions requirements in subpart A of this part, according to the requirements in §63.10(b)(1).

(3) Reports. The reports required by this subpart must be submitted in accordance with the applicable general provisions requirements in subpart A of this part, according to the requirements in §63.10(d) and (e).

(4) Startup, shutdown, and malfunction plan. The startup, shutdown, and malfunction plan required by §63.6(e)(3) must be maintained in accordance with the applicable general provisions requirements in subpart A of this part, according to the requirements in §63.10(b)(3).

(5) Compliance with operating limits. Records must be maintained to demonstrate compliance with each operating limit that applies, including the records specified in §63.998(b)(6).

(6) Monitoring. Records must be maintained to demonstrate compliance with all monitoring requirements that apply, including the records specified in §63.998(b)(5).

(7) Batch process vents. Records must be maintained to demonstrate compliance with the batch process vent requirements in §63.1256(h)(2).

(8) Storage vessels. Records must be maintained to demonstrate compliance with the storage vessel requirements in §63.1253(g).

(9) Transfer racks. Records must be maintained to demonstrate compliance with the transfer rack requirements in §63.1256(h)(3).

(10) Wastewater. Records must be maintained to demonstrate compliance with the wastewater requirements in §63.1256(h)(4).

(11) Equipment leaks. Records must be maintained to demonstrate compliance with the equipment leak requirements in §63.1255(h).

(12) Heat exchange systems. Records must be maintained to demonstrate compliance with the heat exchange system requirements in §63.1254(d).

(13) Emissions averaging. Records must be maintained to demonstrate compliance with the emissions averaging requirements in §63.1255(i).

(14) Alternative standard. Records must be maintained to demonstrate compliance with the alternative standard requirements in §63.1255(j).

(15) Control devices. Records must be maintained to demonstrate compliance with the control device requirements in §63.1256(h)(1).

(16) Recordkeeping system. Records must be maintained to demonstrate compliance with the recordkeeping system requirements in §63.1256(h)(5).

(17) Exceptions. Records must be maintained to demonstrate compliance with the exceptions requirements in §63.1256(h)(6).

(18) Alternative means of emission limitation. Records must be maintained to demonstrate compliance with the alternative means of emission limitation requirements in §63.1256(h)(7).

(19) Delay of repair. Records must be maintained to demonstrate compliance with the delay of repair requirements in §63.1256(h)(8).

(20) Pressure relief devices. Records must be maintained to demonstrate compliance with the pressure relief device requirements in §63.1256(h)(9).

(21) Closed-vent systems. Records must be maintained to demonstrate compliance with the closed-vent system requirements in §63.1256(h)(10).

(22) Connectors in gas and vapor service and in light liquid service. Records must be maintained to demonstrate compliance with the connector requirements in §63.1256(h)(11).

(23) Surge control vessels and bottoms receivers. Records must be maintained to demonstrate compliance with the surge control vessel and bottoms receiver requirements in §63.1256(h)(12).

(24) Agitators in gas and vapor service and in light liquid service. Records must be maintained to demonstrate compliance with the agitator requirements in §63.1256(h)(13).

(25) Pumps in light liquid service. Records must be maintained to demonstrate compliance with the pump requirements in §63.1256(h)(14).

(26) Pressure relief devices in gas and vapor service. Records must be maintained to demonstrate compliance with the pressure relief device requirements in §63.1256(h)(15).

(27) Sampling connection systems. Records must be maintained to demonstrate compliance with the sampling connection system requirements in §63.1256(h)(16).

(28) Open-ended valves or lines. Records must be maintained to demonstrate compliance with the open-ended valve or line requirements in §63.1256(h)(17).

(29) Valves in gas and vapor service and in light liquid service. Records must be maintained to demonstrate compliance with the valve requirements in §63.1256(h)(18).

(30) Pumps, valves, and connectors in heavy liquid service. Records must be maintained to demonstrate compliance with the pump, valve, and connector requirements in §63.1256(h)(19).

(31) Instrumentation systems. Records must be maintained to demonstrate compliance with the instrumentation system requirements in §63.1256(h)(20).

(32) Recordkeeping system. Records must be maintained to demonstrate compliance with the recordkeeping system requirements in §63.1256(h)(21).

(33) Control devices. Records must be maintained to demonstrate compliance with the control device requirements in §63.1256(h)(22).

(34) Reports. Reports must be maintained to demonstrate compliance with the reporting requirements in §63.1256(h)(23).

(35) Notifications. Notifications must be maintained to demonstrate compliance with the notification requirements in §63.1256(h)(24).

(36) Compliance with standards and maintenance requirements. Records must be maintained to demonstrate compliance with the standards and maintenance requirements in §63.1256(h)(25).

(37) Exceptions to reporting and recordkeeping requirements. Records must be maintained to demonstrate compliance with the exceptions to reporting and recordkeeping requirements in §63.1256(h)(26).

(38) Alternative means of emission limitation. Records must be maintained to demonstrate compliance with the alternative means of emission limitation requirements in §63.1256(h)(27).

(39) Delay of repair. Records must be maintained to demonstrate compliance with the delay of repair requirements in §63.1256(h)(28).

(40) Pressure relief devices. Records must be maintained to demonstrate compliance with the pressure relief device requirements in §63.1256(h)(29).

(41) Closed-vent systems. Records must be maintained to demonstrate compliance with the closed-vent system requirements in §63.1256(h)(30).

(42) Connectors in gas and vapor service and in light liquid service. Records must be maintained to demonstrate compliance with the connector requirements in §63.1256(h)(31).

(43) Surge control vessels and bottoms receivers. Records must be maintained to demonstrate compliance with the surge control vessel and bottoms receiver requirements in §63.1256(h)(32).

(44) Agitators in gas and vapor service and in light liquid service. Records must be maintained to demonstrate compliance with the agitator requirements in §63.1256(h)(33).

(45) Pumps in light liquid service. Records must be maintained to demonstrate compliance with the pump requirements in §63.1256(h)(34).

(46) Pressure relief devices in gas and vapor service. Records must be maintained to demonstrate compliance with the pressure relief device requirements in §63.1256(h)(35).

(47) Sampling connection systems. Records must be maintained to demonstrate compliance with the sampling connection system requirements in §63.1256(h)(36).

(48) Open-ended valves or lines. Records must be maintained to demonstrate compliance with the open-ended valve or line requirements in §63.1256(h)(37).

(49) Valves in gas and vapor service and in light liquid service. Records must be maintained to demonstrate compliance with the valve requirements in §63.1256(h)(38).

(50) Pumps, valves, and connectors in heavy liquid service. Records must be maintained to demonstrate compliance with the pump, valve, and connector requirements in §63.1256(h)(39).

(51) Instrumentation systems. Records must be maintained to demonstrate compliance with the instrumentation system requirements in §63.1256(h)(40).

(52) Recordkeeping system. Records must be maintained to demonstrate compliance with the recordkeeping system requirements in §63.1256(h)(41).

(53) Control devices. Records must be maintained to demonstrate compliance with the control device requirements in §63.1256(h)(42).

(54) Reports. Reports must be maintained to demonstrate compliance with the reporting requirements in §63.1256(h)(43).

(55) Notifications. Notifications must be maintained to demonstrate compliance with the notification requirements in §63.1256(h)(44).

(56) Compliance with standards and maintenance requirements. Records must be maintained to demonstrate compliance with the standards and maintenance requirements in §63.1256(h)(45).

(57) Exceptions to reporting and recordkeeping requirements. Records must be maintained to demonstrate compliance with the exceptions to reporting and recordkeeping requirements in §63.1256(h)(46).

(58) Alternative means of emission limitation. Records must be maintained to demonstrate compliance with the alternative means of emission limitation requirements in §63.1256(h)(47).

(59) Delay of repair. Records must be maintained to demonstrate compliance with the delay of repair requirements in §63.1256(h)(48).

(60) Pressure relief devices. Records must be maintained to demonstrate compliance with the pressure relief device requirements in §63.1256(h)(49).

(61) Closed-vent systems. Records must be maintained to demonstrate compliance with the closed-vent system requirements in §63.1256(h)(50).

(62) Connectors in gas and vapor service and in light liquid service. Records must be maintained to demonstrate compliance with the connector requirements in §63.1256(h)(51).

(63) Surge control vessels and bottoms receivers. Records must be maintained to demonstrate compliance with the surge control vessel and bottoms receiver requirements in §63.1256(h)(52).

(64) Agitators in gas and vapor service and in light liquid service. Records must be maintained to demonstrate compliance with the agitator requirements in §63.1256(h)(53).

(65) Pumps in light liquid service. Records must be maintained to demonstrate compliance with the pump requirements in §63.1256(h)(54).

(66) Pressure relief devices in gas and vapor service. Records must be maintained to demonstrate compliance with the pressure relief device requirements in §63.1256(h)(55).

(67) Sampling connection systems. Records must be maintained to demonstrate compliance with the sampling connection system requirements in §63.1256(h)(56).

(68) Open-ended valves or lines. Records must be maintained to demonstrate compliance with the open-ended valve or line requirements in §63.1256(h)(57).

(69) Valves in gas and vapor service and in light liquid service. Records must be maintained to demonstrate compliance with the valve requirements in §63.1256(h)(58).

(70) Pumps, valves, and connectors in heavy liquid service. Records must be maintained to demonstrate compliance with the pump, valve, and connector requirements in §63.1256(h)(59).

(71) Instrumentation systems. Records must be maintained to demonstrate compliance with the instrumentation system requirements in §63.1256(h)(60).

(72) Recordkeeping system. Records must be maintained to demonstrate compliance with the recordkeeping system requirements in §63.1256(h)(61).

(73) Control devices. Records must be maintained to demonstrate compliance with the control device requirements in §63.1256(h)(62).

(74) Reports. Reports must be maintained to demonstrate compliance with the reporting requirements in §63.1256(h)(63).

(75) Notifications. Notifications must be maintained to demonstrate compliance with the notification requirements in §63.1256(h)(64).

(76) Compliance with standards and maintenance requirements. Records must be maintained to demonstrate compliance with the standards and maintenance requirements in §63.1256(h)(65).

(77) Exceptions to reporting and recordkeeping requirements. Records must be maintained to demonstrate compliance with the exceptions to reporting and recordkeeping requirements in §63.1256(h)(66).

(78) Alternative means of emission limitation. Records must be maintained to demonstrate compliance with the alternative means of emission limitation requirements in §63.1256(h)(67).

(79) Delay of repair. Records must be maintained to demonstrate compliance with the delay of repair requirements in §63.1256(h)(68).

(80) Pressure relief devices. Records must be maintained to demonstrate compliance with the pressure relief device requirements in §63.1256(h)(69).

(81) Closed-vent systems. Records must be maintained to demonstrate compliance with the closed-vent system requirements in §63.1256(h)(70).

(82) Connectors in gas and vapor service and in light liquid service. Records must be maintained to demonstrate compliance with the connector requirements in §63.1256(h)(71).

(83) Surge control vessels and bottoms receivers. Records must be maintained to demonstrate compliance with the surge control vessel and bottoms receiver requirements in §63.1256(h)(72).

(84) Agitators in gas and vapor service and in light liquid service. Records must be maintained to demonstrate compliance with the agitator requirements in §63.1256(h)(73).

(85) Pumps in light liquid service. Records must be maintained to demonstrate compliance with the pump requirements in §63.1256(h)(74).

(86) Pressure relief devices in gas and vapor service. Records must be maintained to demonstrate compliance with the pressure relief device requirements in §63.1256(h)(75).

(87) Sampling connection systems. Records must be maintained to demonstrate compliance with the sampling connection system requirements in §63.1256(h)(76).

(88) Open-ended valves or lines. Records must be maintained to demonstrate compliance with the open-ended valve or line requirements in §63.1256(h)(77).

(89) Valves in gas and vapor service and in light liquid service. Records must be maintained to demonstrate compliance with the valve requirements in §63.1256(h)(78).

(90) Pumps, valves, and connectors in heavy liquid service. Records must be maintained to demonstrate compliance with the pump, valve, and connector requirements in §63.1256(h)(79).

(91) Instrumentation systems. Records must be maintained to demonstrate compliance with the instrumentation system requirements in §63.1256(h)(80).

(92) Recordkeeping system. Records must be maintained to demonstrate compliance with the recordkeeping system requirements in §63.1256(h)(81).

(93) Control devices. Records must be maintained to demonstrate compliance with the control device requirements in §63.1256(h)(82).

(94) Reports. Reports must be maintained to demonstrate compliance with the reporting requirements in §63.1256(h)(83).

(95) Notifications. Notifications must be maintained to demonstrate compliance with the notification requirements in §63.1256(h)(84).

(96) Compliance with standards and maintenance requirements. Records must be maintained to demonstrate compliance with the standards and maintenance requirements in §63.1256(h)(85).

(97) Exceptions to reporting and recordkeeping requirements. Records must be maintained to demonstrate compliance with the exceptions to reporting and recordkeeping requirements in §63.1256(h)(86).

(98) Alternative means of emission limitation. Records must be maintained to demonstrate compliance with the alternative means of emission limitation requirements in §63.1256(h)(87).

(99) Delay of repair. Records must be maintained to demonstrate compliance with the delay of repair requirements in §63.1256(h)(88).

(100) Pressure relief devices. Records must be maintained to demonstrate compliance with the pressure relief device requirements in §63.1256(h)(89).

(101) Closed-vent systems. Records must be maintained to demonstrate compliance with the closed-vent system requirements in §63.1256(h)(90).

(102) Connectors in gas and vapor service and in light liquid service. Records must be maintained to demonstrate compliance with the connector requirements in §63.1256(h)(91).

(103) Surge control vessels and bottoms receivers. Records must be maintained to demonstrate compliance with the surge control vessel and bottoms receiver requirements in §63.1256(h)(92).

(104) Agitators in gas and vapor service and in light liquid service. Records must be maintained to demonstrate compliance with the agitator requirements in §63.1256(h)(93).

(105) Pumps in light liquid service. Records must be maintained to demonstrate compliance with the pump requirements in §63.1256(h)(94).

(106) Pressure relief devices in gas and vapor service. Records must be maintained to demonstrate compliance with the pressure relief device requirements in §63.1256(h)(95).

(107) Sampling connection systems. Records must be maintained to demonstrate compliance with the sampling connection system requirements in §63.1256(h)(96).

(108) Open-ended valves or lines. Records must be maintained to demonstrate compliance with the open-ended valve or line requirements in §63.1256(h)(97).

(109) Valves in gas and vapor service and in light liquid service. Records must be maintained to demonstrate compliance with the valve requirements in §63.1256(h)(98).

(110) Pumps, valves, and connectors in heavy liquid service. Records must be maintained to demonstrate compliance with the pump, valve, and connector requirements in §63.1256(h)(99).

(111) Instrumentation systems. Records must be maintained to demonstrate compliance with the instrumentation system requirements in §63.1256(h)(100).

(112) Recordkeeping system. Records must be maintained to demonstrate compliance with the recordkeeping system requirements in §63.1256(h)(101).

(113) Control devices. Records must be maintained to demonstrate compliance with the control device requirements in §63.1256(h)(102).

(114) Reports. Reports must be maintained to demonstrate compliance with the reporting requirements in §63.1256(h)(103).

(115) Notifications. Notifications must be maintained to demonstrate compliance with the notification requirements in §63.1256(h)(104).

(116) Compliance with standards and maintenance requirements. Records must be maintained to demonstrate compliance with the standards and maintenance requirements in §63.1256(h)(105).

(117) Exceptions to reporting and recordkeeping requirements. Records must be maintained to demonstrate compliance with the exceptions to reporting and recordkeeping requirements in §63.1256(h)(106).

(118) Alternative means of emission limitation. Records must be maintained to demonstrate compliance with the alternative means of emission limitation requirements in §63.1256(h)(107).

(119) Delay of repair. Records must be maintained to demonstrate compliance with the delay of repair requirements in §63.1256(h)(108).

(120) Pressure relief devices. Records must be maintained to demonstrate compliance with the pressure relief device requirements in §63.1256(h)(109).

(121) Closed-vent systems. Records must be maintained to demonstrate compliance with the closed-vent system requirements in §63.1256(h)(110).

(122) Connectors in gas and vapor service and in light liquid service. Records must be maintained to demonstrate compliance with the connector requirements in §63.1256(h)(111).

(123) Surge control vessels and bottoms receivers. Records must be maintained to demonstrate compliance with the surge control vessel and bottoms receiver requirements in §63.1256(h)(112).

(124) Agitators in gas and vapor service and in light liquid service. Records must be maintained to demonstrate compliance with the agitator requirements in §63.1256(h)(113).

(125) Pumps in light liquid service. Records must be maintained to demonstrate compliance with the pump requirements in §63.1256(h)(114).

(126) Pressure relief devices in gas and vapor service. Records must be maintained to demonstrate compliance with the pressure relief device requirements in §63.1256(h)(115).

(127) Sampling connection systems. Records must be maintained to demonstrate compliance with the sampling connection system requirements in §63.1256(h)(116).

(128) Open-ended valves or lines. Records must be maintained to demonstrate compliance with the open-ended valve or line requirements in §63.1256(h)(117).

(129) Valves in gas and vapor service and in light liquid service. Records must be maintained to demonstrate compliance with the valve requirements in §63.1256(h)(118).

(130) Pumps, valves, and connectors in heavy liquid service. Records must be maintained to demonstrate compliance with the pump, valve, and connector requirements in §63.1256(h)(119).

(131) Instrumentation systems. Records must be maintained to demonstrate compliance with the instrumentation system requirements in §63.1256(h)(120).

(132) Recordkeeping system. Records must be maintained to demonstrate compliance with the recordkeeping system requirements in §63.1256(h)(121).

(133) Control devices. Records must be maintained to demonstrate compliance with the control device requirements in §63.1256(h)(122).

(134) Reports. Reports must be maintained to demonstrate compliance with the reporting requirements in §63.1256(h)(123).

(135) Notifications. Notifications must be maintained to demonstrate compliance with the notification requirements in §63.1256(h)(124).

(136) Compliance with standards and maintenance requirements. Records must be maintained to demonstrate compliance with the standards and maintenance requirements in §63.1256(h)(125).

(137) Exceptions to reporting and recordkeeping requirements. Records must be maintained to demonstrate compliance with the exceptions to reporting and recordkeeping requirements in §63.1256(h)(126).

(138) Alternative means of emission limitation. Records must be maintained to demonstrate compliance with the alternative means of emission limitation requirements in §63.1256(h)(127).

(139) Delay of repair. Records must be maintained to demonstrate compliance with the delay of repair requirements in §63.1256(h)(128).

(140) Pressure relief devices. Records must be maintained to demonstrate compliance with the pressure relief device requirements in §63.1256(h)(129).

(141) Closed-vent systems. Records must be maintained to demonstrate compliance with the closed-vent system requirements in §63.1256(h)(130).

(142) Connectors in gas and vapor service and in light liquid service. Records must be maintained to demonstrate compliance with the connector requirements in §63.1256(h)(131).

(143) Surge control vessels and bottoms receivers. Records must be maintained to demonstrate compliance with the surge control vessel and bottoms receiver requirements in §63.1256(h)(132).

(144) Agitators in gas and vapor service and in light liquid service. Records must be maintained to demonstrate compliance with the agitator requirements in §63.1256(h)(133).

(145) Pumps in light liquid service. Records must be maintained to demonstrate compliance with the pump requirements in §63.1256(h)(134).

(146) Pressure relief devices in gas and vapor service. Records must be maintained to demonstrate compliance with the pressure relief device requirements in §63.1256(h)(135).

(147) Sampling connection systems. Records must be maintained to demonstrate compliance with the sampling connection system requirements in §63.1256(h)(136).

(148) Open-ended valves or lines. Records must be maintained to demonstrate compliance with the open-ended valve or line requirements in §63.1256(h)(137).

(149) Valves in gas and vapor service and in light liquid service. Records must be maintained to demonstrate compliance with the valve requirements in §63.1256(h)(138).

(150) Pumps, valves, and connectors in heavy liquid service. Records must be maintained to demonstrate compliance with the pump, valve, and connector requirements in §63.1256(h)(139).

(151) Instrumentation systems. Records must be maintained to demonstrate compliance with the instrumentation system requirements in §63.1256(h)(140).

(152) Recordkeeping system. Records must be maintained to demonstrate compliance with the recordkeeping system requirements in §63.1256(h)(141).

(153) Control devices. Records must be maintained to demonstrate compliance with the control device requirements in §63.1256(h)(142).

(154) Reports. Reports must be maintained to demonstrate compliance with the reporting requirements in §63.1256(h)(143).

(155) Notifications. Notifications must be maintained to demonstrate compliance with the notification requirements in §63.1256(h)(144).

(156) Compliance with standards and maintenance requirements. Records must be maintained to demonstrate compliance with the standards and maintenance requirements in §63.1256(h)(145).

(157) Exceptions to reporting and recordkeeping requirements. Records must be maintained to demonstrate compliance with the exceptions to reporting and recordkeeping requirements in §63.1256(h)(146).

(158) Alternative means of emission limitation. Records must be maintained to demonstrate compliance with the alternative means of emission limitation requirements in §63.1256(h)(147).

(159) Delay of repair. Records must be maintained to demonstrate compliance with the delay of repair requirements in §63.1256(h)(148).

(160) Pressure relief devices. Records must be maintained to demonstrate compliance with the pressure relief device requirements in §63.1256(h)(149).

(161) Closed-vent systems. Records must be maintained to demonstrate compliance with the closed-vent system requirements in §63.1256(h)(150).

(162) Connectors in gas and vapor service and in light liquid service. Records must be maintained to demonstrate compliance with the connector requirements in §63.1256(h)(151).

(163) Surge control vessels and bottoms receivers. Records must be maintained to demonstrate compliance with the surge control vessel and bottoms receiver requirements in §63.1256(h)(152).

(164) Agitators in gas and vapor service and in light liquid service. Records must be maintained to demonstrate compliance with the agitator requirements in §63.1256(h)(153).

(165) Pumps in light liquid service. Records must be maintained to demonstrate compliance with the pump requirements in §63.1256(h)(154).

(166) Pressure relief devices in gas and vapor service. Records must be maintained to demonstrate compliance with the pressure relief device requirements in §63.1256(h)(155).

(167) Sampling connection systems. Records must be maintained to demonstrate compliance with the sampling connection system requirements in §63.1256(h)(156).

(168) Open-ended valves or lines. Records must be maintained to demonstrate compliance with the open-ended valve or line requirements in §63.1256(h)(157).

(169) Valves in gas and vapor service and in light liquid service. Records must be maintained to demonstrate compliance with the valve requirements in §63.1256(h)(158).

(170) Pumps, valves, and connectors in heavy liquid service. Records must be maintained to demonstrate compliance with the pump, valve, and connector requirements in §63.1256(h)(159).

(171) Instrumentation systems. Records must be maintained to demonstrate compliance with the instrumentation system requirements in §63.1256(h)(160).

(172) Recordkeeping system. Records must be maintained to demonstrate compliance with the recordkeeping system requirements in §63.1256(h)(161).

(173) Control devices. Records must be maintained to demonstrate compliance with the control device requirements in §63.1256(h)(162).

(174) Reports. Reports must be maintained to demonstrate compliance with the reporting requirements in §63.1256(h)(163).

(175) Notifications. Notifications must be maintained to demonstrate compliance with the notification requirements in §63.1256(h)(164).

(176) Compliance with standards and maintenance requirements. Records must be maintained to demonstrate compliance with the standards and maintenance requirements in §63.1256(h)(165).

(177) Exceptions to reporting and recordkeeping requirements. Records must be maintained to demonstrate compliance with the exceptions to reporting and recordkeeping requirements in §63.1256(h)(166).

(178) Alternative means of emission limitation. Records must be maintained to demonstrate compliance with the alternative means of emission limitation requirements in §63.1256(h)(167).

(179) Delay of repair. Records must be maintained to demonstrate compliance with the delay of repair requirements in §63.1256(h)(168).

(180) Pressure relief devices. Records must be maintained to demonstrate compliance with the pressure relief device requirements in §63.1256(h)(169).

(181) Closed-vent systems. Records must be maintained to demonstrate compliance with the closed-vent system requirements in §63.1256(h)(170).

(182) Connectors in gas and vapor service and in light liquid service. Records must be maintained to demonstrate compliance with the connector requirements in §63.1256(h)(171).

(183) Surge control vessels and bottoms receivers. Records must be maintained to demonstrate compliance with the surge control vessel and bottoms receiver requirements in §63.1256(h)(172).

(184) Agitators in gas and vapor service and in light liquid service. Records must be maintained to demonstrate compliance with the agitator requirements in §63.1256(h)(173).

(185) Pumps in light liquid service. Records must be maintained to demonstrate compliance with the pump requirements in §63.1256(h)(174).

(186) Pressure relief devices in gas and vapor service. Records must be maintained to demonstrate compliance with the pressure relief device requirements in §63.1256(h)(175).

(187) Sampling connection systems. Records must be maintained to demonstrate compliance with the sampling connection system requirements in §63.1256(h)(176).

(188) Open-ended valves or lines. Records must be maintained to demonstrate compliance with the open-ended valve or line requirements in §63.1256(h)(177).

(189) Valves in gas and vapor service and in light liquid service. Records must be maintained to demonstrate compliance with the valve requirements in §63.1256(h)(178).

(190) Pumps, valves, and connectors in heavy liquid service. Records must be maintained to demonstrate compliance with the pump, valve, and connector requirements in §63.1256(h)(179).

(191) Instrumentation systems. Records must be maintained to demonstrate compliance with the instrumentation system requirements in §63.1256(h)(180).

(192) Recordkeeping system. Records must be maintained to demonstrate compliance with the recordkeeping system requirements in §63.1256(h)(181).

(193) Control devices. Records must be maintained to demonstrate compliance with the control device requirements in §63.1256(h)(182).

(194) Reports. Reports must be maintained to demonstrate compliance with the reporting requirements in §63.1256(h)(183).

(195) Notifications. Notifications must be maintained to demonstrate compliance with the notification requirements in §63.1256(h)(184).

(196) Compliance with standards and maintenance requirements. Records must be maintained to demonstrate compliance with the standards and maintenance requirements in §63.1256(h)(185).

(197) Exceptions to reporting and recordkeeping requirements. Records must be maintained to demonstrate compliance with the exceptions to reporting and recordkeeping requirements in §63.1256(h)(186).

(198) Alternative means of emission limitation. Records must be maintained to demonstrate compliance with the alternative means of emission limitation requirements in §63.1256(h)(187).

(199) Delay of repair. Records must be maintained to demonstrate compliance with the delay of repair requirements in §63.1256(h)(188).

(200) Pressure relief devices. Records must be maintained to demonstrate compliance with the pressure relief device requirements in §63.1256(h)(189).

(201) Closed-vent systems. Records must be maintained to demonstrate compliance with the closed-vent system requirements in §63.1256(h)(190).

(202) Connectors in gas and vapor service and in light liquid service. Records must be maintained to demonstrate compliance with the connector requirements in §63.1256(h)(191).

(203) Surge control vessels and bottoms receivers. Records must be maintained to demonstrate compliance with the surge control vessel and bottoms receiver requirements in §63.1256(h)(192).

(204) Agitators in gas and vapor service and in light liquid service. Records must be maintained to demonstrate compliance with the agitator requirements in §63.1256(h)(193).

(205) Pumps in light liquid service. Records must be maintained to demonstrate compliance with the pump requirements in §63.1256(h)(194).

(206) Pressure relief devices in gas and vapor service. Records must be maintained to demonstrate compliance with the pressure relief device requirements in §63.1256(h)(195).

(207) Sampling connection systems. Records must be maintained to demonstrate compliance with the sampling connection system requirements in §63.1256(h)(196).

(208) Open-ended valves or lines. Records must be maintained to demonstrate compliance with the open-ended valve or line requirements in §63.1256(h)(197).

(209) Valves in gas and vapor service and in light liquid service. Records must be maintained to demonstrate compliance with the valve requirements in §63.1256(h)(198).

(210) Pumps, valves, and connectors in heavy liquid service. Records must be maintained to demonstrate compliance with the pump, valve, and connector requirements in §63.1256(h)(199).

(211) Instrumentation systems. Records must be maintained to demonstrate compliance with the instrumentation system requirements in §63.1256(h)(200).

(212) Recordkeeping system. Records must be maintained to demonstrate compliance with the recordkeeping system requirements in §63.1256(h)(201).

(213) Control devices. Records must be maintained to demonstrate compliance with the control device requirements in §63.1256(h)(202).

(214) Reports. Reports must be maintained to demonstrate compliance with the reporting requirements in §63.1256(h)(203).

(215) Notifications. Notifications must be maintained to demonstrate compliance with the notification requirements in §63.1256(h)(204).

(216) Compliance with standards and maintenance requirements. Records must be maintained to demonstrate compliance with the standards and maintenance requirements in §63.1256(h)(205).

(217) Exceptions to reporting and recordkeeping requirements. Records must be maintained to demonstrate compliance with the exceptions to reporting and recordkeeping requirements in §63.1256(h)(206).

(218) Alternative means of emission limitation. Records must be maintained to demonstrate compliance with the alternative means of emission limitation requirements in §63.1256(h)(207).

(219) Delay of repair. Records must be maintained to demonstrate compliance with the delay of repair requirements in §63.1256(h)(208).

(220) Pressure relief devices. Records must be maintained to demonstrate compliance with the pressure relief device requirements in §63.1256(h)(209).

(221) Closed-vent systems. Records must be maintained to demonstrate compliance with the closed-vent system requirements in §63.1256(h)(210).

(222) Connectors in gas and vapor service and in light liquid service. Records must be maintained to demonstrate compliance with the connector requirements in §63.1256(h)(211).

(223) Surge control vessels and bottoms receivers. Records must be maintained to demonstrate compliance with the surge control vessel and bottoms receiver requirements in §63.1256(h)(212).

(224) Agitators in gas and vapor service and in light liquid service. Records must be maintained to demonstrate compliance with the agitator requirements in §63.1256(h)(213).

(225) Pumps in light liquid service. Records must be maintained to demonstrate compliance with the pump requirements in §63.1256(h)(214).

(226) Pressure relief devices in gas and vapor service. Records must be maintained to demonstrate compliance with the pressure relief device requirements in §63.1256(h)(215).

(227) Sampling connection systems. Records must be maintained to demonstrate compliance with the sampling connection system requirements in §63.1256(h)(216).

(228) Open-ended valves or lines. Records must be maintained to demonstrate compliance with the open-ended valve or line requirements in §63.1256(h)(217).

(229) Valves in gas and vapor service and in light liquid service. Records must be maintained to demonstrate compliance with the valve requirements in §63.1256(h)(218).

(230) Pumps, valves, and connectors in heavy liquid service. Records must be maintained to demonstrate compliance with the pump, valve, and connector requirements in §63.1256(h)(219).

(231) Instrumentation systems. Records must be maintained to demonstrate compliance with the instrumentation system requirements in §63.1256(h)(220).

(232) Recordkeeping system. Records must be maintained to demonstrate compliance with the recordkeeping system requirements in §63.1256(h)(221).

(233) Control devices. Records must be maintained to demonstrate compliance with the control device requirements in §63.1256(h)(222).

(234) Reports. Reports must be maintained to demonstrate compliance with the reporting requirements in §63.1256(h)(223).

(235) Notifications. Notifications must be maintained to demonstrate compliance with the notification requirements in §63.1256(h)(224).

(236) Compliance with standards and maintenance requirements. Records must be maintained to demonstrate compliance with the standards and maintenance requirements in §63.1256(h)(225).

(237) Exceptions to reporting and recordkeeping requirements. Records must be maintained to demonstrate compliance with the exceptions to reporting and recordkeeping requirements in §63.1256(h)(226).

(238) Alternative means of emission limitation. Records must be maintained to demonstrate compliance with the alternative means of emission limitation requirements in §63.1256(h)(227).

(239) Delay of repair. Records must be maintained to demonstrate compliance with the delay of repair requirements in §63.1256(h)(228).

(240) Pressure relief devices. Records must be maintained to demonstrate compliance with the pressure relief device requirements in §63.1256(h)(229).

(241) Closed-vent systems. Records must be maintained to demonstrate compliance with the closed-vent system requirements in §63.1256(h)(230).

(242) Connectors in gas and vapor service and in light liquid service. Records must be maintained to demonstrate compliance with the connector requirements in §63.1256(h)(231).

(243) Surge control vessels and bottoms receivers. Records must be maintained to demonstrate compliance with the surge control vessel and bottoms receiver requirements in §63.1256(h)(232).

(244) Agitators in gas and vapor service and in light liquid service. Records must be maintained to demonstrate compliance with the agitator requirements in §63.1256(h)(233).

(245) Pumps in light liquid service. Records must be maintained to demonstrate compliance with the pump requirements in §63.1256(h)(234).

(246) Pressure relief devices in gas and vapor service. Records must be maintained to demonstrate compliance with the pressure relief device requirements in §63.1256(h)(235).

(247) Sampling connection systems. Records must be maintained to demonstrate compliance with the sampling connection system requirements in §63.1256(h)(236).

(248) Open-ended valves or lines. Records must be maintained to demonstrate compliance with the open-ended valve or line requirements in §63.1256(h)(237).

(249) Valves in gas and vapor service and in light liquid service. Records must be maintained to demonstrate compliance with the valve requirements in §63.1256(h)(238).

(250) Pumps, valves, and connectors in heavy liquid service. Records must be maintained to demonstrate compliance with the pump, valve, and connector requirements in §63.1256(h)(239).

(251) Instrumentation systems. Records must be maintained to demonstrate compliance with the instrumentation system requirements in §63.1256(h)(240).

(252) Recordkeeping system. Records must be maintained to demonstrate compliance with the recordkeeping system requirements in §63.1256(h)(241).

(253) Control devices. Records must be maintained to demonstrate compliance with the control device requirements in §63.1256(h)(242).

(254) Reports. Reports must be maintained to demonstrate compliance with the reporting requirements in §63.1256(h)(243).

(255) Notifications. Notifications must be maintained to demonstrate compliance with the notification requirements in §63.1256(h)(244).

(256) Compliance with standards and maintenance requirements. Records must be maintained to demonstrate compliance with the standards and maintenance requirements in §63.1256(h)(245).

(257) Exceptions to reporting and recordkeeping requirements. Records must be maintained to demonstrate compliance with the exceptions to reporting and recordkeeping requirements in §63.1256(h)(246).

(258) Alternative means of emission limitation. Records must be maintained to demonstrate compliance with the alternative means of emission limitation requirements in §63.1256(h)(247).

(259) Delay of repair. Records must be maintained to demonstrate compliance with the delay of repair requirements in §63.1256(h)(248).

(260) Pressure relief devices. Records must be maintained to demonstrate compliance with the pressure relief device requirements in §63.1256(h)(249).

(261) Closed-vent systems. Records must be maintained to demonstrate compliance with the closed-vent system requirements in §63.1256(h)(250).

(262) Connectors in gas and vapor service and in light liquid service. Records must be maintained to demonstrate compliance with the connector requirements in §63.1256(h)(251).

(263) Surge control vessels and bottoms receivers. Records must be maintained to demonstrate compliance with the surge control vessel and bottoms receiver requirements in §63.1256(h)(252).

(264) Agitators in gas and vapor service and in light liquid service. Records must be maintained to demonstrate compliance with the agitator requirements in §63.1256(h)(253).

(265) Pumps in light liquid service. Records must be maintained to demonstrate compliance with the pump requirements in §63.1256(h)(254).

(266) Pressure relief devices in gas and vapor service. Records must be maintained to demonstrate compliance with the pressure relief device requirements in §63.1256(h)(255).

(267) Sampling connection systems. Records must be maintained to demonstrate compliance with the sampling connection system requirements in §63.1256(h)(256).

(268) Open-ended valves or lines. Records must be maintained to demonstrate compliance with the open-ended valve or line requirements in §63.1256(h)(257).

(269) Valves in gas and vapor service and in light liquid service. Records must be maintained to demonstrate compliance with the valve requirements in §63.1256(h)(258).

(270) Pumps, valves, and connectors in heavy liquid service. Records must be maintained to demonstrate compliance with the pump, valve, and connector requirements in §63.1256(h)(259).

- If you are set up on TAP, you will NOT receive paper returns in the mail.
- Additional decals for new trucks or to replace lost/stolen decals can be requested by fax, mail, or in person by:
    - Providing a copy of the current IFTA license *and*
    - Providing a written explanation for requesting decal (new truck, lost/stolen decal, etc).
  - If the vehicle is leased and the Lessee is providing IFTA, a copy of the Lease Agreement *must* be submitted.
- Temporary IFTA's can be requested by providing the above information *and*:
    - Make, Year VIN, Unit Number and Tag.
    - If a Temporary Operating Authority has been issued from ERP, please include a copy of this when requesting a temporary IFTA.
- Additional decals and temporary credentials can also be requested through the TAP account.

Decals will not be issued for a truck until after the Apportion Tag (or Temporary Authority) is issued.

TEST
FAX

A couple in their 90s were having trouble remembering things. During a checkup, the doctor told them they were both physically okay, but they might want to start writing things down to help them remember.

Later that evening, the old man got up from his chair. "Do you want anything while I'm in the kitchen?", he asked.

"Will you get me a bowl of ice cream?" said his wife. "Sure." "Don't you think you should write it down so you can remember?" she asked. "No, I can remember it." "Well, I'd like some strawberries on top too. Maybe you should write it down, so you don't forget." He replied, "I can remember that. You want ice cream with strawberries on top."

About 20 minutes later, he returned from the kitchen and handed his wife a plate of bacon and eggs. She stared at the plate for a moment and then asked, "Where's my toast?"

Thank You!

The Culture of Japan
Have you ever heard of Tanka?

Tanka is a traditional style of Japanese poetry, which is made up of 31 syllables (5-7-5-7-7). To use this style, poets must condense their feelings of love, yearning, admiration and longing for nature and life into subtle nuances and picturesque words. Because they must condense such strong feelings into such short simple forms, the selection of the appropriate Kanji or Hiragana (syllabify alphabet) has become an art from in itself. The more subtle or elegant the words the stronger and more vivid the readers' imagination.

Because of the nature of this style of poetry, and the close ties to the language and culture , Tanka has developed a simple elegant, classical style all its own.

People who read Tanka are free to let their imagination soar. The same Tanka may evoke different

Windows® Fax and Scan

One place to scan and fax your documents

FAX You can send and receive faxed documents on your computer without using a fax machine. You can also print, e-mail, or save a copy of your faxes

To get started:

1. Connect a phone line to your computer

   If your computer needs an external modem, connect the phone to the modem and then connect the modem to your computer

2. On the toolbar, click **New Fax.**

3. Follow the instructions in the setup wizard to connect to a fax modem and then, when you're finished, create your fax

To connect to a fax server instead of a modem, contact your system administrator. For more help with faxing, click the **Help** button on the toolbar

SCAN After you add a scanner to your computer, you can preview documents or pictures before you scan them, and then adjust your scan settings for better results. You can also fax or e-mail scanned files to someone else

To get started:

1. Connect your scanner to your computer by following the instructions that came with your scanner, and then place a document or picture on the scanner

2. In Windows Fax and Scan, at the bottom of the left pane, click **Scan**

3. On the toolbar, click **New Scan.**

4. Choose the scan settings you want to use, and you're ready to scan

Use the options on the toolbar to fax, e-mail, print, or copy scans at any time. For more help with scanning, click the **Help** button on the toolbar

Troubleshooting Steps

The steps below will help you resolve common faxing problems.

- Switch off fax machine and unplug power adapter from device and from wall outlet
  - Let fax machine remain off for 60 seconds
- Try a different phone cord between the fax machine and the Vonage device
- Eliminate any splitters between the fax machine and the Vonage device
- Connect Fax machine directly to the Vonage device, bypassing any home wiring.
- If using an All-In-One device, temporarily disconnect it from PC.

Further Assistance

If you need further assistance using your Vonage Fax Service, we are always available to help.

Call us at 1-VONAGE-HELP (1 866-243-4357) or visit www.vonage.com.

Steps to restore a wedged USB modem on the Macintosh

When a modem "wedges" it locks up and effectively stops communicating with the Mac USB system and programs cannot access it. There are two causes for a wedge:

1. The USB modem loses communication to the USB system (95% of time) and
2. There's a corrupt fax in the queue that cannot be retrieved (<5%)

Please take the following steps to resolve:

1. Locate the "4-Sight Fax Fault Log" file. It is located within the "4-Sight FAX 7.5 Folder (which is located within the Applications folder). Open the Fault Log and scroll to the bottom of the file and see of the last fax(es) with the latest date. A line will read something like "modem wedged"

2. If you determine from the previous step 1 that the modem is wedged, follow steps 3 through 6. Else follow steps 8a, 9 and 10.

3. Quit the Fax Server

4. Delete all files in the "Support" folder located in "4-Sight FAX Server" folder

5. Unplug the modem USB cable connected into your Macintosh USB port for 10 seconds – then plug it back into the same USB port. Do not unplug phone cable

6. Restart the 4-Sight FAX Server

7. Ensure faxing has resumed

8. If faxing has not resumed, then there are 2 possibilities:
   a. The modem was not reinitialized and the machine must be restarted
   b. The modem appears ok, but there is a corrupt fax in the queue

9. If there is a corrupt fax in the Fax Server's outgoing queue it is necessary for you to click on the outgoing fax and perform the following operation "Command D". Once you have found a corrupt fax, scan the file name shown in the menu bar beginning with the letters "MAIL...." and write it down.

10. Once you have the full MAIL file name, go to the Apple desktop and search for files beginning with this file name and #'s (and the files suffix). You will see 2 or more files. All of these files need to be trashed and emptied because they cannot be faxed and will also cause other faxes to not be sent as well.

Информационное сообщение о проведении соревнований «Bubble Baba Challenge – 2018»

Уважаемый Владимир Владимирович!

Информируем Вас о проведении 10-х юбилейных соревнований по плаванию «Bubble Baba Challenge – 2018». Соревнования планируется провести в пос. Лосево 18 августа 2018 года.

Соревнования направлены на привлечение молодёжи в студентов в активному и здоровому образу жизни. Основные участники соревнований – юноши и девушки 20-25 лет с активной жизненной позицией, ведущие спортивный образ жизни. Соревнования всегда проходят в тёплой дружественной атмосфере, чрезвычайных ситуаций и нарушений общественного порядка во время предыдущих соревнований не зафиксировано. Многие приезжают семьями, с детьми.

Соревнованиями традиционно привлекают участников и зрителей со всего Северо-западного региона, а также из многих городов России и из других стран. На соревнованиях присутствуют множество журналистов, в том числе и зарубежных. Большинство участников и гостей соревнований останавливается в расположенных неподалёку от Лосево гостиницах и кемпингах, что несомненно способствует развитию туризма в Приозерском районе.

В 2013–2017 годах Администрацией МО «Приозерский муниципальный район» проведение соревнований было запрещено под предлогом проведения строительных работ в п. Лосево. Надеемся, что поскольку строительные работы завершены (проведение водного фестиваля «Вуокса» и многочисленных водных соревнований — лучшее тому подтверждение), Администрация разрешит проведение соревнований «Bubble Baba Challenge – 2018».

Со своей стороны организаторы гарантируют:

- уборку и вывоз мусора (по договорённости с МП «Приозерское районное агентство социально-бытовых услуг»)
- обеспечение участников и гостей биотуалетами (по договорённости с ООО «Биоэкология»),
- неотложную медицинскую помощь участников соревнований,
- организацию средств спасения на воде (спасательные жилеты участникам, рафты и катера со спасателями на воде),
- соблюдение мер пожарной безопасности (открытый огонь исключён),
- привлечение сотрудников полиции для обеспечения безопасности.

Просим Вас дать разрешение на проведение соревнований. Надеемся, что многолетнее успешное сотрудничество организаторов соревнований с Администрацией муниципального образования «Приозерский муниципальный район» в лице с руководителями Ромашкинского и Петровского сельских поселений, в 2018 году будет успешным.

Организаторы соревнований готовы встретиться с представителями Администрации, в том числе с руководством сельских поселений и любое удобное время.

С уважением,

Дмитрий Булевинков,
руководитель инициативной группы по проведению соревнований «Bubble Baba Challenge»

INTERPAGE™ NETWORK SERVICES INC

Phone +1 (650) 331 3838 • Fax +1 (650) 202 1500 • www.interpage.net

INTERPAGE OUTFAX TRIAL ACTIVATION FORM

Please PRINT the information below CLEARLY so that we can e-mail you your account information or contact you if needed.

This trial enables only text pages to be sent to fax machines. Interpage's OneTyme E-Mail (OTEM) service. Customers with [illegible] wishing to send fax pages should purchase either FaxMail, FaxPlus, FaxPremium, specialized OutFax or other services targeted for the Fax Services or Fax Alerts Pages. Call sales (Personal, Voice, or other non-faxing services) please go to the Generic Signup page for details and activation.

To activate a free OutFax trial account, please print this form below, fill out all the relevant fields (very important), sign and date it, and fax it to +1 (650) 202 1500 or you may scan it and mail it to sales-fax@interpage.net

Upon receipt we will activate a trial account, and send you written confirmation and a login name via e-mail.

Ok. Terms of the trial: you may terminate Interpage's Terms of Service and Privacy Policy page at any time, access by typing to mail@interpage.net or by query within, using a password.

If you have any questions about signing up, or to change options, or cancel service, please contact Interpage Support/Inquiry Extension Page—fax +1 (650) 331 3838.

Thank you for your interest in Interpage!

Our Father, which art in heaven,
hallowed be thy name,
thy kingdom come,
thy will be done,
on earth as it is in heaven
Give us this day our daily bread
And forgive us our trespasses,
as we forgive them that trespass against us
And lead us not into temptation,
but deliver us from evil.
[For thine is the kingdom,
the power, and the glory,
for ever and ever]
Amen

I love you

Welcome to

Windows® Fax and Scan

One place to scan and fax your documents

FAX: You can send and receive faxed documents on your computer without using a fax machine. You can also print, e-mail, or save a copy of your faxes.

To get started:

1. Connect a phone line to your computer.

   If your computer needs an external modem, connect the phone to the modem, and then connect the modem to your computer.

2. On the toolbar, click **New Fax.**

3. Follow the instructions in the setup wizard to connect to a fax modem, and then, when you're finished, create your fax.

To connect to a fax server, income of a modem, connect your system administrator. For more help with faxing, click the **Help** button on the toolbar.

SCAN: After you add a scanner to your computer, you can preview documents or pictures before you scan them, and then adjust your scan settings for better results. You can also fax or e-mail scanned files to someone else.

To get started:

1. Connect your scanner to your computer by following the instructions that came with your scanner, and then place a document or picture on the scanner.

2. In Windows Fax and Scan, at the bottom of the left pane, click **Scan.**

3. On the toolbar, click **New Scan.**

4. Choose the scan settings you want to use, and you're ready to scan.

Use the options on the toolbar to fax, e-mail, print, or copy scans at any time. For more help with scanning, click the **Help** button on the toolbar.

FLORIDA MORTGAGE LOAN ORIGINATOR DISCIPLINARY ACTION

Belinda, a licensed mortgage loan originator working as an independent contractor performing loan processing functions, has decided to conduct business from her home office. She notified the OFR of the change of her business location. The OFR disapproved the change on the grounds that the location was not suitable due to zoning restrictions and issues regarding consumer access and parking and orders her to cease and desist the activity. If Belinda continues to process loan applications in her home office, she

AUTOCOMMAND

Remote Control Car Starter Installation Manual for Models 20024, 20724, 20924

DesignTech International, Inc. • 7956 Cameron Brown Court • Springfield, Virginia 22153 USA • www.designtechintl.com • 703-866-2900 or 800-337-4468

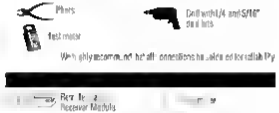
PLEASE READ COMPLETELY BEFORE BEGINNING

Congratulations on your purchase of the AutoCommand™ Remote Car Starter. The AutoCommand™ Remote Car Starter system allows you to start the engine by remote control from the comfort of your home or office, a cooler to cold, indoors or the summer to heat during the winter.

AutoCommand™ is for automatic transmission/dual clutched vehicles only. It can either be used in conjunction with a factory or aftermarket alarm system with multiple built-in safety and security features.

AutoCommand™ Remote Car Starter:

- Will start your car by remote control and run the heater, defroster, or air conditioner to warm up or cool down the car.
- Is designed to start the car if it is dark and chilly if the hood is closed.
- Has Lock, Unlock and Trunk keyless entry features.
- Will attempt to start the car for up to six consecutive, but no longer (to avoid damage to the starter motor). Should the car not start on the first attempt, it will attempt after starting the remote starter will make four further attempts to start.
- Has alarm functions (alarm starter kit) which become active when the doors are locked with the remote control.
- Will not let the car be driven with the key in the ignition.
- Shuts itself off automatically after 10 or 15 minutes (programmable). If you forget to the remote out to your car.
- Will shut off if the brake pedal is pushed, the hood is opened or the transmission is shifted out of park, unless the key is in the ignition and in the "run" position.
- Allows you to remove the key while leaving the car running with the doors locked for up to 10 or 15 minutes allowing the Quick Stop™ flag item. (See Separate User Tip Sheet)
- Starts the car automatically whenever the temperature drops below 0°F (-16 C), or if the battery voltage drops below 11 volts when the Cold Start™ Option is used. (See Separate User Tip Sheet)
- Has the Daily Start™ feature which allows the vehicle to be started at the same time the following day. (See Separate User Tip Sheet)
- Is quality engineered, micro-processor controlled and made in the USA to provide many years of reliable use.
- Comes with a two year limited warranty.



Following parts included in plastic baggy

Backup Your Data and Save Your Business Thousands

Every business has precious digital data these days. However many have failed to plan for it's sudden loss and most of those who have are using risky failure prone solutions! How is your business planning for disaster recovery?

Myths and Facts of Backup Safety

Myth	Fact
Data loss is uncommon and unlikely to happen	In reality the number of cases behind data loss are extremely common. Loss can be caused by viruses, malware, or hardware failure generally caused by age, physical dropping or jostling (or even unpredictable power surges).
Backing up to DVD or Tape will keep data safe	The fact of the matter is DVDs even if kept unscratched, will suffer what is known as bit rot. The physical media itself may seem fine but if left alone will degrade over time. Magnetic media (tapes) are particularly vulnerable.
If you have a large network and backup to a central server, you are doing all you can	As it turns out, network backups using "Disk to Disk" methods do tend to be the best, however unless the data is stored on a server designed to tolerate hardware failure the result can be even more disastrous. Putting all your eggs in one basket, even with RAID (hard drive redundancies) arrays, cost businesses just like yours thousands to tens of thousands every day.
In the event of data loss, I could simply pay to have it recovered.	While data recovery is certainly possible, there is no guarantee. Importantly recovery of data is usually prohibitively expensive typically pricing starts in the thousands of dollars.

Total Enterprise Computing Can Ensure the Safety of Your Business

Let TEC become your data safety provider today! Experts in backing up data, we not only understand the inherent complexities of most existing backup solutions but also the critical importance of your company's data. Importantly we don't think these solutions have to be expensive. **We are the best and the most affordable there is!** We can make this claim because TEC employees are experts with Open Source technology, always able to bring you the best the entire world has to offer. Notably, IBM uses the same backup systems we provide!

Privacy Act and Paperwork Reduction Act Statements

The Social Security Administration is authorized to collect the information on this form under sections 205(a), 1631(d)(1) and 1631(e)(1) of the Social Security Act. The information on this form is needed by Social Security to make a decision on the named claimant's claim. While giving us the information on this form is voluntary, failure to provide all or part of the requested information may prevent an accurate or timely decision on the named claimant's claim. Although the information you furnish is almost never used for any purpose other than making a determination about the claimant's disability, such information may be disclosed by the Social Security Administration as follows: (1) to enable a third party or agency to assist Social Security in establishing rights to Social Security benefits and/or coverage; (2) to comply with Federal Laws requiring the release of information from Social Security records (e.g., to the Government Accountability Office and the Department of Veterans Affairs); and (3) to facilitate statistical research and such activities necessary to assure the integrity and improvement of the Social Security programs (e.g., to the Bureau of the Census and private concerns under contract to Social Security).

We may also use the information you give us when we match records by computer. Matching programs compare our records with those of other Federal, State, or local government agencies. Many agencies may use matching programs to find or prove that a person qualifies for benefits paid by the Federal government. The law allows us to do this even if you do not agree to it. Explanations about these and other reasons why information you provide us may be used or given out are available in Social Security offices.

Paperwork Reduction Act Statement - This information collection meets the requirements of 44 U.S.C. § 3507, as amended by Section 2 of the Paperwork Reduction Act of 1995. You do not need to answer these questions unless we display a valid Office of Management and Budget control number. We estimate that it will take about 30 minutes to read the instructions, gather the facts, and answer the questions. **SEND THE COMPLETED FORM TO THE OFFICE THAT REQUESTED IT.** If you do not have that address, you may call Social Security at 1-800-772-1213. *You may send comments on our time estimate above to: SSA, 1338 Annex Building, Baltimore, MD 21235-6401.* ***Send only comments relating to our time estimate to this address, not the completed form.***

PLEASE REMOVE THIS SHEET BEFORE RETURNING THE COMPLETED FORM.

Tip #8

Ratios Keep track of your units

You may use a ratio box to keep track of your units For example, if one classroom has a 3 to 5 ratio of boys to girls, and there are a total of 24 students, how many are boys and girls are there in the classroom?

Ratio box

Fill in your ratio box with the given information 3 5 ratio of boys to girls and there are a total of 24 students

	Boys	Girls	Total
Ratio	3	5	8
What number did they multiply by?	9	15	
Grand Total	9	15	24

Fill the rest of the information needed such as the total and what number they multiplied by

	Boys	Girls	Total
Ratio	3	5	8
What number did they multiply by?	**Times 3**	**Times 3**	**Times 3**
Grand Total	**9**	**15**	24

So there were 9 boys and 15 girls altogether

Try these

1. A certain farm has only cows and chickens as livestock. The ratio of cows to chickens is 2 to 7. If there are 63 livestock animals on the farm, how many cows are there?

(A) 13
(B) 14
(C) 16
(D) 18
(E) 49

2 7 : 9
63

2. In Ms. Picker's 3rd grade class, the ratio of boys to girls is 7 to 5. If there are 14 boys in the class, then how students are in the class?

(A) 19
(B) 20
(C) 24

7 : 5 :: 12
14 ?

Mr Hansen FRONT

Thanks you for co[illegible] by [illegible] offer landscaping in your new divisional headquarters We are pleased to submit our proposal herewith for the concept phase as agreed earlier

Since your available area is somewhat limited, we suggest a modular layout. This concept emphasizes space conservation and yet still provides for a modern pleasing atmosphere

Enclosed are two floor plans The first one will allow you to keep your present furniture The second was designed with the intention that our new space-saving modules be used Notice that the latter will provide for more spacious accommodations and/or room for additional personnel Also included are the specification sheets on these products

After you have had a chance to study our ideas I would like to set up a meeting during October to discuss any further refinements I will have my secretary make the arrangements Please call me in the interim if you have any questions

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

ADDITIONAL INSURED – OWNERS, LESSEES OR CONTRACTORS – AUTOMATIC STATUS WHEN REQUIRED IN CONSTRUCTION AGREEMENT WITH YOU

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

A. Section II – Who Is An Insured is amended to include as an additional insured any person or organization for whom you are performing operations when you and such person or organization have agreed in writing in a contract or agreement that such person or organization be added as an additional insured on your policy. Such person or organization is an additional insured only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by:

1. Your acts or omissions; or
2. The acts or omissions of those acting on your behalf

in the performance of your ongoing operations for the additional insured.

A person's or organization's status as an additional insured under this endorsement ends when your operations for that additional insured are completed.

B. With respect to the insurance afforded to these additional insureds, the following additional exclusions apply:

This insurance does not apply to:

1. "Bodily injury", "property damage" or "personal and advertising injury" arising out of the rendering of, or the failure to render, any professional architectural, engineering or surveying services, including:
   a. The preparing, approving, or failing to prepare or approve, maps, shop drawings, opinions, reports, surveys, field orders, change orders or drawings and specifications; or
   b. Supervisory, inspection, architectural or engineering activities.
2. "Bodily injury" or "property damage" arising after:
   a. All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured(s) at the location of the covered operations has been completed; or
   b. That portion of "your work" out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.

answers to your questions about faxing

« How to Stop a Calls from a Fax Machine?
How to Fix Vertical Stripe On Faxes I Send »

How Can I Test My Fax Machine?

I just hooked up a new fax machine and I'd like to test it just to make sure it works. How can I do that?

Presumably you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one-page fax to 1-888-877-1655 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — this is a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero: this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully it will automatically answer and spit out the test fax.

GEORGE & COMPANY

Business Brokerage ~ Mergers & Acquisitions ~ Business Valuation

68 market Street, Suite 200, Worcester MA 01608 T 508-755-1400 F 508-799-3644 mailto.georgeandcompany.com

Confidentiality / Non Disclosure Agreement

We, as corporate acquisition candidates ("the Buyer") of business opportunities ("the Business" or "the Seller") presented by George & Company ("the Broker") as exclusive agent or sub-agent, desire sufficient information to complete a confidential evaluation of the Business. In consideration thereof We and our agents, agree to keep confidential all information hitherto provided by George & Company, and/or provided by the Business, its agents, employees, customers, vendors, etc.

1. Information includes all verbal and limited data, reports, records, or materials obtained from the Seller's agent or the Business, including but not limited to the Business name, concepts and the knowledge that the Business is for sale.

2. Information is being furnished solely in connection with the Buyer's consideration of the potential acquisition of the Business, and shall be marked as "secret," and "confidential." No portion of said information shall be disclosed to others, except the Buyer's financial or legal advisors, whose knowledge of the information is required for the Buyer to evaluate the Business, and who shall assume the same obligations and terms of this agreement as set forth herein.

3. The Buyer agrees not to make any contact with the owner/ employees, vendors, landlord, or customers of the Business without the express permission of the Broker. The Buyer further acknowledges and understands that the Broker is acting as the agent of the Seller and that the Broker's primary responsibility is to represent the interests of the Seller. The Buyer shall conduct all negotiations through the Broker and present all offers for the business through the Broker. The Buyer agrees not to take any actions that would interfere with or hinder the collection of the Broker's fee in connection with a transaction.

4. The Buyer agrees not to use any such information for his or her own account in any way that would compete directly with or cause damage to the business. The Buyer acknowledges and understands that the Business is the intended party and beneficiary whose rights are being protected. It is further understood that the Business may enforce the terms of this agreement as if it were a party to this agreement including such method in a court of law to prevent any threatened breach of this agreement. In the event no transaction is effected between the parties to this agreement all information (including all copies) shall be returned to the Seller's agent (the Broker) within 30 days of the execution of this agreement.

5. It is understood that no representations or warranties are being made by the Broker as to the accuracy or completeness of any information provided regarding the Business. Furthermore, that any and all representations and warranties are made solely by the Business, which shall be set forth in a signed acquisition or purchase agreement that shall then be subject to the provisions thereof. Accordingly the undersigned acknowledges the responsibility to perform a "due diligence review" of financial books and records at his or her own cost and expense prior to any acquisition of a Business

6. As a condition to entering this agreement, the undersigned affirms to and agrees to provide substantiation of financial ability and preparedness for consummation an acquisition, merger or purchase of a business, and to provide information on the attached Confidential Buyer Registration Form. All information provided to George & Company will be treated as confidentially.

7. The execution of this agreement shall allow George and Company to release confidential information to the Buyer pertaining to its client (the Business): Listing # Computer Sales and Service

BY WAY OF SIGNATURE BELOW THE UNDERSIGNED AGREES TO THE TERMS AND CONDITIONS OF THIS AGREEMENT AS SET FORTH ABOVE. THIS IS A LEGALLY BINDING DOCUMENT. IF YOU DO NOT UNDERSTAND ANY PART OF THIS AGREEMENT CONSULT AN ATTORNEY

One Response to "How Can I Test My Fax Machine?"

1. *Sharing a fax machine on a voice line - Fax Answers* Says.
May 23rd, 2006 at 9:16 am

[ ] I have a fax machine on the same phone line that I use for voice calls. I just tried to send myself a test fax using FaxZero.com. My phone rang, and I thought it was a voice call and then heard the fax sound and hung up. The phone rang again. Now, this time I made it ring about 6 or 7 times. I know that Unbeknlin a pick up of

50 million taxpayers must delay filing - IRS

By David Goldman, staff writer

December 31, 2010: 11:14 AM ET

NEW YORK (CNNMoney) -- Itemize your tax deductions? Itching for a refund? You're going to have to wait.

The IRS said that it needs until mid- to late-February to reprogram its processing systems because Congress acted so late this year clearing up the tax code. The bill, which includes deductions for state and local sales taxes, college tuition and teacher expenses, wasn't signed into law until Dec. 17.

The bill ensured that the federal income tax rates would not change, and itemized deductions will continue to be allowed in full for high-income taxpayers.

As a result, the 80 million taxpayers who itemize their deductions will have to hold off for a bit before they file. Of course, not everyone files early: only about 9 million of the 140 million U.S. tax filers filed in January or February of last year.

"The majority of taxpayers will be able to fill out their tax returns and file them as they normally do," said IRS Commissioner Doug Shulman in a statement. "The IRS will work through the holidays and into the New Year to get our systems reprogrammed and ensure taxpayers have a smooth tax season."

The delay affects both paper and electronic filers who itemize deductions on Form 1040 Schedule A. That includes those claiming the new Educator Expense Deduction, which credits grade school teachers for out-of-pocket expenses of up to $250.

It also includes those claiming deductions for college students, covering up to $4,000 of tuition, which is claimed on Form 8917 though the IRS said there will be no delays for those that claim other education tax credits.

Though itemizers can work on their tax returns before the IRS is ready to accept them, the government said people should not send them in before it is ready to process the returns.

The IRS hasn't yet said exactly what day it will be able to begin processing the impacted tax returns, but it expects to announce that date "in the near future."

Fax Answers

answers to your questions about faxing

« How to Stop a Calls from a Fax Machine?
How to Fix Vertical Strips On Faxes I Send »

How Can I Test My Fax Machine?

I just hooked up a new fax machine and I'd like to test it just to make sure it works. How can I do that?

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both:

To test the send functionality of your fax machine, send a one-page fax to 1-855-330-1239 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero; this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

Issue Fax interrupts telephone conversations in answering machine mode (Tel priority mode)

Solution Change Remote RX ID on MX700

Remote RX ID Setting

1 Display the FAX menu.

(1) Press the **FAX** button, then press the **Menu** button.

The FAX menu is displayed.

2 Display the Device settings screen.

(1) Press the ◀ or ▶ button to select **Maintenance/Settings**, then press the **OK** button.

The Maintenance/settings screen is displayed.

(2) Press the ◀ or ▶ button to select **Device settings**, then press the **OK** button.

The Device settings screen is displayed.

3 Display the User settings screen.

(1) Press the ▲ or ▼ button to select **FAX settings**, then press the **OK** button.

The FAX settings screen is displayed.

(2) Press the ▲ or ▼ button to select **RX settings**, then press the **OK** button.

The RX settings screen is displayed.

4 Press the ▲ or ▼ button to to select **Remote RX**, then press the **OK** button.

5 Select **OK**, then press the **OK** button.

6 Use the ▲ or ▼ settings to enter a desired ID #, then press the **OK** button.

7 Press the **<Fax>** button to return to Fax standby mode.

test fax

Why can't I send or receive T.38 faxes using the res_fax modules with an Open Source Asterisk 1.4 release?

The Open Source Asterisk 1.4 releases do not support T.38 Termination. If you need T.38 Termination support with an Open Source Asterisk release, you must use an Open Source Asterisk 1.6 (or later) release.

If I am using an Open Source Asterisk 1.4 release, which version of Open Source Asterisk is recommended?

Digium recommends using Open Source Asterisk 1.4.22 or newer. Versions prior to 1.4.22 have not been tested.

If I am faxing over TDM, which version of DAHDI is recommended?

Digium recommends using DAHDI 2.1.0.3 or newer. Versions prior to 2.1.0.3 have not been tested.

What are the compatibility differences between res_fax and SpanDSP-based modules?

See sections *A.2* and *A.3* for more information.

How do I create a TIFF file?

There are many tools to create a TIFF file. One of the most common is the ghostscript utility available from *http://www.ghostscript.com*.

Using the command-line ghostscript utility, a Letter-size (8.5" x 11") PDF can be converted to a TIFF file using the following command:

```
# gs -q -dNOPAUSE -dBATCH -sDEVICE=tiffg4 -sPAPERSIZE=letter
-sOutputFile=<dest-tiff> <src-pdf>
```

To create a TIFF from an A4-size (210mm x 297mm) PDF file, use the following command:

```
# gs -q -dNOPAUSE -dBATCH -sDEVICE=tiffg4 -sPAPERSIZE=a4
-sOutputFile=<dest-tiff> <src-pdf>
```

When PDF files are created by document scanners, they are sometimes created with a larger-than-standard paper size, e.g. 8.6" x 12". In these cases, ghostscript does not adjust

taken prior to catalog year 2010-11 also. If a transfer student took courses equivalent to BIOL 211, BIOL 212, or BIOL 213 at another institution without labs they must take BIOL 212L, BIOL 213L, and BIOL 213L (labs).

Upper Division

Take all the following courses:

BIOL 350 Cultural Ecology (3)
Prerequisites: BIOL 211, BIOL 212, BIOL 213, BIOL 280, MATH 110A or MATH 122 all with a grade of 'C' or better

ESP 300 Environmental Law and Policy (3)
Prerequisites: ESP 200 and upper division standing, or consent of instructor

ESP 400 Environmental Science and Policy Capstone Project (3)
Prerequisites: BIOL 350 or ESP 380, ECON 306 or ECON 462 or ECON 463 or ECON 464 or CHEM 406, ESP 300, GEOG 461 or GEOL 473, GEOL 300, OR consent of instructor. In addition, students must have scored 11 or higher on the GWAR Placement Examination or completed the necessary portfolio course that is a prerequisite for GWAR.

GEOL 300 Earth Systems and Global Change (3)
Prerequisites: GE Four dation requirement, upper division standing, and CHEM 100 or CHEM 111A or GEOL 102 or GEOL 105 with a grade of 'C' or better

Take all the following courses:

GEOG 421 Geographic Information Science for Natural Sciences (4)
Prerequisites: Junior/Senior/Graduate standing, GEOG 140 or BIOL 153 or GEOL 102

Or

GEOG 473 Remote Sensing (4)
Prerequisites: GEOG 200 (or equivalent) and GEOG 250 or consent of instructor

Take one of the following courses:

ECON 306 Environmental Issues of the World Economy (3)
Prerequisites: GE Foundation and the Category B requirement, and ECON 101

Or ESP 406 Project Cost-Benefit Analysis (3)
Prerequisites: GE Foundation requirements

Take 3 units of social science electives, chosen from the following:

GEOG 340 GEOG 355 GEOG 440 GEOG 446 GEOG 447 GEOG 449 GEOG 455, GEOG 459 CEOG 460 GEOG 464 HIST 482, ENRI 444 ASAM 350 SOC 350 WGSS 424 ECON 462 ECON 463, ECON 464

Take 6 units of natural science electives, chosen from the following:

BIOL 312, BIOL 313, BIOL 316, BIOL 324, BIOL 342, BIOL 345 BIOL 353, BIOL 355, BIOL 412, BIOL 415, BIOL 418, BIOL 420 BIOL 421 BIOL 423, BIOL 424 BIOL 427 BIOL 438, BIOL 440, BIOL 450 BIOL 451 BIOL 452 BIOL 453, BIOL 454A BIOL 454B BIOL 455 BIOL 456, BIOL 457 BIOL 458 BIOL 486 GEOL 303 GEOL 339 GEOL 341 GEOL 445 GEOL 461 GEOL 465 GEOL 466 GEOL 474, GEOL 477

Take an additional 3 units selected from the social science or natural science electives listed above, if necessary to meet the university requirement for upper division units.

Sent Directly From Fax Machine

Jean CHAUVENET Under the stewardship of Christophe Drago, Chauvenet's son-in-law, the wines here continue to get more exciting with each exciting vintage. Regarding the 2001s, Drago said that he had little need for triage ... with short pruning and a green harvest, most of the work was done, and where there was a problem of maturity of the grapes, he simply didn't take them. The village *Nuits* is round, beefy and spicy with blackberry aromas. In the mouth, the wine is chewy with deep blackberry fruit and a nice equilibrium. (85-88) The ***Nuits-Aux Argillas*** is from 15-year old vines. There is a slight reduction and coffee aromas in the nose. On the palate, the wine shows good density and concentration without being heavy or over-powering. This wine shows the earthy, stony side of *Nuits*. (85-88) The ***Nuits-Damodes*** is a step up in quality. It shows spicy blackberry, raspberry, and red currant aromas. In the mouth, the wine is denser but less chewy and more sophisticated with slightly powdered blackberry fruit and good length. (89-91) The ***Nuits-Boussels*** is shown sharper blackberry fruit in the nose, and is round and dense with black plum and cassis flavors and more tannin than the Damodes on the finish. (87-90) Chauvenet's ***Nuits-Rue de Chaux*** is from vines planted in 1936. The nose is pure cassis leaf. In the mouth, the wine is denser than any of the previous with plenty of cassis fruit slowly coming forth in the mouth. It is a touch rustic in the good *Nuits-St-Georges* sense with plenty of length. (In 2001, the Rue de Chaux was [illegible]. From one of my favorite Nuits vineyards, the ***Nuits-Perrières*** is lighter and livelier in the nose with red currant and blackberry fruit. In the mouth, the wine has a beautiful purity, and although not as dense as the others, has beautifully defined blackberry and red currant fruit with fine overall balance. (90-93) Finally, the ***Nuits-Vaucrains*** is from vines planted in 1946 and 1961. It is much denser and deeper in the nose ... just short of jammy in its blackberry and cassis fruit. On the palate, the wine is very dense, long, and pure with stony blueberry and blackberry fruit and a long finish. A wine not to miss. (92-95)

HUMOR FOR TODAY – JUNE 14th

Holidays for Today: Flag Day ~ Pop Goes the Weasel Day ~ National Strawberry Shortcake Day ~ World Blood Donor Day

It's my wife's birthday tomorrow. Last week I asked her what she wanted as a present.
"Oh, I don't know," she said. "Just give me something with diamonds."
That's why I'm giving her a pack of playing cards.

A note about politics...
A group of etymologists has discovered the two rarest words of the word "politics"
~ *Greek poly-* from poli, much; many
~ *Tick* Any of numerous small bloodsucking parasitic arachnids of the family Ixodidae; many of which transmit febrile diseases, such as Rocky Mountain spotted fever and Lyme disease.
Make your own conclusions.

WARNING! One word in PUN ZONE!
~ Dismay: The doctor pulled out a big needle and said, "DISMAY hurt a bit."
~ Overture: Let's go OVERTURE house and shoot some baskets.
~ Clothesline: "When I came home late again, I found my CLOTHESLINE on the porch."
~ Library: If you want to shoot a deer, you need to LIBRARY still and stay quiet.

An airhead standing by the river sees another airhead on the opposite bank.
Airhead #1: "Yoo-hoo! Hello over there! How can I get to the other side of the river?"
Airhead #2: "Idiot -- you ARE on the other side."

One day, an employee received an unusually large paycheck. She decided not to say anything about it.
The following week, her check was for less that the normal amount, and she confronted her boss.
"How come," the supervisor inquired, "you didn't say anything when you were overpaid?"
Unperturbed, the employee replied, "Well, I can overlook one mistake, but not two in a row!"

When a customer slid into the barber chair, the barber asked him how he wanted his hair cut.
"Make it short," the customer replied, "with a bare patch above my left ear, but longer on the right side so that it covers my right ear. I also want my left sideburn above my left ear and the right sideburn below my right ear."
The barber looked puzzled and said, "I don't think I can do that."
The customer replied, "I don't know why not--that's the way you cut it the last time I was here!"

TODAY IN TRIVIA. Was Sitting Bull a Jumping Badger? Chief Sitting Bull was originally named "Jumping Badger." Among some American Indian tribes, it was customary to give newborn males temporary names. The names were changed later, as the boys developed character and showed courage in manhood.

QUIP OF THE DAY: Women who seek to be equal with men lack ambition. Timothy Leary
THAT'S (ALMOST) ALL FOLKS!
Thought for the day. The future you see is the future you get. Robert G. Allen

Test 5 by me

Welcome to ABODA!

The Seattle Metropolitan area boasts several wonderful sights as well as friendly people. When moving to any new city or environment, we recommend heightened awareness and educating yourself about your new surroundings.

Please see below for helpful hints we ask all of our guests to consider when staying in the Seattle Metropolitan area:

- Never leave valuables such as GPS, computers and cell phones in your car
- When entering secured apartment buildings make sure the entry door closes behind you
- Always keep your doors and windows locked
- Before answering your door, know who is on the other side
- After dark, avoid side streets and alleys, opting for main streets
- Don't carry excessive cash, there are ATMs everywhere.
- Panhandling is against the law in Seattle; we advise you to not give money to anyone if approached in downtown areas
- Always use caution when opening your purse or wallet in public
- Consider your surroundings late at night.
- Many downtown busses do not run all night so be sure to check schedules
- If you find yourself in need of emergency services dial 911

We are pleased to have you as our guest and we're certain you'll love our city as much as we do. Enjoy the international flavor, beautiful natural surroundings, fun activities and the great, outgoing people that Seattle has to offer.

Enjoy your stay with ABODA!

We found 2 vacant frequencies on the FM band (from the Rk Arkansas)
The graph above shows the strength of each frequency in use. Find below the best vacant channel (if any) in each area.

Vacant Channels	Next Best Channels	Third Best Channels
(91.3 FM WBSH 89.3 FM WBSH)	90.5 FM GREAT 104.3 FM GREAT	88.5 FM GOOD 107.1 FM GOOD
	106.7 FM GREAT 89.4 FM GREAT	103.7 FM GOOD 104.1 FM GOOD 105.9 FM GOOD

After our Extra Expert System, the vacancy designations are only vacant by federal law. If an FM radio station will work like on a new channel, you will be less likely to cause interference with the station's signal.

Find Vacant Channels at Another Location in U.S. Only

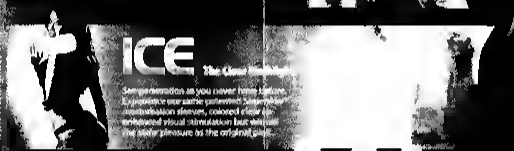
FLESHLIGHT *Girls*

Fleshlight Girls™ is our most erotic, fantasy-driven Fleshlight experience. Our custom-molded flesh lights, pulled from the adult industry's hottest talent, combine both visual and sensual fantasy. The Lelu™ sleeve texture (shown above), available on all Fleshlight Girls Fleshlights, adds to the real sin of the experience with true replication of vaginal intercourse...

fleshjack

...catering specifically to our gay audience with exclusive case colors and tantalizing orifice options like the Jock Ass. Fleshjack is the one of our fastest growing brands. And with the addition of the Fleshjack Boy™ there's more than enough to keep every fantasy fulfilled...



ICE

The Clear Sensation

Same sensation as you never have before. Experience your same pulsating sensation, stimulation sleeves, colored clear to enhanced visual stimulation but with just the same pleasure as the original pink.

BUILD YOUR OWN

Choose your case color, your sleeve, and one of our many mini-lubricants to create your own Fleshlight out of over 24 million possibilities!

MISSOURI ASSOCIATION OF REALTORS®

Property Management Agreement

This is a legally binding contract. If you do not understand it, consult your attorney.

This Property Management Agreement ("Contract") is made and entered into between Owner(s) _____ Trent Gilbert _____ ("Owner") and _____ STL BUY AND SELL Dave Hoelting _____ ("REAL TORS®"). (Owner's Residence Phone Number) _____ (Owner's Residence Address) _____ (Owner's Email Address) _____ (REAL TORS®'s Office Phone Number) _____ (REAL TORS®'s Office Address) _____ (REAL TORS®'s Email Address) _____ The Contract supersedes and replaces in full any existing Property Management Agreement between Owner and REAL TORS®.

For and in consideration of the mutual covenants herein contained, the parties agree as follows:

1. **DESIGNATION OF REALTORS® AND DESCRIPTION OF PROPERTY.** REAL TORS® is hereby designated as the sole and exclusive agent of Owner for the purpose of managing the following property, the Property (as defined below), on the terms of Owner's instructions as set forth in this Contract and any later agreements. The Property is known as 1501 Summerset St Charles MO 63303

2. **CURRENT EXCLUSIVE REPRESENTATION AGREEMENT.** (Check one)
☐ IT IS NOT Owner is not currently under another representation agreement with respect to the management or marketing of the Property. If Owner is under a prior representation agreement, please provide a copy of such agreement.
☒ IT IS Owner is currently under another representation agreement with respect to the management or marketing of the Property. If Owner is under a prior representation agreement, please provide a copy of such agreement.

3. **TERM OF AGREEMENT.** This Contract shall begin on (Effective Date) as defined herein and end on 06/30/2025 ("Termination Date"), unless terminated sooner pursuant to this Contract. This initial term of the Contract is referred to as the "Initial Term." Upon the expiration of the Initial Term, this Contract shall automatically renew for successive 30 day periods (each a "Renewal Term") unless either party gives written notice to the other party at least 30 days prior to the then applicable Termination Date of its intent not to renew this Contract. Any notice of termination must be delivered in writing to the other party by personal delivery, certified mail, or email and is effective as of the date of delivery. Notwithstanding the foregoing, if the Property is sold, transferred, or otherwise disposed of during the Initial Term or any Renewal Term, this Contract shall terminate automatically upon the closing of such sale, transfer, or disposition, and no further notice from either party shall be required. Termination of this Contract shall not relieve Owner of any obligations to pay REAL TORS® any fees or commissions that have become due and payable prior to the date of termination, including but not limited to any fees or commissions earned by REAL TORS® in connection with any tenant leases or renewals executed during the Initial Term or any Renewal Term. Any termination fee or penalty shall not be less than 30 days of Monthly Rent. Monthly Rent means the total amount of rent payable by all tenants of the Property for a single month, as specified in the applicable lease agreements. Any termination fee or penalty shall be calculated based on the Monthly Rent in effect at the time of termination. Owner agrees that the termination fee or penalty is a reasonable estimate of the damages REAL TORS® would suffer due to the early termination of this Contract and is not intended as a penalty. Owner shall pay the termination fee or penalty within 10 days of receiving a written demand from REAL TORS®. Failure to pay the termination fee or penalty when due may result in REAL TORS® pursuing all available legal remedies to collect the amount owed, including but not limited to filing a lawsuit, obtaining a judgment, and enforcing the judgment against Owner's assets. Owner shall be responsible for all costs and expenses incurred by REAL TORS® in connection with the collection of the termination fee or penalty, including but not limited to attorney's fees, court costs, and collection agency fees. Owner agrees that REAL TORS® shall have the right to withhold any security deposits, rent payments, or other funds held by REAL TORS® on behalf of Owner to offset the amount of the termination fee or penalty owed by Owner. Owner shall not be entitled to any refund of any fees or commissions paid to REAL TORS® prior to the termination of this Contract, except as otherwise expressly provided in this Contract. Owner acknowledges that REAL TORS® has the right to enforce the terms of this Contract, including the termination fee or penalty provision, in any court of competent jurisdiction. Owner agrees that REAL TORS® shall be entitled to recover its reasonable attorney's fees and costs incurred in enforcing the terms of this Contract, including the termination fee or penalty provision, in addition to any other damages or relief to which REAL TORS® may be entitled.

4. **RIGHTS AND DUTIES OF REALTORS®.**

A. **Authority.** Unless and until terminated as provided herein or as REAL TORS® ceases to qualify or maintain any and all of its rights and duties of REAL TORS®, Owner grants REAL TORS® the exclusive right to manage the Property. REAL TORS® is responsible and has the authority, at its sole cost and expense, to perform the following services and duties:

☒ Inspections. Assess the condition of the Property and identify any repairs or maintenance that may be necessary.

☒ Rent Collection. Collect all rents, deposits, and other charges due from tenants under the terms of their lease agreements.

☒ Lease Negotiation. Negotiate and enter into lease agreements with tenants for the Property, including setting the rental rate, security deposit, and lease terms.

☒ Tenant Selection. Screen and select tenants for the Property, including conducting background checks, credit checks, and verifying employment and rental history.

☒ Lease Enforcement. Enforce the terms of the lease agreements, including addressing tenant violations, late payments, and lease renewals.

☒ Property Maintenance. Coordinate and oversee routine maintenance and repairs of the Property, including hiring and supervising contractors, obtaining bids, and scheduling work.

☒ Emergency Repairs. Respond to emergency situations, such as fires, floods, or burst pipes, and take appropriate action to protect the Property and tenants.

☒ Financial Management. Maintain accurate financial records, including income and expenses related to the Property, and provide regular reports to Owner.

☒ Marketing. Market the Property for lease, including advertising, showing the Property to prospective tenants, and conducting open houses.

☒ Legal Compliance. Ensure that the Property complies with all applicable laws, regulations, and ordinances, including fair housing laws and building codes.

☒ Other: Dave Hoelting will be the point of contact for all maintenance issues and will coordinate with the tenants and contractors as needed.

(Check one box below only if applicable.) Owner does not authorize REAL TORS® to conduct any of the following activities on behalf of Owner:

☐ Rent Collection. REAL TORS® is not authorized to collect rents on behalf of Owner.

☐ Maintenance. REAL TORS® is not authorized to perform any maintenance or repairs on the Property.

☐ Tenant Selection. REAL TORS® is not authorized to select tenants for the Property.

☐ Other: _____

Owner authorizes REAL TORS® to perform the services listed above. Owner agrees that REAL TORS® shall not be liable for any acts or omissions of any third-party vendors or contractors hired by REAL TORS® on behalf of Owner, unless such acts or omissions are due to the gross negligence or willful misconduct of REAL TORS®. Owner shall indemnify and hold harmless REAL TORS® from any claims, damages, or liabilities arising from the actions of such third-party vendors or contractors, except to the extent caused by REAL TORS®'s gross negligence or willful misconduct. Owner shall be responsible for all costs and expenses incurred by REAL TORS® in connection with the services listed above, including but not limited to any fees charged by third-party vendors or contractors, unless otherwise agreed to in writing by Owner and REAL TORS®.

B. **Broker Compensation and Commencement.** Every REAL TORS®, participating in Broker Cooperation, agrees to pay the REALTOR® or its representative who is designated as the buyer's agent a fee or commission as set forth in the Broker Cooperation Database. Broker compensation amounts or percentages are subject to change at any time. Broker compensation offered to REALTORS® is not a guarantee of payment. Broker compensation is subject to REALTORS®'s company policy, applicable compensation offers, and the terms of any agreements REALTORS® has with its clients. REALTORS® company policy shall not be enforced that such compensation is not dependent whether by company policy or otherwise.

REALTORS® company policy authorizes any such compensation from the account of commission that will be collected by REAL TORS® shall be as follows (indicate a specific dollar amount or the exact share of commission): Participation fee equal to 1/2 of the first month's rent. Any compensation offered to REALTORS® by other participants of REALTORS®, such as buyer agents, may be negotiable between REALTORS® and such participants. REAL TORS® is not responsible for any compensation offered to REALTORS® by other participants of REALTORS®, nor does REAL TORS® guarantee the accuracy or completeness of any such compensation information.

☐ $ _____ or _____ % of Listing Compensation due to Buyer as REAL TORS® (Listing Agent must fill out)

☐ $ _____ or _____ % of Listing Compensation due to Buyer as REAL TORS® (Listing Agent must fill out)

☐ $ _____ or _____ % of Listing Compensation due to Buyer as REAL TORS® (Listing Agent must fill out)

☐ (Check only if applicable.) REAL TORS® does not accept any compensation from any other participants of REALTORS® and shall not be entitled to receive any compensation from any other participants of REALTORS®, except as otherwise expressly provided in this Contract.

C. **Owner Compensation.** REAL TORS® shall be entitled to the following compensation for its services under this Contract: (Owner Compensation)

Hi from Erie Pa

Calendar

AUSTIN OUTDOOR
a yellowstone landscape company

MAY

- Apply second fertilizer/pre-emergent herbicide application to St. Augustine turfgrass.
- Mow turf grass on weekly basis now that they are activity growing.
- Continue to monitor ornamental plant material for insect and disease *problems*. Make appropriate treatments as necessary to control.
- Complete installation of summer seasonal color before hot, dry weather arrives.
- Irrigate landscape only as necessary. Avoid irrigating late afternoon or early evening, rather irrigate between 12:00 am and sunrise. Concentrate irrigation watering efforts towards turf and seasonal color areas rather than established tree and shrub material.

la•ser | lāzər|

noun

a device that generates an intense beam of coherent monochromatic light (or other electromagnetic radiation) by stimulated emission of photons from excited atoms or molecules. Lasers are used in drilling and cutting, alignment and guidance, and in surgery; the optical properties are exploited in holography, reading bar codes, and in recording and playing compact discs.

ORIGIN 1960s: acronym from *light amplification by stimulated emission of radiation*, on the pattern of *maser*.

Testing Your HP Fax Machine with the HP Fax Test Service

Support details

Introduction

This document will assist you in testing your HP Fax machine using the HP Fax Test Service.

Refer this document for easy reference by clicking the Printable Version link in the upper-right corner of this page.

Test your fax machine

To test the capability of your fax machine, follow the directions below.

NOTE: Be sure that your phone service is not Caller ID blocked by your telephone company prior to attempting to send and receive a fax. Pressing *82 before dialing the test fax number will unblock the Caller ID blocking feature in most areas. Other phone company services can prevent you from receiving a fax, including voice mail, call blocking, or call privacy features.

NOTE: When ever troubleshooting a fax issue, it is good practice to set the document Reports option to Every Error before attempting a test fax. This way, even if the test fax fails, an error code will be generated that will guide you in future troubleshooting. This option is available in different places on different products, consult the product User's Guide for specific steps.

1. **Send a one page black and white test fax to 1-888-329-2963 (1-888-473-2963)**
2. **When your fax is complete, the HP Test Fax Service, we will generate a return fax to you within five minutes confirming that we received your fax. This verifies that you can both send and receive a fax with your fax machine.**

If you do not **receive a return fax**, within 5-7 minutes, **there may be a problem** with the setup of your fax machine. Consult the user manual that came with the product for proper setup and configuration.

NOTE: The most common cause of failure is that the fax number set in the Fax Header on the machine does not match the number of the phone line connected to the fax. Also, ensure that the fax header contains the full 10-digit telephone number of the fax machine including the area code.

For more information or assistance, click Windows XP at the top of this page.

Adobe Acrobat PDF Files

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts, formatting, colours and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing.

- *Anyone, anywhere* can open a PDF file. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes can't open files because they don't have the applications used to create the document.
- PDF files *always print correctly* on any printing device.
- PDF files always display *exactly* as created, regardless of fonts, software, and operating system. Fonts and graphics are not lost due to platform, software and version incompatibilities.
- The free Acrobat Reader is easy to download and can be freely distributed by anyone.
- Compact PDF files are smaller than their source files and downloaded a page at a time for fast display on the Web.

FAX?
WHY DON'T YOU JUST SEND IT OVER ON A DINOSAUR?

Fax Toy

Random Stuff Sent From Your Fax Machine
Fax something interesting to 1-510-545-0990

To the right are pages that folks have faxed us recently. Click any thumbnail to see the large version and rate it for interestingness.

You can fax something interesting to 1-5... (your loss will never notice maybe) and it should appear here within a couple of minutes. (The number is in Northern California, USA. Long distance charges may apply.) Keep it clean & legal.

Fax single page documents with no cover sheet. If you fax more than one page only the last page will appear here. We try to snip off the top few pixels of the page where your company name and fax number should appear, but make no promises that this will actually work.

Get an e-mail alert when FaxToy receives a new fax

VACCINE INFORMATION STATEMENT

Influenza Vaccine
Inactivated
What You Need to Know

2012 - 2013

Many Vaccine Information Statements are available in Spanish and other languages. See www.immunize.org/vis.

Hojas de información sobre Vacunas están disponibles en Español y en muchos otros idiomas. Visite http://www.immunize.org/vis

1 Why get vaccinated?

Influenza ("flu") is a contagious disease.

It is caused by the influenza virus, which can be spread by coughing, sneezing, or nasal secretions.

Anyone can get influenza, but rates of infection are highest among children. For most people, symptoms last only a few days. They include

- fever/chills
- sore throat
- muscle aches
- fatigue
- cough
- headache
- runny or stuffy nose

Other illnesses can have the same symptoms and are often mistaken for influenza.

Young children, people 65 and older, pregnant women, and people with certain health conditions—such as heart, lung or kidney disease, or a weakened immune system—can get much sicker. Flu can cause high fever and pneumonia, and make existing medical conditions worse. It can cause diarrhea and seizures in children. Each year thousands of people die from influenza and even more require hospitalization.

By getting flu vaccine you can protect yourself from influenza and may also avoid spreading influenza to others.

2 Inactivated influenza vaccine

There are two types of influenza vaccine

1. **Inactivated** (killed) vaccine, the "flu shot," is given by injection with a needle.

2. **Live, attenuated** (weakened) influenza vaccine is sprayed into the nostrils. *This vaccine is described in a separate Vaccine Information Statement.*

A "high dose" inactivated influenza vaccine is available for people 65 years of age and older. Ask your doctor for more information.

Influenza viruses are always changing, so annual vaccination is recommended. Each year scientists try to match the viruses in the vaccine to those most likely to cause flu that year. Flu vaccine will not prevent disease from other viruses, including flu viruses not contained in the vaccine.

It takes up to 2 weeks for protection to develop after the shot. Protection lasts about a year.

Some inactivated influenza vaccine contains a preservative called thimerosal. Thimerosal-free influenza vaccine is available. Ask your doctor for more information.

3 Who should get inactivated influenza vaccine and when?

WHO

All people 6 months of age and older should get flu vaccine.

Vaccination is especially important for people at higher risk of severe influenza and their close contacts, including healthcare personnel and close contacts of children younger than 6 months.

WHEN

Get the vaccine as soon as it is available. This should provide protection of the flu season comes early. You can get the vaccine as long as illness is occurring in your community.

Influenza can occur at any time, but most influenza occurs from October through May. In recent seasons, most infections have occurred in January and February. Getting vaccinated in December, or even later will still be beneficial in most years.

Adults and older children need one dose of influenza vaccine each year. But some children younger than 9 years of age need two doses to be protected. Ask your doctor.

Influenza vaccine may be given at the same time as other vaccines, including pneumococcal vaccine.

4 Some people should not get inactivated influenza vaccine or should wait.

- Tell your doctor if you have any severe (life-threatening) allergies, including a severe allergy to eggs. A severe allergy to any vaccine component may be a reason not to get the vaccine. Allergic reactions to influenza vaccine are rare.

Slow Cooker Honey Garlic Chicken

Rated: ★★★★

Submitted By: TORA.V
Photo By: Jessica

Prep Time: 20 Minutes
Cook Time: 4 Hours

Ready In: 4 Hours 20 Minutes
Servings: 10

"Chicken thighs cooked in the slow cooker with a sweet, tangy sauce"

INGREDIENTS

1 tablespoon vegetable oil
10 boneless skinless chicken thighs
3/4 cup honey
3/4 cup lite soy sauce
3 tablespoons ketchup
2 cloves garlic, crushed
1 tablespoon minced fresh ginger root
1 (20 ounce) can pineapple tidbits, drained with juice reserved
2 tablespoons cornstarch
1/4 cup water

DIRECTIONS

1. Heat oil in a skillet over medium heat, and cook chicken thighs just until evenly browned on all sides. Place thighs in a slow cooker.
2. In a bowl, mix honey, soy sauce, ketchup, garlic, ginger, and reserved pineapple juice. Pour into the slow cooker.
3. Cover, and cook 4 hours on High. Stir in pineapple tidbits just before serving.
4. Mix the cornstarch and water in a small bowl. Remove thighs from slow cooker. Blend the cornstarch mixture into remaining sauce in the slow cooker to desired. Serve sauce over the chicken.

Look
beyond
what you
see ...

Our Father, which art in heaven,
hallowed be thy name.
thy kingdom come.
thy will be done,
in earth as it is in heaven
Give us this day our daily bread
And forgive us our trespasses,
as we forgive them that trespass against us
And lead us not into temptation
but deliver us from evil
[For thine is the kingdom,
the power and the glory,
for ever and ever.]
Amen

Dear Customer

We regret that your shipment with UPS was lost or damaged. In order to expedite the processing of a claim, please promptly submit the required information listed below.

Please note that if you have already submitted the required information, you may disregard this notice. If necessary, UPS will contact you for any additional information.

Documents required to support a claim:

1. Request for Claim Payment Form. Enter the lesser of the actual cost, replacement cost if the merchandise can be replaced, or repair cost if the merchandise can be repaired, and transportation charges.
2. Merchandise Value. Provide a copy of the original invoice. If the original invoice is not available, you must provide other proof certified in writing, sufficient to identify the package contents and to substantiate the lesser of the actual cost, replacement cost, or repair cost of the merchandise.
3. Shipping Record. Provide a copy of the shipping record for the package.

To file a claim electronically:
For customers with access to Claims on ups.com:
https://wwwapps.ups.com/webClaims/create?loc=en_US

For other claims:
https://wwwapps.ups.com/due/upload?loc=en_US

To file a claim by fax or mail, see the enclosed Request for Claim Payment Form.

We apologize for any inconvenience this may have caused. We strive to provide quality service and look forward to serving you in the future. If you have any questions or need further assistance, please call 1-800-PICK-UPS. Please refer to your shipper number and claim number. If the required documents are not timely received by UPS, your claim may be denied.

Use only CAPITAL LETTERS completely fill in ovals, for example ● use red ink
FAX TO 1-866-643-3219 TOLL FREE
For additional expenses, please use new page

XHXCXRX

SECTION 1: YOUR INFORMATION

AT&T

SECTION 3: YOUR HEALTHCARE EXPENSES

SECTION 4: CERTIFICATION

I hereby certify that: I have read and understand the instructions on page one.
The information provided on the form is correct.
I have not received reimbursement or previously for these expenses from my healthcare flexible or any other plan and will not seek reimbursement for the same from them.

I understand that: Reimbursement is not guaranteed. Any expenses I claim may be subject to audit. Healthcare expenses I reimburse myself for are for myself, my spouse and my dependents. I will keep receipts and other documentation for all expenses I claim for reimbursement for a minimum of 3 years. I will provide this documentation to SHPS upon request. I will not seek reimbursement for expenses I have claimed as a medical deduction on my personal income tax return.

I hereby authorize withholding of payment through my employer as one time deduction from my next payroll.

I hereby authorize SHPS or its representatives to have necessary information from all physicians, hospitals, medical service providers, pharmacists, employers, and all other agencies or companies to release such information to SHPS in order to validate the claim for reimbursement under my healthcare flexible account.

Non-Qualified Annuity Death Claim Election Form

Metropolitan Life Insurance Company • New England Life Insurance Company

To process your claim as quickly as possible, we need personal information about the beneficiary as well as information about the deceased annuitant or owner. Each beneficiary must submit a separate statement to comply with IRS regulations and Federal law. Please review the instructions on page 1 of 6.

A. Deceased Annuitant or Owner Information

First Name | Middle Name | Last Name

Legal Residence

City | State | Zip Code

Marital Status ☐ Single ☐ Married ☐ Widow/Widower ☐ Separated ☐ Divorced

Please list all annuity contract/certificate numbers on which claim is being made. (Also list life insurance policies):

B. Beneficiary Information (Owner Information, if Claim is Payable to Owner)

NOTE: If the Beneficiary (Owner) is an estate, a trust, a minor, or an incompetent person, please see the instructions on page 1 of 6. IF THE BENEFICIARY HAS HAD A NAME CHANGE – We will require proof of the name change, such as a marriage certificate, divorce decree, or other court-issued document showing the change of name.

First Name (please print or type) | Middle Name | Last Name

Legal Residence

City | State | Zip Code

Social Security No. or Trust/Estate Tax ID No. | Date of Birth | U.S. Citizen ☐ Yes ☐ No

☐ Male ☐ Female

Daytime telephone number (in case we need to contact you) | Your relationship to the Decedent* ☐ Spouse ☐ Child ☐ Other (specify)

* **If Decedent's resident state is PA AND Relationship to Decedent is spouse AND there was a pending divorce at time of death,** please check here. ☐

C. Additional Requirements

1 Please furnish us with a **certified** copy of the death certificate.
2 Attach the State Tax Waiver, if needed (see instructions on Page 1 of 6)
3 Return the annuity contract(s)/certificate(s) or, if unavailable, explain why

Signature

The information I have given is, to the best of my knowledge, true and accurate. I know it is a crime to fill out this form with information I know is false or to leave out facts I know are important.

Hi Yong-Ku

&

Hi Jon

test From

Becky

Not very politically correct !!

A Catholic Priest, an Indian Doctor, a rich Chinese Businessman and an Australian Developer were waiting one morning for a particularly slow group of golfers in front of them.

The Aussie fumed, 'What's with those guys? We must have been waiting for fifteen bloody minutes!'

The Indian Doctor chimed in, 'My goodness gracious I don't know, but I've never seen such poor golf!'

The Chinese Businessman called out 'Move it, move it, time is money!'

The Catholic Priest said, 'Here comes George the green keeper. Let's have a word with him.'

'Hello, George'', said the Catholic Priest, 'What's wrong with that group ahead of us? They're rather slow, aren't they?'

George the green keeper replied, 'Oh, yes. That's a group of blind fire fighters.
They lost their sight saving our clubhouse from a fire last year, so we always let them play for free anytime '

The group fell silent for a moment.

The Catholic Priest said, 'That's so sad. I think I will say a special prayer for them tonight!'

The Indian Doctor said, 'Good idea. I'm going to contact my ophthalmologist colleague and see if there's anything he can do for them!'

The Chinese Businessman replied, 'I think I'll donate $50,000 to the fire-fighters in honour of these brave souls!'

The Aussie said, 'Why the F--- can't they play at night?'

Test.

General Description of Coverage

ProtectPlus provides benefits only when the insured's accidental death or accidental dismemberment results directly — and independently from all other causes — from an accidental bodily injury that was unintended, unexpected or unforeseen. See your Certificate/Policy of Insurance for a full description of coverage.

Electronic Funds Premium Disclosure

The first premium payment may be in an amount that the monthly premium since the premium from the date of approval until the first of the following month will be added to the first monthly payment. This authorization will remain in effect until the financial institution has received and has had reasonable time to act on a written request from you to cancel.

Consumer Protection Disclosures

Insurance products are not deposits or other obligations of, or guaranteed by, the financial institution or any of its affiliates. Insurance products are not insured by the Federal Deposit Insurance Corporation (FDIC) or any other agency of the United States, the financial institution, or any of its affiliates. The financial institution may not condition an extension of credit on either (1) your purchase of an insurance product from the financial institution or any of its affiliates or (2) your agreement not to obtain, or prohibition on you from obtaining, an insurance product from an unaffiliated entity. By signing this application, you acknowledge your receipt of these disclosures.

Exclusions

In no event will Minnesota Life Insurance Company pay a benefit where your loss or injury is caused directly or indirectly by results from or there is overlapping from any of the following: 1. self-inflicted injury or self-destructive behavior, sane or insane; 2. suicide or attempted suicide, while sane or insane; 3. your participation in or attempt to commit a crime assault or felony; 4. bodily or mental infirmity, illness or disease; 5. the use of a cohol, drugs, medications, poisons, gases, fumes or other substances taken, absorbed, inhaled, ingested or injected unless taken upon the advice of a licensed physician in the verifiable prescribed manner and dosage; 6. motor vehicle collision or accident where you are the operator of the motor vehicle and your blood alcohol level meets or exceeds the level at which intoxication is defined in the state where the collision or accident occurred, regardless of the outcome of any legal proceedings connected thereto; 7. infection, other than infection occurring simultaneously with and as a direct result of, the accidental injury; 8. medical or surgical treatment or diagnostic procedures or any resulting comp lications; 9. travel in or descent from any aircraft, except as a fare-paying passenger on a regularly scheduled commercial flight on a licensed passenger aircraft carrier; 10. war or any act of war, whether declared or undeclared, while serving in the military service; 11. repetitive stress syndromes including but not limited to: rotator cuff syndrome, bursitis, tendonitis, carpal tunnel syndrome, ulnar nerve syndrome, stress fractures, neuropathy, epicondylitis or neuritis. The exclusions that apply to your coverage may vary depending on your state of residence. What follows are specific exclusions which apply in certain states as indicated below:

AL: 5. intoxication, as defined in the jurisdiction where the accident took place, drugs, medications, poisons, gases, fumes or other substances taken, absorbed, inhaled, ingested or injected, unless taken upon the advice of a licensed physician in the verifiable prescribed manner and dosage. Exclusion #11 deleted; 8. your participation in or your attempt to commit an assault or felony; 9. the voluntary use of any controlled substance as defined in Title 21 of the Comprehensive Drug Abuse Prevention and Control Act of 1970, as now or hereafter amended, unless as prescribed by your physician for you; **IL and WI**: the benefit is not payable when loss or injury results from or is caused directly by the causes shown above: **LA**: 5. your being intoxicated or under the influence of narcotics unless administered on the advice of a physician **MO**: 1. suicide or attempted suicide while sane; 9. war or any act of war, whether declared or undeclared, while serving in the military service; **NC**: 5. the use of alcohol, drugs, medications, poisons, gases, fumes or other substances taken, absorbed, inhaled, ingested or injected, unless taken upon the advice of a licensed physician in the verifiable prescribed manner and dosage; 6. motor vehicle collision or accident where you are the operator of the motor vehicle and your blood alcohol level meets or exceeds the level at which intoxication is defined in the state where the collision or accident occurred; **ND**: 5. the use of alcohol, drugs, any narcotic, medicaments, poisons, gases, fumes or other substances taken, absorbed, inhaled, ingested or injected unless taken upon the advice of a licensed physician in the verifiable prescribed manner and dosage. **OK**: the benefit is not payable when loss or injury results from or is caused directly by the causes shown above: 9. war or any act of war whether declared or undeclared, while serving in the military service or any auxiliary unit attached thereto; **OR**: The benefit must occur within 180 days after the date of the loss or injury. The benefit is not payable when death results from or is caused directly by the causes shown above. 5. the voluntary use of drugs, their fumes, vapors, poisons or other substances taken, absorbed, inhaled, ingested, or injected, unless taken upon the advice of a licensed physician in the verifiable prescribed manner and dosage. 6. the voluntary use of alcohol when your blood alcohol level meets or exceeds the level at which intoxication is defined by the laws of the state where said alcohol use occurred; 7. motor vehicle collision or accident where you are the operator of a motor vehicle and your blood alcohol level meets or exceeds the level at which intoxication is defined in the state where the collision or accident occurred, regardless of the outcome of any legal proceedings connected thereto. 8. infection, other than infection occurring simultaneously with, and as a direct result of the accidental injury 9 medical or surgical treatment or diagnostic procedures or any resulting complications; 10. travel in or descent from any aircraft, except as a fare-paying passenger on a regularly scheduled commercial flight on a licensed passenger aircraft carrier. **SD**: 5. the use of poisons, gases, fumes or other substances taken, absorbed, inhaled, ingested or injected, unless taken upon the advice of a licensed physician in the verifiable prescribed manner and dosage. Exclusion #6 deleted; **WA**: ~~intentionally self-inflicted injury~~ 5. alcoholism and drug addiction; 6. the use of poisons, gases, fumes or other substances taken, absorbed, ingested or injected; Exclusion #7 deleted; **WI**: 3. your participation in a criminal act that results in a felony conviction; 5. the voluntary use of alcohol, drugs, medications, poisons, gases, fumes or other substances taken, absorbed, inhaled, ingested or injected, unless taken upon the advice of a licensed physician in the verifiable prescribed manner and dosage.

Selecting Benefit Plans

You may only choose one Benefit Plan on the reverse side of this application. If for some reason you do not choose a Benefit Plan but choose a coverage amount, the Commuter Benefits Plan will be selected for you

Benefits Reduction

Benefits reduce by 50 percent at age 70.

Fraud Warning

Any person who, with intent to defraud or knowing that he/she is facilitating a fraud against an insurer, submits an application or files a claim containing a false or deceptive statement is guilty of insurance fraud. **AR**: Any person who knowingly presents a false or fraudulent claim for payment for a loss or benefit or knowingly presents false information in an application for insurance is guilty of a crime and may be subject to fines and confinement in prison. **DC**: WARNING: It is a crime to provide false or misleading information to an insurer for the purpose of defrauding the insurer or any other person. Penalties include imprisonment and/or fines. In addition, an insurer may deny benefits if false information was provided by the applicant. **KY**: Any person who knowingly and with intent to defraud any insurance company or other person files a statement of claim containing any materially false information, or conceals, for the purpose of misleading, information concerning any fact thereto, commits a fraudulent insurance act, which is a crime. **ME**: It is a crime to knowingly provide false, incomplete or misleading information to an insurance company for the purpose of defrauding the company. Penalties may include imprisonment, fines or a denial of insurance benefits. **NJ**: Any person who includes any false or misleading information on an application for an insurance policy is subject to criminal and civil penalties. **PA**: Any person who knowingly and with intent to defraud any insurance company or other person files an application for insurance or statement of claim containing any materially false information or conceals, for the purpose of misleading, information concerning any fact thereto, commits a fraudulent insurance act, which is a crime and subjects such person to criminal and civil penalties. **VA**: It is a crime to knowingly provide false, incomplete or misleading information to an insurance company for the purpose of defrauding the company. Penalties include imprisonment, fines and denial of insurance benefits. The fraud statements above do not apply to residents of **CT, FL, KS, NC, OR, SC, TX, WA** and **WI**.

ProtectPlus Accidental Death and Dismemberment Insurance Plan is underwritten by Minnesota Life Insurance Company. Coverage provided under policy form series 86-50(2)47 05-50(2)77 05-50(3)6, 05-50(3)8, 05-50(3)5 are any state variation thereof

Insurance Disclosure: Insurance is not a deposit or other obligation of the bank or any bank affiliate; is not guaranteed, insured or underwritten by the FDIC, the bank or any bank affiliate; is not insured by the FDIC or any other agency of the U.S.; the bank or any bank affiliate; is not a condition to the provision or term of any banking service or activity; need not be requested or purchased through any particular source; is not a condition of any financial transaction or service; and may be purchased from any agent or company and the customer's choice will not affect current or future credit decisions.

Quick Reference Guide

Sending Black & White Faxes

Automatic Transmission

Sending a fax

1. If it is not illuminated in green, press (Fax).
2. Load your document.
3. Enter the fax number using Speed-Dial, Search or the dial pad.
4. Press **Mono Start**.
   The MFC starts scanning the first page.

```
Next Page?
1.Yes 2.No(Dial)
```

5. Press **2** to begin dialling.
   Press **Stop/Exit** to cancel.

Sending more than one page

1. If it is not illuminated in green, press (Fax).
2. Load your document.
3. Enter the fax number using Speed-Dial, Search or the dial pad.
4. Press **Mono Start** or **Colour Start**.
   The MFC starts scanning the first page.

```
Next Page?
1.Yes 2.No(Dial)
```

5. Press **1**.
6. Place the next page on the scanner glass.
   Press **Menu/Set**.
   The MFC starts scanning. (Repeat step 5 and 6 for each additional page.)
7. Press **2** to begin dialling.
   Press **Stop/Exit** to cancel.

Storing numbers

Storing Speed-Dial numbers

1. Press **Menu/Set**, **2**, **3**, **1**.
2. Using the dial pad, enter a two-digit Speed-Dial location number, and then press **Menu/Set**.
3. Enter a number (up to 20 digits), and then press **Menu/Set**.
4. Enter a name up to 15 characters (or leave it blank), and then press **Menu/Set**.
5. Press **Stop/Exit**.

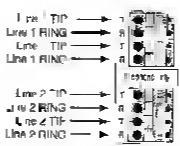
TI-2 Servicing Instructions

CAUTION THESE SERVICING INSTRUCTIONS ARE FOR USE BY QUALIFIED SERVICE PERSONNEL ONLY TO REDUCE THE RISK OF ELECTRICAL SHOCK, DO NOT PERFORM ANY SERVICING OTHER THAN THAT CONTAINED IN THE OPERATING INSTRUCTIONS UNLESS YOU ARE QUALIFIED TO DO SO.

THIS DEVICE MUST BE INSTALLED BY QUALIFIED, TRAINED PERSONNEL. CONNECTIONS TO THE TELEPHONE NETWORK MUST BE MADE WITH #26 AWG SOLID COPPER WIRE FOR CONTINUED SAFETY WIRE SHALL BE STRIPPED TO 9.0 mm OR 0.35

TI-2 connections



The TI-2 utilizes solid copper wire connections. To obtain reliable connection, it is important that only a single wire be put in the installation post and that the connection is made with screwdriver or other such implement. To disconnect a wire, only one post should be unscrewed. Please note the "C" in capture the wire.

Each of the TI-2's independent phone lines has a separate customer. This allows one to use the customer jack for diagnostic wiring, pull out its wiring the other. Each line has two parallel connections for TIP and ten parallel connections for RING. This allows another device (such as a dial to speaker or answering machine) to be connected in parallel with the telephone line via the TI-2. When connecting the TI-2 multiple wires should be in the wires as close to the TI-2 as possible. It is suggested #26 AWG solid copper wire with one 0.35 inches (9mm) for connection easily.

ACCOUNTEMPS
Attn: MENDOZA, ERNEO

OPEN TO THE PUBLIC
APPROVED RATES AT 3.25%

Activation Code: TTN00

MENDOZA, ERNEO,

US Leasing Corp offers direct lending through our own funds of credit, unlike the companies who only offer broker financing. We currently have your company pre-approved for A line of credit up to $250,000 for either equipment or working capital.

The last 10 years, US Leasing Corp has been geared towards Fortune 2000 companies. We are now offering financing options for the small to mid-market and expire. Your company has been preselected for the one page program. This program has been designed for a fast funding process with little to no pre-emerts.

If you are in the market for equipment or working capital please do not hesitate to call for your *EXCLUSIVE QUOTATION QUOTE* so you can see our low rates that traditional banks are not able to offer. Please call 800-201-2307 to go over your new transaction. We can also process your pre-approval on our website www.usleasingcorp.com/call_tender and get your approval *instantly!*

HOW DID WE GET YOUR INFORMATION? Your Dun & Bradstreet Paydex is commercial score is 79, which qualifies you for our one page program. We then used Experian Business Report and your company rated high risk nationwide in industry standard which is why you received the pre-approval.

Recently Funded Transactions as of 2/13/2014

$350,000 – Manufacturing Shop – CNC Machine – Franklin, KY
$16,000 – Landscaping Utility Vehicle – Seattle WA
$295,000 – Logging – Wood Chipper – Arcata, CA
$375,000 – Manufacturing – Thermoformer Machine – Fort Worth TX

Thank you

The Culture of Japan
Have you ever heard of Tanka?

Tanka is a traditional style of Japanese poetry, which is made up of 31 syllables (5-7-5-7-7). To use this style, poets must condense their feelings of love, yearning, admiration and longing for nature and life into subtle nuances and picturesque words. Because they must condense such strong feelings into such short simple forms, the selection of the appropriate Kanji or Hiragana (syllabify alphabet) has become an art from in itself. The more subtle or elegant the words the stronger and more vivid the readers' imagination.

Because of the nature of this style of poetry, and the close ties to the language and culture , Tanka has developed a simple elegant, classical style all its own.

People who read Tanka are free to let their imagination soar. The same Tanka may evoke different

Form W-4 (2018)

Future developments. For the latest information about any future developments related to Form W-4 (such as legislation enacted after it was published), go to *www.irs.gov/FormW4*.

Purpose. Complete Form W-4 so that your employer can withhold the correct federal income tax from your pay. Consider completing a new Form W-4 each year and when your personal or financial situation changes.

Exemption from withholding. You may claim exemption from withholding for 2018 if both of the following apply.

- For 2017 you had a right to a refund of all federal income tax withheld because you had no tax liability, and
- For 2018 you expect a refund of all federal income tax withheld because you expect to have no tax liability.

If you're exempt, complete only lines 1, 2, 3, 4 and 7 and sign the form to validate it. Your exemption for 2018 expires February 18, 2019. See Pub. 505, Tax Withholding and Estimated Tax, to learn more about whether you qualify for exemption from withholding.

General instructions

If you aren't exempt, follow the rest of these instructions to determine the number of withholding allowances you should claim for withholding for 2018 and pay additional amount of tax to have withheld. For regular wages, withholding must be based on allowances you claimed and may not be a flat amount or percentage of wages.

You can also use the calculator at *www.irs.gov/W4App* to determine your tax withholding more accurately. Consider using the calculator if you have a more complicated tax situation, such as if you have a working spouse, more than one job, or a large amount of nonwage income outside of your job. After your Form W-4 takes effect, you can also use this calculator to see how the amount of tax you're having withheld compares to your projected total tax for 2018. If you use the calculator, you don't need to complete any of the worksheets for Form W-4.

Note that if you have too much tax withheld, you will receive a refund when you file your tax return. If you have too little tax withheld, you will owe tax when you file your tax return and you might owe a penalty.

Filers with multiple jobs or working spouses. If you have more than one job at a time, or if you're married and your spouse is also working, read all of the instructions including the instructions for the Two-Earners/Multiple Jobs Worksheet before beginning.

Nonwage income. If you have a large amount of nonwage income, such as interest or dividends, consider making estimated tax payments using Form 1040-ES, Estimated Tax for Individuals. Otherwise, you might owe additional tax. Or you can use the Deductions, Adjustments, and Other Income Worksheet on page 3 or the calculator at *www.irs.gov/W4App* to make sure you have enough tax withheld from your paycheck. If you have pension or annuity income, see Pub. 505 or use the calculator at *www.irs.gov/W4App* to find out if you should adjust your withholding on Form W-4 or W-4P.

Nonresident alien. If you're a nonresident alien, see Notice 1392, Supplemental Form W-4 Instructions for Nonresident Aliens, before completing this form.

Specific instructions

Personal Allowances Worksheet

Complete this worksheet on page 3 first to determine the number of withholding allowances to claim.

Line C. *Head of household please note:* Generally, you can claim married or head of household filing status on your tax return only if you're unmarried and pay more than 50% of the costs of keeping up a home for yourself and a qualifying individual. See Pub. 501 for more information about filing status.

Line E. Child tax credit. When you file your tax return, you might be eligible to claim a credit for each of your qualifying children. To qualify, the child must be under age 17 as of December 31 and must be your dependent who lives with you for more than half the year. To learn more about this credit see Pub. 972, Child Tax Credit. To reduce the tax withheld from your pay by taking the credit into account, follow the instructions on line E of the worksheet. On the worksheet you will be asked about your total income. For this purpose, total income includes all of your wages and other income, including income subject to withholding by a spouse, before taking the year.

Line F. Credit for other dependents. When you file your tax return, you might be eligible to claim a credit for each of your dependents that don't qualify for the child tax credit, such as any dependent who is age 17 and older. To learn more about this credit, see Pub. 505. To reduce the tax withheld from your pay by taking this credit into account, follow the instructions on line F of the worksheet. On the worksheet, you will be asked about your total income. For this purpose, total income includes all of

Amazon's new payment card reader viciously undercuts Square and PayPal

If you own an iPad, all you need for your business to accept all major credit cards is an app and a $40-$50 card reader attachment. Amazon just released a competitor to Square and PayPal, the industry's top dogs.

I've noticed that Amazon's latest strategy has been to round up all of its services into all-in-one packages. Their card reader is all around their "Amazon Local" system, a "pay $10, get $20" service like Groupon or LivingSocial.

Amazon Local Register doesn't just compete with Square, PayPal and every other card reader on the market—it undercuts them by a massive margin. Card readers make money by simply taking a per designated percentage out of every purchase.

Square and PayPal's card reader take of 2.75 and 2.7% of every purchase, respectively. Amazon's introductory cut will be 1.75% until the start of 2016.

That "until the start of 2016" is what's important here, because it means that Amazon's cut will probably normalize or go up when 2016 comes around. Businesses enticed by paying a full percent less than they would for other services will already have Amazon's card reader and pay the extra percent rather than switch.

Amazon is basically paying for an "install base." An install base is a pool of people who own a product and would be willing to buy accessories or support promotions for something that fits with the product that they've already purchased.

Whether it works for the company or not, that does mean that you can run all of your credit card transactions for only 1.75% of the purchase until 2016.

Fax Answers

answers to your questions about faxing

« How to Stop a Calls from a Fax Machine?
How to Fix Vertical String On Faxes I Send »

How Can I Test My Fax Machine?

I just hooked up a new fax machine, and I'd like to test it, just to make sure it works. How can I do that?

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one-page fax to 1-855-330-1239 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Tay — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero. this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

This entry is filed under Fax Machines.

Questions to Ask

When it is appropriate, ask questions throughout the interview. Convey the impression that you need to learn everything you can about the job and the company in order to make a good decision. This is an opportunity to demonstrate what your research of the company has taught you. Here are some kinds of questions you may want to ask to learn if this prospective employer is suited to your needs

1. How would you describe the company's philosophy or culture?
2. How does this position fit in the overall corporate structure?
3. If we decide that this is a good match, what would be the first project that I would be working on?
4. What are the most pressing issues that I will deal with?
5. What resources will be available to me? Budget? Clerical support? Office space? Equipment?
6. What specific qualities or experience would your ideal candidate have?
7. What are the typical career paths here?
8. How will my performance be measured?
9. What type of training or orientation is provided?
10. How much travel would you consider normal for this position?
11. What is the next step in the process?

What other questions can you think of that will help you find out if this is the right job and company for you?

Hello

There

Adobe Acrobat PDF Files

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts, formatting, colours and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing.

- ***Anyone anywhere*** can open a PDF file. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes can't open files because they don't have the applications used to create the documents.
- PDF files ***always print correctly*** on any printing device.
- PDF files always display ***exactly*** as created, regardless of fonts, software and operating systems. Fonts and graphics are not lost due to platform, software and version incompatibilities.
- The free Acrobat Reader is easy to download and can be freely distributed by anyone.
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web.

DEMONSTRATION

Fax Toy

Random Stuff Sent From Your Fax Machine
Fax something interesting toll free to 1-888-877-1655 or 1 503 200 1300

To the right are pages that folks have faxed us recently. Click any thumbnail to see the large version and rate it for interestingness.

You can fax something interesting to 1-888-877-1655 (your boss will never notice maybe) or 1 503 200-1300 (long distance to Portland, Oregon) and it should appear here within a couple of minutes. (It's a toll-free number if you're in the USA.) Keep it clean & legal.

Fax single-page documents with no cover sheet. If you fax more than one page, only the first page will appear here. We try to crop off the top few pixels of the page where your company name and fax number should appear, but make no promises that this will actually work.

Get an email alert when Fax Toy receives a new fax

Vonage Test Fax

Fill in the values below and click "Print Test Fax Page"

To:	From:
Fax:	Fax:
Phone:	Phone:
Subject: Test Fax	Date:

Fax Settings

Reference your Owner's Manual for help adjusting the settings below

ECM (error correction mode)	Off
Baud Rate	9600
International	On (this is set on a per-call basis)
Resolution	Standard
Answer Mode	Fax Only
Rings to Answer	2nm (0)
Call Waiting	Off
Bandwidth Saver	High (90 kbps)
Distinctive Ring	Off

Troubleshooting Steps

The steps below will help you resolve common faxing problems

- Switch off fax machine and unplug power adapter from device and from wall outlet.
  - Let fax machine remain off for 60 seconds
- Try a different phone cord between the fax machine and the Vonage device.
- Eliminate any splitters between the fax machine and the Vonage device.
- Connect Fax machine directly to the Vonage device, bypassing any home wiring.
- If using an All-In-One device, temporarily disconnect device from PC.

Further Assistance

If you need further assistance using your Vonage Fax Service, we are always available to help.

Call us at 1 VONAGE-HELP (1-866-243-4357) or visit **www.vonage.com**

Hello!!

Our Father which art in heaven
hallowed be thy name
thy kingdom come
thy will be done,
on earth as it is in heaven.
Give us this day our daily bread
And forgive us our trespasses,
as we forgive them that trespass against us.
And lead us not into temptation,
but deliver us from evil
[For thine is the kingdom,
the power, and the glory
for ever and ever.]
Amen

DEPARTMENT OF LICENSING

Request for DUI Hearing

This is your notice that the Department of Licensing (DOL) intends to suspend, revoke or deny your license, permit, or privilege to drive. You have the right to request a formal hearing to contest the suspension or revocation of your driving privilege. The hearing will be conducted according to Chapter 308-103 WAC. For issues covered at the hearing refer to RCW 46.20.308.

A non-refundable fee of $375 must be included with your request. Unless you are determined to be indigent (see Indigent Requests below), **Your request must be postmarked within 20 days of the date of arrest, or within 20 days of the date the notice was given**. If your request is not made within this time frame, you will have waived your right to a hearing.

Send this completed form with a check or money order payable to Department of Licensing to: Hearings & Interviews

Department of Licensing
PO Box 9048
Olympia, WA 98507-9048

If you have a Washington State driver license and a valid MasterCard, Visa or American Express credit card, you may apply for a hearing online. Visit our website at **www.dol.wa.gov** for more information.

Indigent Requests – If you are applying as indigent (defined in RCW 10.101.010) and want the hearing fee waived use form HRNG 525-010, Application for DUI Indigent Waiver, available at our website at **www.dol.wa.gov**.

All correspondence will be mailed to the address on file with DOL. To update your address, visit us online at **www.dol.wa.gov** or go to your local licensing office.

This is a test fax sent for the purposes of isolating issues with faxing features Please report any errors that may appear

Thank you

Notice to Employee

Refund. Even if you do not have to file a tax return, you should file to get a refund if box 2 shows federal income tax withheld or if you can take the earned income credit.

Earned income credit (EIC). You must file a tax return if any amount is shown in box 9.

You may be able to take the EIC for 2010 if you do not have a qualifying child and you earned less than $13,460 ($18,470 if married filing jointly). You have a qualifying child and you earned less than $35,535 ($40,545 if married filing jointly) or you have more than one qualifying child and you earned less than $40,363 ($45,373 if married filing jointly). You also may be able to take the EIC if you are a member of the clergy or you have self-employment income. You cannot take the EIC if your investment income is more than $3,100. Any EIC that is more than your tax liability is refunded to you but only if you file a tax return. If you have at least one qualifying child, you may get as much as $1,830 of the EIC in advance by completing Form W-5, Earned Income Credit Advance Payment Certificate, and give it to

Clergy and religious workers. If you are not subject to social security and Medicare taxes, see Pub. 517, Social Security and Other Information for Members of the Clergy and Religious Workers.

Corrections. If your name, SSN, or address is incorrect, correct Copies B, C, and 2 and ask your employer to correct your employment record. Be sure to ask the employer to file Form W-2c, Corrected Wage and Tax Statement, with the Social Security Administration (SSA) to correct any name, SSN, or money amount error reported to the SSA on Form W-2. If you a name and SSN are correct but are not the same as shown on your social security card, you should ask for a new card that displays your correct name or the SSA office or call 1-800-772-1213. You also may visit the SSA at *www.socialsecurity.gov*.

Credit for excess taxes. If you had more than one employer in 2010 and more than $6,621.60 in social security or Tier 1 RRTA taxes were withheld, you may be able to claim a credit for the excess against your income tax. If you had more than one railroad employer and more than $3,068.80 in Tier 1 RRTA tax was withheld, you may be entitled to a refund. *Employers on the back of Copy C.*

Instructions for Employee

Box 1. Enter this amount on the wages line of your tax return.

Box 2. Enter this amount on the Federal income tax withheld line of your tax return.

Box 3. The amount of social security wages and tips subject to social security tax. Do not include this amount on your tax return.

Box 4. The amount of social security tax withheld for the wages in box 3. Do not include this amount on your tax return.

Box 5. The amount of wages subject to Medicare tax. Do not include this amount on your tax return.

Box 6. The amount of Medicare tax withheld for the wages in box 5. Do not include this amount on your tax return.

Box 7. Social security tips you reported to your employer. Do not include this amount on your tax return.

Box 8. Allocated tips you must include in income. Do not include this amount on your tax return.

Box 9. Blank.

Box 10. The amount of dependent care benefits that your employer sent to you or incurred on your behalf including amounts in excess of the $5,000 exclusion. Complete Form 2441, Child and Dependent Care Expenses, to determine any taxable amount.

Box 11. If applicable, the amount is from distributions you received from your employer's nonqualified deferred compensation or nongovernmental section 457(b) plan or section 501(c)(18)(D) trust. Any amount in excess of your deferrals under a nonqualified plan is subject to social security and Medicare taxes. Also, unless you have a tax-exempt status for your employer, any amount in excess of the deferrals under a section 457(b) plan that exceeds the limit is subject to social security and Medicare taxes. Generally, you must include the amount in box 11 in your income. However, there is a limit on the amount of deferrals you must include. See the instructions for Form 1040 or Form 1040A. Any amount in excess of the limit is not subject to income tax withholding. This amount is not eligible for rollover. For more information, see Pub. 957, Reporting Back-Dated Retirement Plans.

Box 12. See the list below. Use the amounts to figure any tax you owe. For more information, see the instructions for your tax return.

A—Uncollected social security or RRTA tax on tips. Include this tax on Form 1040, line 60.

B—Uncollected Medicare tax on tips. Include this tax on Form 1040, line 60.

C—Taxable cost of group-term life insurance over $50,000 (included in boxes 1, 3 (up to social security wage base), and 5).

D—Elective contributions to a section 401(k) cash or deferred arrangement. Also, any designated Roth contributions under such plans.

E—Elective deferrals under a section 403(b) salary reduction agreement.

F—Elective deferrals under a section 408(k)(6) salary reduction SEP.

G—Elective deferrals and employer contributions (including nonelective deferrals) to a section 457(b) deferred compensation plan.

H—Elective deferrals to a section 501(c)(18)(D) tax-exempt organization plan. See Additional Child Tax Credit in the Form 1040 instructions for how to report.

J—Nontaxable sick pay. Information only, not included in boxes 1, 3, or 5.

K—20% excise tax on excess golden parachute payments. See "Total Tax" in the Form 1040 instructions.

L—Substantiated employee business expense reimbursements (nontaxable).

M—Uncollected social security or RRTA tax on taxable cost of group-term life insurance over $50,000 (former employees only). See "Total Tax" in the Form 1040 instructions.

N—Uncollected Medicare tax on taxable cost of group-term life insurance over $50,000 (former employees only). See "Total Tax" in the Form 1040 instructions.

P—Excludable moving expense reimbursements paid directly to employee (not included in boxes 1, 3, or 5). Complete Form 3903 or Form 3903-F and attach to Form 1040.

R—Employer contributions to your Archer MSA. Report on Form 8853 Archer MSAs and Long-Term Care Insurance Contracts.

S—Employee salary reduction contributions under a section 408(p) SIMPLE (not included in box 1).

T—Adoption benefits (not included in box 1). Complete Form 8839, Qualified Adoption Expenses, to compute any taxable amount. Enter the amount from Form 8839, line 31.

V—Income from exercise of nonstatutory stock options (included in boxes 1 (up to social security wage base), and 3). See Pub. 525 and Publication 15-B for exercise of nonstatutory stock options.

W—Employer contributions to your Health Savings Account. Report on Form 8889 Health Savings Accounts (HSAs).

Y—Deferrals under a section 409A nonqualified deferred compensation plan. If a section 409A amount is includible in income, you will be subject to an additional 20% tax plus interest. See Publication 15-B for more information. This amount is also included in box 1. It is subject to social security, Medicare, and RRTA taxes unless it is a nonqualified deferred compensation plan subject to the special timing rules of section 3121(v)(2). See Publication 15-B for more information.

Z—Income under a nonqualified deferred compensation plan that fails to satisfy section 409A. This amount is also included in box 1. It is subject to additional taxes, interest, and penalties. See Publication 15-B for more information.

AA—Designated Roth contributions under a section 401(k) plan.

BB—Designated Roth contributions under a section 403(b) plan.

DD—Cost of employer-sponsored health coverage. The amount reported with this code is for your information only. It is not taxable.

EE—Designated Roth contributions under a governmental section 457(b) plan. This amount does not apply to contributions under a tax-exempt organization section 457(b) plan.

FF—Permitted benefits under a qualified small employer health reimbursement arrangement.

GG—Income from qualified equity and grant plans. Report on Form 8949.

HH—Aggregate deferrals under section 83(i) elections as of the close of the calendar year. Report on Form 8949.

Box 13. If the "Retirement plan" box is checked, special limits may apply to the amount of traditional IRA contributions that you may deduct. See Pub. 590. Also, you may be able to take a credit for contributions to a traditional IRA, Roth IRA, SEP, or SIMPLE plan. See Form 8880.

Box 14. Employers can use this box to report information such as state disability insurance taxes withheld or union dues.

Box 15. Enter the state and employer's state ID number.

Box 16. Shows the amount of wages subject to state income tax.

Box 17. Shows the amount of state income tax withheld from the wages.

Box 18. Shows the amount of wages subject to local income tax.

Box 19. Shows the amount of local income tax withheld from the wages.

Box 20. Shows the locality name for local wages and tips.

Instructions for Employer

Box 1. Enter total wages and tips subject to federal income tax withheld. Include all bonuses and the value of noncash payments such as group-term life insurance over $50,000, taxable benefits from a cafeteria plan or trustee-to-trustee transfer or qualified rollover, and the value of a vehicle or other property you transferred to the employee. Do not include reimbursements for qualified moving expenses, contributions to a section 401(k), 403(b), 408(k)(6), or 457(b) plan, salary reduction contributions to a section 125 cafeteria plan, or nontaxable fringe benefits.

Box 2. Enter federal income tax withheld from wages, tips, sick pay, and supplemental unemployment benefits.

Box 3. Enter the total wages subject to social security tax before withholding. Do not include tips reported by the employee. Do not include nontaxable sick pay. Include all elective deferrals and employer contributions (including nonelective deferrals) to a section 457(b) deferred compensation plan.

Box 4. Enter social security tax withheld for the wages in box 3. Include social security tax withheld from sick pay, but not from allocated tips.

Box 5. Enter total wages and tips subject to Medicare tax before withholding. Include all elective deferrals and employer contributions (including nonelective deferrals) to a section 457(b) deferred compensation plan. Do not include nontaxable sick pay.

Box 6. Enter Medicare tax withheld from wages, tips, sick pay, and supplemental unemployment benefits.

Box 7. Enter social security tips reported by the employee to you for the purpose of the social security tax. Do not include allocated tips.

Box 8. Enter allocated tips. Do not include this amount in box 1, 3, 5, or 7.

Box 9. Blank.

Box 10. Enter the total dependent care benefits that your employer sent to you or incurred on your behalf including amounts in excess of the $5,000 exclusion. Complete Form 2441, Child and Dependent Care Expenses, to determine any taxable amount.

Box 11. If applicable, enter the amount from distributions you received from your employer's nonqualified deferred compensation or nongovernmental section 457(b) plan or section 501(c)(18)(D) trust. Any amount in excess of your deferrals under a nonqualified plan is subject to social security and Medicare taxes. Also, unless you have a tax-exempt status for your employer, any amount in excess of the deferrals under a section 457(b) plan that exceeds the limit is subject to social security and Medicare taxes. Generally, you must include the amount in box 11 in your income. However, there is a limit on the amount of deferrals you must include. See the instructions for Form 1040 or Form 1040A. Any amount in excess of the limit is not subject to income tax withholding. This amount is not eligible for rollover. For more information, see Pub. 957, Reporting Back-Dated Retirement Plans.

Box 12. See the list below. Use the amounts to figure any tax you owe. For more information, see the instructions for your tax return.

A—Uncollected social security or RRTA tax on tips. Include this tax on Form 1040, line 60.

B—Uncollected Medicare tax on tips. Include this tax on Form 1040, line 60.

C—Taxable cost of group-term life insurance over $50,000 (included in boxes 1, 3 (up to social security wage base), and 5).

D—Elective contributions to a section 401(k) cash or deferred arrangement. Also, any designated Roth contributions under such plans.

E—Elective deferrals under a section 403(b) salary reduction agreement.

F—Elective deferrals under a section 408(k)(6) salary reduction SEP.

G—Elective deferrals and employer contributions (including nonelective deferrals) to a section 457(b) deferred compensation plan.

H—Elective deferrals to a section 501(c)(18)(D) tax-exempt organization plan. See Additional Child Tax Credit in the Form 1040 instructions for how to report.

J—Nontaxable sick pay. Information only, not included in boxes 1, 3, or 5.

K—20% excise tax on excess golden parachute payments. See "Total Tax" in the Form 1040 instructions.

L—Substantiated employee business expense reimbursements (nontaxable).

M—Uncollected social security or RRTA tax on taxable cost of group-term life insurance over $50,000 (former employees only). See "Total Tax" in the Form 1040 instructions.

N—Uncollected Medicare tax on taxable cost of group-term life insurance over $50,000 (former employees only). See "Total Tax" in the Form 1040 instructions.

P—Excludable moving expense reimbursements paid directly to employee (not included in boxes 1, 3, or 5). Complete Form 3903 or Form 3903-F and attach to Form 1040.

R—Employer contributions to your Archer MSA. Report on Form 8853 Archer MSAs and Long-Term Care Insurance Contracts.

S—Employee salary reduction contributions under a section 408(p) SIMPLE (not included in box 1).

T—Adoption benefits (not included in box 1). Complete Form 8839, Qualified Adoption Expenses, to compute any taxable amount. Enter the amount from Form 8839, line 31.

V—Income from exercise of nonstatutory stock options (included in boxes 1 (up to social security wage base), and 3). See Pub. 525 and Publication 15-B for exercise of nonstatutory stock options.

W—Employer contributions to your Health Savings Account. Report on Form 8889 Health Savings Accounts (HSAs).

Y—Deferrals under a section 409A nonqualified deferred compensation plan. If a section 409A amount is includible in income, you will be subject to an additional 20% tax plus interest. See Publication 15-B for more information. This amount is also included in box 1. It is subject to social security, Medicare, and RRTA taxes unless it is a nonqualified deferred compensation plan subject to the special timing rules of section 3121(v)(2). See Publication 15-B for more information.

Z—Income under a nonqualified deferred compensation plan that fails to satisfy section 409A. This amount is also included in box 1. It is subject to additional taxes, interest, and penalties. See Publication 15-B for more information.

AA—Designated Roth contributions under a section 401(k) plan.

BB—Designated Roth contributions under a section 403(b) plan.

DD—Cost of employer-sponsored health coverage. The amount reported with this code is for your information only. It is not taxable.

EE—Designated Roth contributions under a governmental section 457(b) plan. This amount does not apply to contributions under a tax-exempt organization section 457(b) plan.

FF—Permitted benefits under a qualified small employer health reimbursement arrangement.

GG—Income from qualified equity and grant plans. Report on Form 8949.

HH—Aggregate deferrals under section 83(i) elections as of the close of the calendar year. Report on Form 8949.

Box 13. If the "Retirement plan" box is checked, special limits may apply to the amount of traditional IRA contributions that you may deduct. See Pub. 590. Also, you may be able to take a credit for contributions to a traditional IRA, Roth IRA, SEP, or SIMPLE plan. See Form 8880.

Box 14. Employers can use this box to report information such as state disability insurance taxes withheld or union dues.

Box 15. Enter the state and employer's state ID number.

Box 16. Shows the amount of wages subject to state income tax.

Box 17. Shows the amount of state income tax withheld from the wages.

Box 18. Shows the amount of wages subject to local income tax.

Box 19. Shows the amount of local income tax withheld from the wages.

Box 20. Shows the locality name for local wages and tips.

Twitter Accounts in Venezuela under attack by pro-government hackers | The Yellow Flashlight | Web Design | Advanced SEO | Mobile Webpage Design | Freelance Designer

Today I was checking the recent tweets from the people I follow after many days of inactivity. I do not follow anyone that talks about politics, as that is the most boring and annoying topic on the Internet. However, today I learned about a new wave of unprecedented hacking that several twitter users in Venezuela were experiencing.

Apparently a group of pro-government hackers got finally ahold of the login information for at least 6 people from the government opposition community.

The stolen information was apparently related to their emails and twitter accounts.

Obviously, those so called "hackers" would try to make a big deal out of it as it is normal on the minds of those who claim such glorious accomplishments to be true as unfortunately so easy to do.

I would be hard for me to know exactly or with a 100% certainty of how those accounts are being hacked unless I know case by case about the circumstances or each of the account owners but I can think of a few ways that this can be accomplished easily and I will offer some advise on what to do in order to prevent this from happening a given at least to make it very hard for these so-called hackers.

One of the things that caught my attention was the fact that not only these twitter accounts were hacked, but also their email addresses as well.

This can not be a coincidence and later on some calls me that it was not their twitter accounts that was stolen, but the email passwords were compromised and therefore their twitter accounts and anything that is tied to their emails. Like Twitter, Facebook and yes unfortunately their bank accounts.

Knowing this, the first thing that came to my mind was "key loggers" (refer to 1)

They are more than they are real, they work and I have used them in the past.

They can be installed in seconds on any computer (mostly windows base PC) and if you do the installation right, you can have any activity password's, chats, screen-prints, keystrokes, page visited, and even camera snapshots sent periodically to any email address of your choice without the victim even knowing this is happening.

You can even configure the key logger to bypass the firewalls installed on your computer and remain invisible on your computer. They won't even show on the list of installed software's, and you won't be able to uninstall it unless you format your hard drive.

Almost every cyber cafe would have key loggers installed on their computers. Not by the owners of the establishments, but by unscrupulous visitors that want to steal people's passwords and accounts info in order to make a quick buck by using the stolen bank account balance. Before he knew, he had a lot of money missing, from his account in a matter of days.

There are also some key loggers that don't need to software installed on and are even easier to place on desktop computers in just three seconds. They are called "hardware key loggers". Like the one shown on the picture. It is basically a little attacher on that goes on the end of the keyboard and will record everything that was typed on your keyboard.

Now here is the thing. Both of these methods require that the "low-moral character" have access to your PC or laptop for at least a few minutes. This might not be the case in Venezuela where several personal files from the opposition had their twitter accounts hacked in such a short amount of time. I really don't see people in Venezuela leaving their laptops out of sight for more than a few seconds. In fact, most of the twitter users in

U.S. Department of Homeland Security
Minneapolis Hiring Center
1 Federal Drive, Room 400
Fort Snelling, MN 55111-4007

U.S. Customs and Border Protection

Dear Applicant:

Thank you for registering for the Border Patrol Agent (BPA) written examination. The U.S. Border Patrol became a part of U.S. Customs and Border Protection on March 1, 2003. The Border Patrol enjoys a strong reputation among law enforcement agencies throughout the United States. The Border Patrol Agent position is physically and mentally challenging. A career in the Border Patrol is not for everyone, but for those with the right combination of abilities, there's no better job in the world.

We encourage you to visit www.CBP.gov and click on either Border Security or Careers for more information on the exciting and challenging career of a Border Patrol Agent. Included on the website is a Border Patrol Agent Fact Sheet, as well as information on Medical Qualifications, Fitness Requirements, Basic Qualification Requirements, the Hiring Process, Border Patrol Academy, and Frequently Asked Questions. In addition, you may wish to view the CBP Border Patrol Agent On Duty Video that can be accessed from the website.

The CBP Border Patrol Academy is recognized as having one of the most challenging curriculums in Federal law enforcement. The written examination for which you have just registered has been proven to be a good predictor of success at the Academy. Therefore, we encourage you to prepare for the upcoming exam by reviewing the BPA Preparation Manual that you may have already printed during your online registration. (The manual is also available on the at www.cbp.gov/xp/cgov/careers/study_guides/ or from the Office of Personnel Management.) The test consists of general abilities and language testing. Since Border Patrol Agents must speak and read Spanish, applicants are required to take an artificial language test designed to test the ability to learn a foreign language. Applicants may choose to take a Spanish Proficiency test designed to test their Spanish language ability. The Preparation Manual explains each section of the examination and provides practice tests. For those not planning to take the Spanish Language Proficiency Test, it is particularly important to prepare for the Artificial Language Test.

For those of you who have registered to take the test at a compressed testing location, CBP, in cooperation with the Office of Personnel Management (OPM) will be utilizing a special process that will require approximately 6 hours of your time on the day of your written test. The initial step of this process is the test itself. After completing the test, a Border Patrol Agent will present an orientation session about the Agent position. You will then immediately receive your Notice of Results. If you successfully pass the written exam, you will be given a packet of forms to complete and mail to the Minneapolis Hiring Center, as well as a date (within two weeks of the test date) for an Oral Board interview.

Please keep your Test Admission Notice in a safe place since you'll be required to bring it with you in order to be admitted to the test session for which you're registered. Thank you again for your interest in the challenging and rewarding position of a Border Patrol Agent with U.S. Customs and Border Protection, Department of Homeland Security.

BUFFALO GROVE HIGH SCHOOL

Date: 9/23/10

Dear Contributor

I am writing on behalf of the Buffalo Grove High School Choral Guild. I would like to ask for a donation for our silent auction, which is our annual fund raising event known in the community as ***Cabaret Night***

All funds raised by the Choral Guild support the high school's choral music program, including the school's national award-winning varsity show choir ***The Expressions***. The Choral Guild is a not for-profit organization which the IRS has recognized as tax exempt under Section 501(c) 3 of the Internal Revenue Code. The Choral Guild is run entirely by volunteers and has no employees.

The Cabaret Night event, which will include a performance by The Expressions, will be held on Saturday, November 13, 2010, in the cafeteria at Buffalo Grove High School.

We are very proud of these high school students that participate in the musical arts and hope that we can count on you and your tax deductible contribution.

Any and all gifts are truly appreciated. Thank you for your time and consideration. Please feel free to call with any questions you may have.

Sincerely,

Mary Kay Pawlak
Treasurer

Donations can be picked up or mailed.
For pick up or questions, please call Kathy Sye, 847-577-1442

How Can I Test My Fax Machine?

I just hooked up a new fax machine, and I'd like to test it, just to make sure it works. How can I do that?

Presumably you want to test your fax machine, by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one-page fax to 1-855-930-1239 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero: this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully it will automatically answer and spit out the test fax.

Online Faxing $2.99/Mo - Email, Phone & Computer Faxing
500 Pages In/Out, plus a Free Number. Fax from Anywhere. Start Today.
Try Fax.com Free
Get an internet fax number that sends and receives faxes online.

The Benefits of Magnesium

Research studies have shown that magnesium supplementation can help lower high blood pressure, lower the risk of developing diabetes, decrease the symptoms of PMS, reduce migraine symptoms, and help depression and anxiety. Magnesium has also been shown to help muscle cramps, as well as constipation, kidney stones, osteoporosis, insomnia, fibromyalgia and asthma.

Magnesium is needed for calcium to be used by bone. It is needed to help keep muscles relaxed, including those of the heart and blood vessels. It is needed in the function of vital co-factors and enzymes.

Diuretics (water-pills) can rob the body not only of potassium, but also of magnesium, yet little advice is given to supplement with magnesium. Magnesium is not as readily available as potassium in common foods, and is depleted by cooking and processing. Sources of magnesium are whole grains, greens, nuts, and seeds, however the soil itself is depleted of magnesium and these foods do not have as much magnesium now as they used to 50 years ago.

People who should not take magnesium are those with kidney failure, bowel obstruction, myasthenia gravis, or heart block.

In a situation of magnesium deficiency, it may take up to 6 months of oral supplementation to correct things.

There are several types of oral magnesium available, including magnesium citrate, magnesium chloride, magnesium malate, magnesium taurate, magnesium aspartate, magnesium glycinate, and magnesium oxide.

Magnesium Citrate is probably the most cost effective (400 to 600 mg at bedtime is a good dose, or 200 to 300 mg two to three times a day). If diarrhea is a problem, cut back on the dose or switch to magnesium glycinate or aspartate. Magnesium oxide is poorly absorbed, and hence likely to cause diarrhea. We do not recommend magnesium oxide.

If one is going for maximum absorption, it is best to use smaller divided doses throughout the day than one big need once a day.

If oral magnesium is giving you diarrhea and you still need more magnesium, you can try off of magnesium, which is magnesium chloride, rubbed onto the skin. Or you can soak your feet in an Epsom salt (magnesium sulfate) bath.

Type A personalities and people under stress will tend to need more magnesium.

Because it helps with constipation, magnesium can also be used as a laxative. Magnesium as a laxative is sold as a liquid in bottle of magnesium citrate. The difference between magnesium as a supplement and magnesium as a laxative is the dose.

Date November 16, 2012 11 43 43 PM CST
To Rick Martin <rmartin@itcglobal com>

Dea Rick

Good day! We have received your message and was noted. The dialing pattern when making a voice call through the i250 is <00><country code><destination number> # When picking up the analog phone handset do you hear something like a busy tone? If yes you can login to the 250 web portal then cl ck on Globe Mobile menu then select Admin and advise if you see Current FBB calls in progress Please cl ck on Clear phone line and refresh the page by press ng F5 If the page rema ns unchanged please go to Network tab select Reboot menu and click on Restart Please retry after the unit is fully started and advise if you can hear e ringing tone while attempting to call Thank you and have a pleasant day

Best regards,

Randy M Lumain

WARNING

Install with wires you may not. Use only yellow wires or harnesses marked **ONLY** (Susquehanna Electrical Systems) underneath the steering column. Do not use any other wires as they may prevent proper airbag operation and cause serious injury and/or death.

Battery gases are explosive.
Do not smoke while working near the car's battery.

Note: Some installers connect a battery charger to the vehicle's battery during installation. This is fine, but it must be removed before running the vehicle under remote starter control.

CAUTION

All General Motors (GM), rear wheel drive vehicles built prior to 1995 with automatic transmissions and Dodge Intrepid, Eagle Vision, Chrysler Concorde with automatic transmissions built prior to 1995 have a CONTINUOUS TYPE of NEUTRAL SAFETY SWITCH. See the small warning on the last page of these instructions.

CAUTION

When running the wires through the car's firewall be sure to protect them from sharp metal edges and from hot surfaces on and around the engine.

INSTALLATION INSTRUCTIONS

1. Before You Start

Take time to read through this whole installation manual before beginning.

Always learn a new system by slowly, yet surely, working your way.

IMPORTANT: After having read the entire manual, start the installation by putting the yellow WARNING STICKER in the engine compartment. Choose a surface that is clean and readily visible when the hood is open.

WARNING
This car is equipped with a remote control starting device.
Disable before working on car.
AVERTISSEMENT
Ce véhicule est equipé d'un système à démarrage à distance. Désactivez-le avant d'effectuer toute opération à l'intérieur ou du compartiment.

POWER & IGNITION HARNESS

The remote start module will be installed in the dash or console but before completion do not mount the module at this time! You will need to check the red ring on the LED light on the installation progresses. Locate (or install) a hole in the area of the DASH or CONSOLE for a GREEN wires of the **Control Harness** and the PINK wire of the **Power Harness** that the ring is accustomed. The remaining short wires stay in the passenger area. Leave about a foot of the wire as necessary. As dash or console work nig and would access to the plug and fingers.

The **Installation Information** kept on of our web site www.nuwire-online.com as well as the 24 hour help line are ready to walk you through the installation step-by-step. Or you can install on your own.

Note: Always connect the **PINK** and **BLACK** wires before connecting any of the other wires. Do not connect any of the 12 volt

2. Black Wire (16 AWG) – Ground

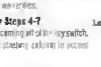
Connect the BLACK wire to a very good clean chassis ground in the driver's kick panel area. It is best to use a ring type nut. (This is a metal bracing area of or beneath the dash boards is not always accessible.)

3. Pink Wire (12 AWG) – Power (+12 Volts)

Connect the long wire that is not marked **PINK** wire to the 12 Volt wire hot of the battery. Run the long PINK wire through the firewall of your vehicle. Join the remaining ends of the power wire together by soldering them. Tape with electrical tape to leave no exposed wire. Alternatively you may wish to use the yellow butt splices in the wire nut assembly bag. Wait to insert the 30 amp glass fuse into the holder until step 11. As the power is first supplied to the unit the red LED light on the LED light will flash once.

Note: Failure to properly install the fuse holder and 30 amp fuse to the PINK wire to the battery voids all product warranties.

Ignition Key Diagram for Steps 4-7



4. Blue Wire (14 AWG) – Ignition 1

Connect the BLUE wire to the ignition 1 wire in your vehicle. This wire will measure +12 Volts on the test meter in the "Run" and "Start" position and even in the "Lock" and "accessory" positions.

5. Green (14 AWG) – Ignition 2

Connect the GREEN wire to the ignition 2 wire in the vehicle. The ignition 2 wire can be found in several different ways. Your test kit will help you understand how it works. The ignition 2 wire will just show measure +12 Volts in the "Run" position and off (ground) in the "Lock" or "accessory" position as pertain vehicles. They also show +12 Volts in the "Start" position or high when 2 may turn OFF during "Crank" and turn back ON after the starter disengages. Carefully note instances on the ignition 2 wire. If the wire on 2 shows OFF during "Crank" set Option #4 (in section 24). If the wire on 2 stays ON during Crank no options need to be changed.

6. White Wire (14 AWG) – Accessory

Connect the WHITE wire to accessory wire which measures +12 Volts in the run and accessory position but off in the start and off position. Most GM vehicles terminal the white wire to the wire under the dash at the "Run" only.

7. Yellow (14 AWG) – Starter

Connect the YELLOW wire to the starter wire. This wire will measure +12 Volts on the test meter in the "start" position only.

Note: Most Nissan vehicles have two starter wires. Connect both starter wires of the vehicle to the YELLOW starter wire of the remote starter.

8A. Plug In On/Off Switch

Mount the on/off switch so that it is easily accessible but not in the way of your feet. Insert the 4 pin female connector. Make sure the smooth (flat) side of the mounted switch is the one connected. Do not let the switch wires touch ground. Do not plug the switch in the unit until it is mounted first. Connection of this switch is mandatory. Use a 1/4" drill bit for the mounting hole.

Plug the ON/OFF switch wire with the module just to the right of the power wires. Turn the unit on.

8B. Plug In LED Light

Drill a 1/4" hole in the dash or panel to mount the LED light and plug the LED light plug into the unit. Connection of the LED light is not mandatory but the LED light is useful for alarm status, troubleshooting and programming options.

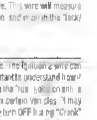
CONTROL HARNESS

ALL WIRES ARE THE SMALLER 18 AWG SIZE

9. Purple Wire – Hood Pin Switch – Control Harness

The hood pin switch MUST be the last wire connected of all. It prevents creation of the remote starter when the hood is open and is used for wiring the Valet Control the PURPLE wire to the hood pin switch using the red connector.

Note: If you already have a hood pin switch with it being used by a car alarm system you may share the wiring – but be sure to code outside each wire going to the hood pin switch with the bullets of electrical tape to identify them.



How to share a hood pin switch with a alarm

6 Volt 4.5 Amp Hour ES4-6

6 Volt 4.5 Amp Hour ES4-6 Product Description

Powersonic Battery supplies batteries that are manufactured under the most versatile computer control battery formation system and technology to achieve the highest quality. The automated computer controlled system provides programmed functions for steps of current, time, voltage, temperature and event control to match the performance specifications of your application requirements.

NON-SPILLABLE by DOT (Department of Transportation) ICAO (International Civil Airline Organization) and IATA (International Airline Transportation Association) definitions.

Features

- Maintenance Free
- Valve Regulated
- Used in Multiple Applications
- Float and Cycle Use
- High Discharge Rate
- Absorbed Glass Mat (often referenced as Gel Cell)
- Leak Proof/Spill Proof
- Tank formed plates
- Temperature control formation
- Constant current formation
- High quality battery better uniformity
- Constant voltage formation
- 1 Year Warranty

Comments

Batteries ship from various warehouses and usually deliver within 5 working days. Discount quantity pricing available please contact us by email or by phone during business hours.

blinking cursor appears.

- After the information has been entered in the field, the user can tab to the next field.
- After all the fields have been completed, the user can print out the page.

NOTE: If the cursor is blinking in a field, the information in that field will not be printed. Hit "Return" or "Enter" and the information will be captured for all fields.

Unfortunately, Acrobat Reader only, the entered data cannot be saved for later use.

For those who have the entire Acrobat suite—Acrobat, formerly called Acrobat Exchange—the data can either be saved separately or as a part of the form. If you save the data only, it will take up less disk space and can be imported back into the same form at any time, provided the form has not changed. For more information on exporting and importing form data, check your manual.

« How to Stop a Calls from a Fax Machine?
How to Fix Vertical Strips On Faxes I Send »

How Can I Test My Fax Machine?

I just hooked up a new fax machine and I d like to test it, just to make sure it works How can I do that?

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both

To test the send functionality of your fax machine, send a one-page fax to 1-855-330-1239 (a toll-free number in the United States) When it s finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number Within a minute, your fax should appear on the site. Click the thumbnail to see a large version

To test the receive functionality of your fax machine, point your web browser to FaxZero this site lets you send faxes for free to anywhere in the United States and Canada Within a few minutes your fax machine should ring — hopefully, it will automatically answer and spit out the test fax

This entry is filed under Fax Machines.

Test your fax machine or fax software with a free test fax number

July 23, 20 3 Is this guide helpful? Share:

Fax Software

Software

So you want to test your fax software or fax machine, but you don't have a fax number that you can test with. Here is a list of free fax numbers that are setup specifically for testing your fax machine within the USA or Canada.

These fax numbers will work on any fax machine, or any type of fax software including FaxTalk.

Testing fax sending only

A web site at ...ashley.net is available that will allow you to send a fax test. [illegible] a fax test report 1 888-877-1655 or +1 (888) 295-1306 (Portland, Oregon USA)

NOTE: Faxes sent to this number a publicly displayed for all to see on the Web site fartey.net -- Do not fax any sensitive, confidential or offensive material.

Verifying your fax was received successfully

Visit the Web site fartey.net and view the thumbnail fax. Click the thumbnail to view a full page of the fax. If you do not see your fax, use the number refresh screen to update the page. Your fax thumbnail should appear within a few minutes after a successful send.

Testing send and receive functions of your fax

Hewlett Packard (HP) provides a free fax testing service that can test both sending and receiving features of your fax software or fax machine.

Send a fax to + 1888-473-2983 (Toll Free to the USA and Canada)

Receiving a fax -- To ensure you can receive a fax, once you successfully send a fax to this service it will automatically dial you back within a few minutes (using your caller ID information and/or CSID) a no attempt to send you a fax.

If you using any call blocking so that Caller ID information is not sent you will not receive a return fax. You should also ensure your CSID (Caller Station Identifier) is properly configured to include your fax number for the return call and you have auto-reserve option turned on your fax software or fax machine.

Internal review/transition. Visiting a foreign country isn't in everyone's wallet and Rosetta Stone isn't cheap either so what is available to us here at GMU as far as languages go is the cheapest option for us

III. Main Idea #3 Here at GMU, there are many language options that one can take during their time here

A. There are both classical and modern languages offered here The classical language here at Mason is Latin and the other languages here include Arabic, Chinese, French, German, Italian, Japanese Korean Russian and Spanish.

B Taking a foreign language is a requirement by the university

Internal Summary/transition Here at Mason we can take foreign languages and it is even a requirement to take one through an intermediate level.

Conclusion

I Review Foreign languages are an important part of our cultural understanding.

II. Review Through this speech I've talked to you about why you should learn a new language, some ways you can learn a new language and what programs we have here at George Mason.

III Concluding thought Learning a new language can make a huge difference in one's life and with that, I hope you will consider learning a new language if you're not already doing so

1 If a computer/robot could have human intelligent behavior then it has a mind

2 It is possible for there to be a computer or robot that is indistinguishable from human behavior

3 It is possible for there to be a computer/robot that has a mind (1+2)

4 If it is possible for a computer/robot to have a mind and Soft determinism holds, then that computer/robot has free will/responsibilities

5 Soft determinism is true

C It is possible for there to be a computer/robot that has free will (3+4)

Additional files used by this driver:
C:\WINDOWS\System32\spool\DRIVERS\W32X86\3\PSCRIPT.NTP

This is the end of the printer test page

Select Communication Settings

Use these settings to change how your Artisan 810 Series receives and transmits faxes.

1. Press the Home button, then select Setup.
2. Press ◀ or ▶, then select **Fax Setting**.
3. Press ◀ or ▶ to select Common Settings.

4. Adjust any of the following settings:

Setting and options	Description
DRD All (default) Single Double Triple Double & Triple	This feature can be used with a "Distinctive Ring Service" provided by your phone company. With this service, you can have two or more phone numbers assigned to the same line, with each number given a distinctive ring. For example, if you have a phone number for personal calls that is set to ring normally (with a single ring) and a fax number set for a double ring, select **Double** as the DRD setting. Then the fax system picks up only those calls with a double ring.
ECM On (default) Off	Indicates whether you use Error Correction Mode to automatically request retransmission of fax data that is received with detected errors.
V.34 On (default) Off	Indicates the speed at which you transmit faxes. On: 33.6 Kbps and Off: 14.4 Kbps
Rings to Answer 0 (default), 2, 3, 4, 5, 6, 7, 8, 9, 10	Indicates the number of rings that must occur before the Artisan 810 Series automatically receives a fax. You may want to change this setting if you have connected a telephone or answering machine.
Dial Tone Detection Off On (default)	When this setting is set to On, the Artisan 810 Series dials automatically when it detects a dial tone. It may not be able to detect a dial tone when connected to a PBX (Private Branch Exchange) or TA (Terminal Adapter) system. In that case, turn this setting off.

« How to Stop a Calls from a Fax Machine?
How to Fix Vertical Stripe On Faxes I Send »

How Can I Test My Fax Machine?

I just hooked up a new fax machine, and I'd like to test it, just to make sure it works. How can I do that?

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one page fax to 1-888-877-1655 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero. This site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

November 8, 2012

To Whom It May Concern:

I have been working with Kelly Lagrow for over 2 years. She as you know was originally functioning as personal care assistance, then graduated to nursing care coordinator and now she is acting administrator.

I have always found her to be a very astute individual. She has certain level of intelligence, behavior, good patient skills and self control as well. She differentiates between good medical advice and what your patients want. Not everyone plays attorney to these patients, but Kelly does. I've noticed that as a long administrative she has the ability to deal with many extensive and tedious difficulties, and still has the ability to take care of her clients or patients.

We have dealt frequently with regards to our participating insurance company services, with confirmation and services given by various agencies which she is familiar with. We share a mutual case regarding my patient's mother who is now admitted to Massena Hospital under Hospice care. She is also helped back to the care of the adult group homes. She is able to coordinate all activities with regarding my patients and is on the ball.

In addition she is very pleasant and easy to work with. I think she is very intelligent, honest and hard working. My staff, my wife and we have found it easy for patients to visit with her. She has leadership and decision-making qualities. She is also very flexible with her hours. She can be very challenging and negative with some of her comments, which will be a component with her position such as Kelly. These demands, honestly, would be too excessive for me as an individual.

She is indeed an asset to Hawthorne and I recommend her for the position she seeks as Administrator. I have no reservations regarding this recommendation.

Sincerely,

John S. Barnett, MD

Ada Vista 2012 Student Spanish Talent Show
Information Sheet and Permission Slip

Who. Any Ada Vista student in grades 1st – 4th

What. Any talent (singing, dancing, acting, playing an instrument, mag c, etc)
(Please note this year students acts must be performed in Spanish. There are exceptions, please see below) *

Tryout Dates. Monday May 14 – 1st graders
Tuesday, May 15 2nd graders
Wednesday May 16 – 4th graders
Friday May 18 3rd graders & emcee auditions**
Tuesday, May 22 Makeups for all grades
**Note: Emcee parts are open only to 4th graders

Performances. Monday June 4th
Times to be announced

*Students will be required to perform the acts in Spanish as a fun way to use their Spanish speaking skills
Also students who are singing with music playing must supply an instrumental version of the song (no one singing on the recording) Please don t try to sing over Miley Cyrus ☺*

Talent show auditions will be during lunch If you wish to audition, please come with your lunch to the Art Room on your designated day (do not go in lunch recess) We w ll be taking acts one by one to audition in the Media Center After your audition you will be excused to lunch or your classroom depending on what time it is.

In order to participate in auditions and the show, students must have read and agreed to the Code of Conduct outlined below and must have a signed permission slip from his/her parent or guardian Students MUST have this at the auditions or they will not be able to try out The permission form can be found on the other side of this sheet or the PTO website at www.adavista.org

Additional information: Students participating together in an act do not need to be from the same grade/class To allow as many participants as possible for the performances acts should be less than 3 minutes.

Code of Conduct

1. The act performed at auditions will be done in Spanish (speaking, singing, music) Exceptions will only be made for students with pre-existing acts that are unable to be changed to Spanish, for example: martial pieces.
2. Any music used for an accompaniment as a singing performance must be instrumental
3. The act performed at auditions will be the same as that for the performance
(This means no changes to dress, music amount of time, etc.)
4. All components of the act (music, speaking, dancing, props, etc.) must be appropriate. Any potentially offensive content that would be inappropriate at school will not be allowed.
5. The act performed may not include animals of any kind. Also parents or other adults may not be an intrinsic part of the act (i.e. dancing with child, assistant in magic act, playing music etc)
6. Students need to understand that due to the amount of acts trying out unfortunately not every act will make the performances.
7. All students (one per student, not one per act) must have this permission slip signed BEFORE their tryout or they will not be permitted to participate
8. If a student and/or act violates any part of the Code of Conduct they will not be allowed to participate.

If you have any questions or concerns regarding our Student Talent Show please contact
Jose Reyna at jreyna.grad.cpe@s.m.pr

Description	

TESTTESTTEST

In addition, though Protestants had begun by making powerful critiques of Catholicism, they quickly turned their guns on each other, producing a bewildering array of churches each claiming the exclusive path to salvation. It was natural for people tossed from one demanding faith to another to wonder whether any of the churches deserved the authority they claimed, and to begin to prize the skepticism of Montaigne over the certainty of Luther or Calvin.

Meanwhile, there were other powerful forces at work in Europe economic ones which were to interact profoundly with these intellectual trends.

The Political and Economic Background

During the late Middle Ages, peasants had begun to move from rural estates to the towns in search of increased freedom and prosperity. As trade and communication improved during the Renaissance, the ordinary town-dweller began to realize that things need not always go on as they had for centuries. New charters could be written, new governments formed, new laws passed, new businesses begun. Although each changed institution quickly tried to stabilize its power by claiming the support of tradition, the pressure for change continued to mount. It was not only contact with alien cultural patterns which influenced Europeans, it was the wealth brought back from Asia and the Americas which catapulted a new class of merchants into prominence, partially displacing the old aristocracy whose power had been rooted in the ownership of land. These merchants had their own ideas about the sort of world they wanted to inhabit, and they became major agents of change, in the arts, in government, and in the economy.

They were naturally convinced that their earnings were the result of their individual merit and hard work, unlike the inherited wealth of traditional aristocrats. Whereas individualism had been chiefly emphasized in the Renaissance by artists, especially visual artists, it now became a core value. The ability of individual effort to transform the world became a European dogma, lasting to this day.

But the chief obstacles to the reshaping of Europe by the merchant class were the same as those faced by the rationalist philosophers: absolutist kings and dogmatic churches. The struggle was complex and many-sided, with each participant absorbing many of the others' values, but the general trend is clear: individualism, freedom and change replaced community, authority, and

Automated Service Request (ASR)
Quick-Installation Guide

ORACLE

For version 2.4 and later

Prerequisites

Before installing ASR, please ensure the following conditions are met

- All of your installed asset have a Technical Contact assigned. You can assign a technical contact through the Member Support Center. Otherwise, contact your Sun account team or Sun Support Services.
- Make sure your hardware qualifies for ASR (see Sun Products Qualified for ASR)
- Make sure you have ASR Manager installed and functional
- Register your hardware with the Sun Member Support Center
- Validate your Support Contract with the Sun Member Support Center
- Identify and designate a system to serve as ASR manager
- Identify and verify ASR station
- STB must be installed on all ASR assets, including the ASR Manager

Part 2: Configure ASR Assets

Resources

- Sun ASR Product Page - http://sun.com/service/asr
- Sun Products Qualified for ASR
- Sun ASR documentation
- Sun Support Center

Part 2: Configure ASR Assets

Install ASR Asset Bundle

If you are configuring an **M-series system, X6270, or X6275**, skip this step and go to "Enable M-Series XSCF Telemetry"

1. Copy the ASRAssetBundle.zip to each asset requiring SunMC and/or Sun HA FMA fault telemetry
2. As root on the ASR Manager system, go to the /opt/SUNWsasm directory and make sure a copy of the ASRAssetBundle.<version_num>.bin file is available on each ASR asset system.
3. As root on the ASR Asset system, unzip and untar the file.

Set Up Telemetry Sources for ASR

The ASR Manager can receive telemetry from multiple sources (SunMC, ILOM, FMA, XSCF). Check the list of qualified hardware (see Sun Products Qualified for ASR) to verify the fault telemetry source needed for each asset identified.

These sources will need to be configured to provide maximum fault coverage for your asset.

Need help? If you need assistance installing or configuring ASR, you can open a Service Request (SR) directly from the Sun Support Services page, http://sun.com/support

Configure ASR Asset Trap Destinations

This step does not apply to **M-series, X6275, or X6270** systems. See the ASR Installation and Operations Guide for instructions for installing SunMC

1. As root, launch the ASR Asset Menu:
   /opt/SUNWswasa/bin/asr-menu [-h|-u|-c|-s|-r|-m|-v|-n]
2. From the Asset Menu, select 3 to enable Solaris 10 SNMP trap destination (management host). Enter the engineered SunMC (or ASR) server as the SunMC telemetry.
   - For the prompt "Please enter Hostname or IP Address of SASM ASR plugin", enter the hostname or IP for the SunMC host ASR manager system
   - For the prompt "Please enter SNMP port of SASM ASR plugin to receive traps [162]", press [Return] or enter another port if you have changed your port settings for ASR.
   - For the prompt "Do you want to set trap-destination [y/n, q]," enter Y and press [Return].
3. Repeat for each ASR asset.

Enable Integrated Lights Out Manager (ILOM) Telemetry (CLI)

1. Initiate an ssh connection to the IP address of the ILOM network interface and login as root.
2. ILOM has up to 15 "rules" available. One of these rules will be set for use with ASR. Select an available rule 1 – 15. Confirm the rule is available (if applied) with:
   For Rackmount servers and qualified Blades,
   where /SP/alertmgmt/rules/<rule#>
   For the Sun Blade 6000 Chassis,
   where /CMM/alertmgmt/rules/<rule#>
3. Once you have an available rule, configure the following:
   set destination=<IP console of ASR manager>
   set destination_port=162
   set type=snmptrap
   set level=minor
   set snmp version=2c
   set community_or_username=public
   show /SP/alertmgmt/rules/x to confirm Blade parameters
4. Confirm that SNMP services are available. Run **show /SP/services/snmp** and verify that "port" is 161 and that "v2c" is enabled.
5. Repeat for each ASR asset using ILOM.

Enable M-Series XSCF Telemetry

1. Initiate an ssh connection to the IP address of the XSCF network interface and login to the XSCF console. Make sure you have platadmin privileges (administrator or higher) to modify network. Run **showuser -p** to be sure with this privilege).
2. Disable the SNMP agent. Run **setsnmp disable**
3. Add the **ASR Manager system** as the trap destination. Run **setsnmp addtraphost -t v2 -s public -p 162 xxx.xxx.xxx.xxx**
   -t = community string (default value is public)
   -p = SNMP listener port (default value is 162)
   xxx.xxx.xxx.xxx = **ASR Manager IP address**
4. Confirm the XSCF hostname is set as you would like. Run **showhostname -a**
5. Enable the SNMP agent. Run **setsnmp enable**
6. Enable SNMP v1/v2. Run **setsnmp enablev1v2c community**
7. Verify Service Tags are enabled. Run **showservicetag**
8. Verify SNMP settings to ensure the trap destination is set and SNMP is enabled. Run **showsnmp**
9. Repeat for all M-Series ASR assets.

Activate ASR Assets

Note: The **asr-activate_asset** command must be run from the ASR Manager system.

All Systems (except Sun Blades)
For all systems (except for Sun Blades) using Solaris 10/FMA, SunMC, or XSCF as fault telemetry source, activate with
asr activate_asset -i <IP address>
or
asr activate_asset -h <hostname>

For All Blades
1. For the Sun Blade 6000 console (CMM), activate with
   asr activate_asset -i <Chassis_ILOM_IP>
2. For each Blade within the chassis using Solaris 10 FMA as fault source, activate with
   asr activate_blade -i <Blade-NEM-port-IP> -c <Chassis_ILOM_IP>
3. For each Blade, activate with
   asr activate_blade -i <Blade-ILOM-ip> -c <Chassis_CMM_ip>

THIS IS A FAX TEST!!!!!!

HELLO CRUEL WORLD!!!!!

:0)

README.txt

Image Writer for Microsoft Windows
Release 0.9.5 - Unnamed Edition 2 The oddly released sequel

About

This utility is used to write img files to sd and usb memory devices.
Simply run the utility, point it at your img and then select the
removable device to write to.

This utility can not write CD-ROMs

Future releases and source code are available on our Sourceforge project
http://sourceforge.net/projects/win32diskimager/

This program is beta, and has no warranty. It may eat your files,
call you names, or cause you to become a master of code. The authors take
no responsibility for these possible events.

Build Instructions

Requirements

1. Now using QT 5.2.1/mingw 4.8 Snapshot available in the build Tools directory at
https://sourceforge.net/projects/win32diskimager/files/Build%20Tools/

Short Version

1. Install the Qt Full SDK and use QT Creator to build. Included batch files
   no longer updated and may be deleted in the future.

New Features

Build support for QT 5.2/mingw 4.8
Some additional language translations.
Now uses innosetup to create an installer.

Known Issues

* Lack of unformat capability
* Lack of file compression support
* Does not work with USB floppy drives

These are being looked into for future releases.

Vonage Test Fax

To:	From: Jeremy
Fax:	Fax:
Phone:	Phone:
Subject: Test Fax	Date:

Fax Settings

Reference your Owner's Manual for help adjusting the settings below:

ECM (error correction mode)	Off
Baud Rate	9600
International	On (this is set on a per-call basis)
Resolution	Standard
Answer Mode	Fax Only
Rings to Answer	Zero (0)
Call Waiting	Off
Bandwidth Saver	High (90 kbps)
Distinctive Ring	Off

Troubleshooting Steps

The steps below will help you resolve common faxing problems:

- Switch off fax machine and unplug power adapter from device and from wall outlet.
  - Let fax machine remain off for 60 seconds
- Try a different phone cord between the fax machine and the Vonage device.
  - Use any spare cord you may have around the house.
- Connect Fax machine directly to the Vonage device, bypassing any home wiring.
- If using an All-in-One device, temporarily disconnect device from PC

Further Assistance

If you need further assistance using your Vonage Fax Service, we are always available to help.

Call us at 1 VONAGE-HELP (1-866-243-4357) or visit **www.vonage.com**

BIG
TEST

Area: Welding
Class Name: Introduction to Welded Sculpture

Class Description
Learn to join pieces of metal using arc (or "stick") welding and make a small sculpture to take home. You'll also slice through ferrous metals with the oxygen-fuel of an oxyacetylene cutting torch and use power and hand tools to finish your work.

Learning Outcomes

ARC Welding
- Area and shop safety
- Metal identification and preparation
- Machine Operation (electric flow and machine settings)
- Welding techniques (including striking arc and running beads
- Joining of metal (types of welded joins)
- Area maintenance

OXY Acetylene
- Area safety
- Rig Operation
- Rig set up
- Lighting torch and flame adjustment
- Cutting and heating
- Area and rig maintenance

Grinding, preparation and finishing
- Area safety
- Overview of machines (including angle grinder, bench grinder and chopsaw
- Clamping
- Grinding, finishing and preparation techniques
- Area maintenance

Course Outline

ARC Welding:

Area and shop safety

Studio Rules & Group Agreements
General studio safety
Studio walk through
Exits, First Aid kit, water dispensary, and flammable gases, tool room

Коммерческое предложение

Центральная Частное Торговое Унитарное Предприятие «МигАвто – Логистик» занимается продажей и продажей строительной техники, а так же сопутствующим. Предприятие готово обеспечить потребителя по поставкам всех частичной объем по продаже техники на весь период от начала строительства до полного завершения, то есть на любого объекта застройки. Предоставление сервисного плеча.

Мы готовы экономить Ваше время и деньги. Вы нужно тратить время на поиск и подбор техники. Наши специалисты сделают это за вас быстро, эффективно и профессионально.

- Вашу заявку мы отправим всем известным нам Вам видам фирмам/данных
- Мы организуем предварительный звонок и заявку каждому из этой сделки Вы
- Любая и новая отлаженная и правильная исследование позволяет нам всегда находить индивидуальный подход к потребителю и найти оптимальное с Вами
- Наша команда специалистов и менеджеров решит самые любые ваши задачи.

Учтем все Ваши пожелания, требования частного обустройства и сделаем все для сотрудничества.

Будем рады видеть с Вами с предложением по любой из всех вопросов по текущим планам.

Прейскурант на наши цены на работу с техникой мы просто предоставляем по запросам.

RE:

Notes:

Dedicated marketing effort

In February 2015, Eastside entered into an agreement with Blackbeath Beverage Group, a sales and marketing company consisting of expert marketers and distributors who have previously worked for the global spirits producers. ESDI has a national rollout plan, according to which the Company will use traditional and non-traditional marketing, with strong emphasis on digital distribution channels, events and tastings. Generally, it is much more difficult for smaller producers to get their new products on market since large distributors accept brands for which consumer demand already exists. Hence, the key to success for small distilleries is the wide use of non-traditional marketing (in person promotions, advertising, blogs, vlogs, and other), which the Company will use extensively.

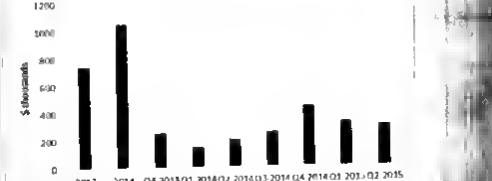
Increase in capacity

During Q1 2015, Eastside moved into a 41,000 square feet facility that can produce up to 1 million per year, i.e. over 156x more than the previous facility, which was able to bottle 6,400 cases. The new facility has a tasting room and a VIP members-only area, allowing for private parties, [illegible] and in-house concerts. We believe that the new distillery will enable the Company to boost [illegible] needed and generate additional revenues from tastings and special events. In addition, a larger [illegible] should result in lower unit costs due to economies of scale, although ESDI will have to [illegible] to maximize such savings.

Revenue growth

ESDI is registering continuous net sales growth. Q2 2015 net sales were up 460% year-over-[illegible] thousand due to increased sales volumes to Oregon high volume, wholesale liquor distributors, [illegible] commencement of sales in their own retail stores. Gross sales (including excise duty) were up [illegible] During 2014, net sales leaped by 42% year-over-year to $1.1 million. Network expansion plans [illegible] help ESDI reach new customers and grow sales further.

Annual and quarterly net sales evolution:



Note: Peak Q4-2014 sales reflect the surge in demand for alcohol during the holiday season (September – January), resulting in Q4 to be the highest-selling quarter during the year. Source: Company reports

Market opportunities

According to the Distilled Spirits Council of the U.S. (DISCUS), sales and exports of distilled [illegible] been in steady growth in the past 15 years, reaching record levels in 2014. The market share [illegible]

DC transit train smashes into another, killing 9

WASHINGTON The District of Columbia Fire Department has rescue and fire death toll at nine in Monday's collision of two transit trains.

A release on the department's Web site says rescue workers another nine more bodies in the wreckage late Monday night. All those were domestic dead at the scene.

One Metro transit train smashed into the rear of another at the height of the Monday evening rush hour. The trailing train jackknifed violently into the air and fell onto the first

Initially, six people were reported dead, including the operator of the trailing train. Jeanine smashed of Springfield, Va.

Property Tax Representation Agreement

I (please print) [redacted] owner of the property (or interest) identified below ("Property"), do hereby state that I have full authority to bind the owner of such property to this Agreement ("Owner"). Owner retains the law firm of Nortt olcey Hedgcock Dimon, LLC, doing business as Property Tax Control and designates the attorneys Gregory T. Milton and [redacted] ("Attorneys") to represent Owner in connection with the 2022 property tax assessment of the Property, including, but not limited to, filing appeals before the Cook County Assessor and/or the Cook County Board of Review, executing the Verification Form required by either agency, and any other actions that the Attorneys deem advisable in their sole discretion to pursue a reduction in the Property's assessed value.

Owner agrees to provide Attorneys with accurate information and to fully cooperate with Attorneys. Owner further understands that Attorneys' fees are contingent on the results. If there is NO reduction in the Property's assessed value, THERE WILL BE NO FEE OR CHARGE OWED TO ATTORNEYS, but if there is a reduction in the Property's assessed value over the first assessment proposed by the Cook County Assessor ("First Pass"), Owner agrees to pay Attorneys only 50% of the first year's tax savings.

The tax savings are calculated by taking the assessment multiplied by the last known tax rule classification factor and tax rate. Attorneys' fees shall be due and payable 30 days after Property is not reclassified to Owner of an interest in error by Cook County. Any unpaid fees will remain due 90 days after same is billed, but not received or paid. Attorneys may offset the costs incurred in enforcing this Agreement, including, but not limited to, collection fees, court costs, and reasonable attorney's fees. In the event of a sale of the Property, all fees due hereunder shall be the undersigned Client's obligations, notwithstanding sale of the Property. This agreement and all applicable disputes arising under the subject to the jurisdiction of and venue shall be proper in a court located in Cook County, Illinois.

PLEASE COMPLETE AND SIGN BELOW IF YOU AGREE TO REPRESENTATION

1. Property Address: [redacted]
2. City: [redacted]
3. Zip Code: [redacted]
4. Phone Number: [redacted] (cell) [redacted]
5. Email Address: [redacted]
6. PIN: [redacted] (15 or 14 numbers if available)
7. Is this your personal residence? [redacted] Are you over 65? [redacted]

(If you have an alternate address that you would like us to use, please provide it to the right hand side of the box.)

OPPOSITE

loans will be funded solely by the seller. This means that these drawings under flexible loans will be settled in the trust property and will be included in the seller's share of the trust property for purposes of allocating interest and principal.

New loans are given to the mortgagee trustee will be required to comply with specified criteria (see **Assignment of the loans and their related security – Assignment of new loans and their related security to the mortgagee trustee**). Any new loans assigned to the mortgagee trustee will increase the total size of the trust property and will increase the Funding share of the trust property to the extent only that Funding has provided consideration for those new loans. To the extent that Funding does not provide consideration for the new loans the seller share of the trust property will increase by a corresponding amount.

All the loans in the initial portfolio are and any new loans or drawings under flexible loans added to the trust property will be secured by first legal charges over freehold or leasehold properties located in England or Wales.

The loans have been originated according to the seller's lending criteria for mortgage loans as described further in **The loans – Origination of the loans – Lending criteria**. The seller will give warranties to the mortgagee trustee in the mortgage sale agreement that, among other things, the loans have been originated in accordance with the seller's policy in effect from time to time. If a loan or its related security does not comply with these warranties then the seller will have twenty days in which to cure the default. If the default cannot be or is not cured within twenty days, then the seller will be required to repurchase the loan or loans under the relevant mortgage account and their related security from the mortgagee trustee. If the seller does not repurchase loans loans and their related security then the trust property will be deemed to be reduced by an amount equal to the amount outstanding under these loans. The size of the seller's share of the trust property will reduce by that amount but the size of Funding's share of the trust property will not alter and the respective percentage shares of the seller and Funding in the trust property will alter accordingly.

Assignment of the loans

On the closing date, the seller will assign the initial portfolio to the mortgagee trustee subject to the terms of the mortgage sale agreement. After the closing date the seller may assign new loans and their related security to the mortgagee trustee in order to increase or maintain the size of the trust property. The seller may increase the size of the trust property from time to time following an issue of new notes by new issuers the proceeds of which are applied ultimately to fund the assignment of the new loans and their related security to the mortgagee trustee, or to diminish with its consent under the mortgage sale agreement, as described under **Assignment of the loans and their related security – Assignment of new loans and their related security to the mortgagee trustee**. Any new issue will be a wholly owned subsidiary of Holdings.

The seller may, from time to time, change its lending criteria and any other terms applicable to the new loans or their related security assigned to the mortgagee trust after the closing date so that all new loans originated after the date of that change will be subject to the new lending criteria. Notwithstanding any change to the lending criteria or other terms applicable to new loans, these new loans and their related security may only be assigned to the mortgagee trust if these new loans comply with the warranties set out in the mortgage sale agreement.

When new loans are assigned to the mortgagee trustee the amount of the trust property will increase. Depending on the circumstances the increase in the trust property may result in an increase in either the seller's share of the trust property or Funding's share of the trust property. For a description of how adjustments are made to the seller's share and Funding's share of the trust property see "**The mortgagee trust**".

Some fees payable by the mortgage borrowers, such as early repayment fees will be given back to the seller and not included in the trust property. For more information on the mortgage sale agreement see **Assignment of the loans and their related security**.

The mortgagee trust

The mortgagee trustee will hold the trust property for both Funding and the seller. Funding and the seller will each have a joint and undivided beneficial interest in the trust property. However payments of interest and principal arising from the loans in the trust property will be

CAN YOU
READ
ME??

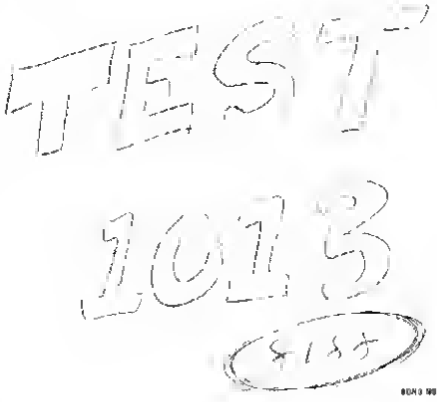
Since London dispersion forces depend on the random motions of electrons, molecules with more electrons will experience greater London dispersion forces. So among substances that experience only London dispersion forces—the ones with more electrons will generally have higher melting and boiling points. London dispersion forces are even weaker than dipole–dipole forces, so substances that experience only London dispersion forces melt and boil at extremely low temperatures and tend to be gases at room temperature.

Hydrogen Bonds

Hydrogen bonds are a stronger type of dipole–dipole attraction. In a hydrogen bond, the positively charged hydrogen end of a molecule is attracted to the negatively charged end of another molecule containing an extremely electronegative elemental fluorine, oxygen, or nitrogen—F, O, N.

Hydrogen bonds are much stronger than dipole–dipole forces because when a hydrogen atom gives up its lone electron to a bond, its positively charged nucleus is left virtually unshielded. Substances that have hydrogen bonds, like water and ammonia, have higher melting and boiling points than substances that are held together by dipole–dipole forces.

Water is less dense as a solid than as a liquid because its hydrogen bonds force the molecules in ice to form a crystal structure, which keeps them farther apart than they are in the liquid form.



Requirements

To ensure maximum data integrity, do the following before beginning the recalibration procedure. Make certain that:

- the scanner and read heads have been thoroughly cleaned, and
- that the Calibration Pack is not damaged or dirty
  - If any sheet in a Calibration Pack is damaged or dirty, the sheet(s) must be discarded
  - Verify that you have certified calibration pack PN 351-715-024. Make certain that the part number (Part #202-989-008) is printed at the bottom of the form, and, that you have a total of 25 forms in the pack

Procedure

Recalibrating the scanner is a procedure designed to "retrain" a scanner read head to capture information from sheets and forms in a specific manner.

If you receive an error message that tells you to recalibrate the scanner, you'll need to perform the procedure. The information in this section details the steps you need to take.

WARNING: Scantron stresses the importance of strictly following the recalibration process. If the procedure is not followed, the scanner may likely report errors.

Calibration Alternative

An effective alternative to frequently calibrating a scanner is to run the Top Read Validation test on a single read head scanner or to run the Top Read Validation and Bottom Read Validation tests on a dual read head scanner. Use the four gray bar forms (PN 202-171-997) and the validation cover sheet that are included in your calibration packet (PN 351-715-024). These tests are located in the Background Menu, Diagnostics submenu of the scanner (See Appendix C). If the scanner passes these tests, then recalibration will not be necessary.

Section E - Vehicle Record Search Products / Section E – Produits de recherche dans des dossiers de véhicule

Current Vehicle Owner and Plate Information/ Renseignements actuels sur le véhicule, le propriétaire et la plaque d'immatriculation – Information retrieved using the plate number contains the owner's name, vehicle description, plate number, validation sticker number, permit number including date of issue and plate of information / Les renseignements récupérés au moyen du numéro de plaque d'immatriculation comprennent le nom du propriétaire, la description du véhicule, le numéro de plaque d'immatriculation, le numéro de vignette d'immatriculation et le numéro de permis, y compris la date de délivrance et l'état de l'information

History of Vehicle, Owners and Plates / Renseignements historiques sur le véhicule, les propriétaires et les plaques d'immatriculation – Information retrieved using the vehicle identification number (VIN) contains current and previous owners of a specific vehicle. The vehicle search includes all owner's names, vehicle description and date(s) the vehicle was registered to each registrant and status of information. Information retrieved using the plate number contains current and previous owners and all vehicles attached to a specific plate number. The plate search includes owner's names, driver's licence number and/or registrant identification numbers (RIN), plate status and registered date, VIN and full description of all vehicles attached to the specific plate / Les renseignements récupérés au moyen du numéro d'identification de véhicule (NIV) comprennent le nom des propriétaires actuel et précédents d'un véhicule donné. La recherche d'un véhicule comprend les noms de tous les propriétaires, la description du véhicule et les dates d'enregistrement de chaque titulaire à ce que l'état de l'information du permis. Les renseignements récupérés au moyen du numéro de plaque d'immatriculation comprennent le nom des propriétaires actuel et précédents et tous les véhicules associés à un numéro de plaque d'immatriculation précis. La recherche de plaque comprend le nom du propriétaire, le numéro de plaque d'immatriculation ou le numéro d'identification du titulaire (NIT), le statut de la plaque d'immatriculation et la date d'enregistrement du véhicule le NIV et une description complète des véhicules associés à un numéro de plaque d'immatriculation précis.

Vehicle Owner and Plate Information as of a Specific Date / Renseignements sur le propriétaire et la plaque d'immatriculation à une date précise – Information retrieved using VIN contains information about the registered owner for a vehicle as of a specific date. It includes owner's name, driver's licence number and/or RIN, vehicle description, validation sticker number and permit status information. Information retrieved using plate number contains information about the registered owner of a plate as of a specific date. It includes owner's name, vehicle description, plate validation sticker number, permit number including date of issue and plates information. / Les renseignements récupérés au moyen du NIV comprennent des renseignements sur le propriétaire enregistré d'un véhicule à une date donnée, ainsi le nom du conducteur, son numéro de permis et son NIT, une description du véhicule, le numéro de la vignette d'immatriculation et l'information sur l'état du permis. Les renseignements récupérés au moyen du numéro de plaque et immatriculation comprennent des renseignements sur le propriétaire d'une plaque d'immatriculation à une date précise, tous son nom, la description du véhicule, le numéro de la plaque d'immatriculation, le numéro de la vignette d'immatriculation et le numéro de permis, y compris la date de sa délivrance et l'état de l'information.

Registrant Identification Number (RIN) Summary / Recherche à partir de numéro d'identification de titulaire (NIT) – résumé Provides a listing of plates and vehicles currently and previously owned by the specified registrant. / Les renseignements récupérés comprennent une liste des plaques d'immatriculation et des véhicules appartenant ou ayant appartenu à un titulaire précis.

ST 361 INFERENCE METHODS

	CONTINUOUS RANDOM VARIABLES (QUANTITATIVE VARIABLES OF INTEREST)			DISCRETE R V (CATEGORICAL VARIABLES OF INTEREST)
Name of Test:	One-Sample z-methods	One-Sample t-methods	two-sample t-methods	One-Sample z-methods for proportions
# of populations.	1	1	2	1
When used:	1) quantitative var. of interest 2) one population 3) σ known	1) quantitative var. of interest 2) one population 3) σ unknown	1) quantitative var. of interest 2) 2 independent samples from 2 populations 3) σ_1, σ_2 unknown	1) variable of int. has 2 categories 2) one population 3) $np \geq 10$ and $n(1-p_0) \geq 10$ 4) $N \geq 10n$ (where N = pop. Size)
Conditions:	1) sample representative of pop. 2) observations independent 3) distribution of sample means is normal	1) sample representative of pop. 2) observations independent 3) distribution of sample means is normal	1) samples representative of pops 2) observations independent 3) distribution of differences in sample means is normal	1) sample representative of pop. 2) observations independent 3) $np \geq 10$ and $n(1-p_0) \geq 10$
Hypothesis:	Does the sample of n subjects come from a population with μ_X = some specified value: $H_0: \mu_X = \mu_0$	Does the sample of n subjects come from a population with μ_X = some specified value: $H_0: \mu_X = \mu_0$	Do the 2 independent samples represent 2 populations with the same mean? $H_0: \mu_1 = \mu_2$ OR $H_0: \mu_1 - \mu_2 = 0$	Is the population proportion equal to some hypothesized value: p = some specified proportion $H_0: p = p_0$
Test-statistic:	$z = \dfrac{\bar{X} - \mu_0}{\sigma_X / \sqrt{n}}$	$t_{(n-1)} = \dfrac{\bar{X} - \mu_0}{s_X / \sqrt{n}}$	$t_{\min(n_1-1, n_2-1)} = \dfrac{(\bar{X}_1 - \bar{X}_2) - (\mu_1 - \mu_2)}{\sqrt{\dfrac{s_1^2}{n_1} + \dfrac{s_2^2}{n_2}}}$	$z = \dfrac{\hat{p} - p_0}{\sqrt{\dfrac{p_0(1-p_0)}{n}}}$
Distribution of test-statistic.	normal	t-distribution with (n-1) df	t-distribution with $\min(n_1 - 1, n_2 - 1)$	normal (if n is "large enough")
Confidence Interval:	$\bar{X} \pm (z^*)\left(\sigma_X / \sqrt{n}\right)$	$\bar{X} \pm (t^*_{(n-1)})\left(s_X / \sqrt{n}\right)$	$(\bar{X}_1 - \bar{X}_2) \pm (t^*_{\min(n_1-1, n_2-1)}) \sqrt{\dfrac{s_1^2}{n_1} + \dfrac{s_2^2}{n_2}}$	$\hat{p} \pm (z^*) \sqrt{\dfrac{\hat{p}(1-\hat{p})}{n}}$

To the right are pages that folks have faxed us recently. Click any thumbnail to see the large version and rate it for interestingness.

You can fax something interesting to 1-888 -872 1835 (your boss will never notice. maybe) or 1 503-200-1300 (long distance to Portland, Oregon) and it should appear here within a couple of minutes. (It's a toll-free number if you're in the USA.) Keep it clean & legal.

Fax single-page documents with no cover sheet. If you fax more than one page, only the last page will appear here. We try to snip off the top few inches of the page where your company name and fax number should appear, but make no promises that this will actually work.

Get an e-mail alert when FaxToy receives a new fax

Windows Printer Test Page

Congratulations

If you can read this information, you have correctly installed your Brother MFC-J6500DW printer on DNS WKS.

The information below describes your printer driver and port settings:

Submitted Time	4:33 59 PM 1/24/2024
Computer Name	DNS-W-SSL
Printer Name	Brother MFC-J6500DW Printer
Driver Model	Brother MFC-J6500DW Printer
Color Supported	Yes
Port Name(s)	USB001
Data Format	RAW
Not Shared	
Location	
Comment	MFC-J6500DW
Driver Name	BHPRI13A.DLL
Data File	MFCJ6500DW.PRN
Config File	BRUII3A.DLL
Help File	BRPRI13A_en-GB.CHM
Driver Version	1.02
Environment	Windows x64

Additional files used by this driver

A Listen to the song. Are the words in bold right or wrong? Put a ✓ or an ✗ in column **A**

B Listen again and correct the wrong words in column **B**

We are family

		A	B
Everyone can see we're **friends**	1	___	_____
As we walk along	2	___	_____
And we flock together like **birds** of a feather	3	___	_____
I won't say no lie	4	___	_____
All of the **women** around us they say	5	___	_____
Can they be that **friendly**?	6	___	_____
Just let me state for the **record**	7	___	_____
We're giving **money** in a family dose	8	___	_____
We are family			
I got all my sisters with me			
We are family			
Get up everybody sing			
We are family etc			
Living life is **great** and we've just begun	9	___	_____
To get our share of this **world's** delights	10	___	_____
High hopes we have for the **summer**	11	___	_____
And our goal's in **sight**	12	___	_____
No, we don't get **sad**	13	___	_____
Here's what we call our **golden** rule:	14	___	_____
Have faith in you and the **work** you do	15	___	_____
You won't go **down**	16	___	_____
This is our family **jewel**	17	___	_____
We are family etc			

Glossary

flock like birds of a feather = stay together, like birds of the same species

state for the record = say so that everybody knows it

dose = the amount of a medicine you have to take

antiques = old things

our goal = what we are trying to do

jewel = a valuable stone, e.g. a diamond

Song facts

The song was originally recorded by Sister Sledge, four sisters whose last name was Gordon. The writers of the song (Nile Rodgers) got the idea for the song from seeing how well the four sisters got along with each other.

We are finally was a worldwide hit and became an anthem for women's groups, sports teams, and political parties.

PARKING VIOLATION

CITATION Your car has been poorly parked In fact, it's been a long time since we've seen such a horrific job of vehicle placement in any of our city s parking spots

If you had been here the issuing officer would have been forced to administer a sobriety test.

Many people in the vicinity have taken note of your poor parking job and are at this moment watching you read this note.
You can imagine what they're thinking.
"There s the idiot that can't park for crap!"

The next time you attempt to park your car, please make an effort to do so with more care and with thoughtful consideration of those around you

Test

a. Within 10 days of the date of this Agreement, the Sheriff's shall enroll the Dog in an eight-week class for intense behavior modification and advanced obedience training (the "Course") with a certified Canine Behaviorist and obedience instructor (a "Behaviorist") and shall provide written evidence of the enrollment to the HOA within said two weeks. The HOA shall receive weekly progress reports from the Behaviorist stating there is progress reducing the Dog's aggressive behavior.

b. The Dog shall successfully complete all requirements of the Course and within 10 days of completion of the Course, the Sheriff's shall provide to the HOA written evidence from the instructor or school at which the Course is located that there is substantial mitigation of the Dog's aggressiveness.

f. The Dog shall be evaluated by a Behaviorist no less than every six months for the first year and once a year for every year thereafter and said Behaviorist shall provide to the HOA within 10 days of each such evaluation a written statement certifying that the Dog is not dangerous and there is not a risk of the dog biting people in the Community including on the Common Elements.

g. The Dog shall not bite, attack or show aggressive behavior to anyone.

Maintenance Procedures

Following are some basic guidelines as to what constitutes a maintenance emergency.

Emergency is defined as: Anything relating to the property under the lease that is threatening to life, health or the integrity of the property.

If you are experiencing any of the emergencies we can take the request over the phone 24/7. 8 hours and on weekends please call the office and select the emergency mailbox and leave your name, number and the nature of the emergency and someone will return your call immediately. Non-emergency requests made by the emergency mailbox will not be returned until normal office hours, excessive abuse of the emergency mailbox for non-emergency maintenance will result in a curable notice and a posting fee. Those situations which are not an emergency should submitted online, by fax, or by dropping the supplied maintenance request form in our drop box.

Fire: Call the Fire Department immediately

A/C Repair: If the outside temperature is exceeding 90 degrees.

Heater Repair: If outside temperature is falling below 50 degrees.

Clogged Toilet or Drain: Per your lease, this is your responsibility call a plumber. If it is proven that the route cause in the line is something beyond your control with the plumbing we will reimburse you.

Pipe Broken: Turn off water valve to pipe or exterior water main until contractor arrives.

Broken Door knob Lock or Window: Only if it prevents Resident from properly securing unit. If temporary measures can be taken until business hours, resident should wait until regular business hours before contacting management.

No Hot Water: Only if there is absolutely no hot water and it is between 8 hours of 9:00am and 4:00pm Monday – Friday. If there is no hot water at any other time please use temporary measures.

No Electricity: Only if there is no electricity on 1) The Resident has called the electric company and found that they were not at fault. 2) After Resident has checked all the breakers by flipping ALL hard to the OFF position and then back on and reset all GFI outlets in the house. Partial outage calls will be sent on emergency if a wall switch or outlet begins to smoke of smell remove all plugs and turn off switch if necessary call the fire department.

These are the basic call that constitute an emergency. If you have a situation other than these, which seems immediately hazardous, damaging or detrimental please call our office and ask for maintenance. If after hour call the office and select the emergency maintenance mailbox.

These are not emergencies: refrigerator out, locking you self out of the house, oven not working and pest control. All Century 8 is not responsible for loss of food or for alternative lodging due to appliance failure.

All other routine maintenance request must be put in writing per your lease agreement please submit your request online or use form provided on the other side of this page. No routine non-emergency calls will be accepted at any time by phone!

Tier 3 Management Relocation Program

2. Home Marketing Assistance Program

The services provided with the Home Marketing Assistance Program (HMA) are targeted to help you receive the best possible offer for your property. Services include Realtor selection, market analysis, listing and marketing recommendations and/or follow-up/information analysis, and offer negotiation. Home Marketing Assistance is offered for up to 180 days. It is recommended that you use this time to your benefit to achieve the highest and best offer for your home.

The following is a list of the Home Marketing Assistance services performed by NEI in the order in which they typically occur. Note that some services occur simultaneously.

1) Real Estate Broker Selection

Do not list your home before you speak with your NEI Account Executive. Your NEI Account Executive will research and recommend two real estate agents to you. By listing your home with a NEI recommended agent, you will be assisted by an experienced, full-time agent who is knowledgeable about your local market and familiar with relocation procedures. During this process, if you have an agent whom you would like to be considered, present their name to your NEI Account Executive to review to see if they meet NEI's Realtor evaluation needs. Use of an NEI approved agent is required for eligibility for the Home Sale Program.

Exhibit 1: Tier 3 Management Program Agent Selection Worksheet (Section 2) 7

b) Market Analysis

Each of the two real estate agents will independently complete a Broker's Market Analysis (BMA) on your home. The results will be communicated to your NEI Account Executive who will consult with you to review the results, and develop an initial marketing strategy.

c) Listing Agreement Exclusion Clause

When you first speak with your NEI Account Executive they will provide you with an "Exclusion Clause" and explain the purpose of the clause. The clause should be included in the listing agreement with your broker. Inclusion of this clause is necessary step to receive the tax advantages associated with the Buyer Value Option program. The exclusion clause is considered standard operating procedure among agents who work with relocation providers and those who list homes for corporate transferees.

d) Listing and Marketing Recommendations Analysis and Feedback

Your NEI Account Executive will discuss all marketing recommendations with you including suggested home improvements and repairs, a marketing strategy for open houses, advertising, and a suggested listing price, etc. During the first sixty (60) days of marketing, the listing price may not exceed 105% of the average of the BMA's most likely sales price. If an offer is not received after sixty (60) days of marketing, you are required to adjust the listing price to be within 105% of the average of the BMA's most likely sales price. The listing guidelines must be followed or be eligible for the home sale bonus.

DIGITAL BOX (DCT 700) QUICK INSTALLATION GUIDE

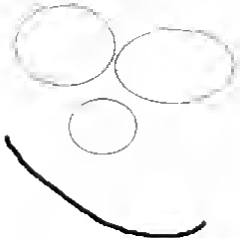
A

Disconnect the Coax cable from your TV and discard. Use your new Coax cable included in the package and connect it from the wall to your Digital Box.

B

Use the provided RCA/AV cable to connect your DCT 700 to your TV. The red cable goes into the red input, white cable into the white input and yellow cable into the yellow input.

C



- using a variety of software packages, such as Microsoft Word, Outlook, Powerpoint, Excel, Access, etc to produce correspondence and documents and maintain presentations, records, spreadsheets and databases
- devising and maintaining office systems including data management and filing
- arranging travel, visas and accommodation and conference facilities
- attending meetings, taking minutes, distribution and keeping notes
- managing and maintaining budgets as well as invoicing
- ordering and maintaining stationery and equipment
- sorting and distributing incoming post and organising and sending outgoing post
- organising and storing paperwork, documents and computer-based information
- photocopying and printing various documents
- screening phone calls, enquiries and requests, and handling them when appropriate
- meeting and greeting visitors at all levels of seniority, liaising with clients, suppliers and other staff
- dealing with incoming email, faxes and post, often corresponding on behalf of the manager
- carrying out background research and presenting findings
- producing documents, briefing papers, reports and presentations
- organising and attending meetings and ensuring the manager is well prepared for meetings
- carrying out specific projects and research
- taking on some of the manager's responsibilities and working more closely with management
- being involved in decision-making processes

Other duties may include:

- recruiting, training and supervising junior staff and delegating work as required
- manipulating statistical data
- arranging both in-house and external events

Adobe Acrobat PDF Files

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts, formatting, colours and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing

- ***Anyone, anywhere*** can open a PDF file. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes can't open files because they don't have the applications used to create the documents
- PDF files ***always print correctly*** on any printing device.
- PDF files always display ***exactly*** as created, regardless of fonts, software, and operating systems. Fonts, and graphics are not lost due to platform, software and version incompatibilities.
- The free Acrobat Reader is easy to download and can be freely distributed by anyone
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web

Testing Your HP Fax Machine with the HP F

Support details

Introduction

This document will assist you in testing your HP Fax machine using the HP Fax Test Service.

Print this document for easy reference by clicking the **Printable Version** link in the upper right corner of that page.

Test your fax machine

To test the capability of your fax machine, follow the directions below.

NOTE Be sure that your phone number is not Caller ID blocked by your telephone company prior to attempting to send and receive a fax. Pressing *82 before dialing the toll free number will unblock the Caller ID blocking feature in most areas. Other phone company services can prevent you from receiving a fax, including voice mail, call blocking, or call privacy features.

NOTE Whenever troubleshooting a fax issue, it is good practice to set the *Automatic Reports* option to **Every Error** before attempting a test fax. This way, even if the test fax fails, an error code will be generated that will guide you in future troubleshooting. This option is available in different places on different products, consult the product *User's Guide* for specific steps.

1. Send a one page black and white test fax to **1-888-hpfaxme** (1-888-473-2963).
2. When your fax is received by the HP Test Fax Service, we will generate a return fax to you within five minutes confirming that we received your fax. This verifies that you can both send and receive a fax with your fax machine.

If you do not receive a return fax within 5-7 minutes, there may be a problem with the setup of your fax machine. Consult the user manual that came with the product for proper setup and configuration.

NOTE The most common cause of failure is that the fax number set in the Fax Header on the machine does not match the number of the phone line connected to the fax. Also, ensure that the fax header contains the full 10-digit telephone number of the fax machine including the area code.

For more information or assistance, click **Contact HP** at the top of that page.

Lien

This Notice of Federal Tax Lien gives public notice that the government has a lien on all your property (such as your notice of can) all your rights to property (such as money owed to you) and to property you acquire after the lien is filed

Your Administrative Appeal Rights

If you believe the IRS filed the Notice of Federal Tax Lien in error you may request it any of the following conditions apply

- You had paid all tax partially and interest before the lien was filed
- IRS assessed tax after the date you filed a petition for bankruptcy
- IRS mailed your notice of deficiency to the wrong address

  You have already filed a timely petition with the Tax Court.

  The statute of limitations for collection ended before IRS filed the notice of lien

Your appeal request ewed be in writing and contain the following

- Your name, current address and SSN/EIN
- Copy of this notice of lien if available
- The specific reason(s) why you think the IRS is in error
- Proof that you paid the amount due (such as cancelled check)
- Proof that you filed a bankruptcy petition before this lien was filed.

Send your written request to the IRS, Attention: Technical Services Group Manager in the office notice this notice of lien was filed

When This Lien Can Be Released

The IRS will issue a Certificate of Release of Federal Tax Lien within 30 days after:

- You pay the tax due including penalties interest, and any other additions under law or IRS adjusts the amount due or
- The end of the time period during which we can collect the tax (usually 10 years).

Publication 1450 Request for Release of Federal Tax Lien, available at IRS offices, describes the process

When a Lien against Property can be Removed

The IRS may remove the lien from a specific piece of property if any of the following conditions apply

- You have other property subject to this lien that is worth at least two times the total of the tax you owe including penalties and interest plus the amount of any other debts you own on the property (such as a mortgage)
- You give up ownership in the property and IRS receives the value of the government's interest in the property
- IRS decides the government's interest in the property has no value while you give up ownership;
- The property in question is being sold there is a dispute about who is entitled to the sale proceeds and the proceeds are placed in escrow while the dispute is being resolved

Publication 783 Instructions on How to Apply for a Certificate of Discharge of Property from a Federal Tax Lien available at IRS offices describes this process.

Gravamen

Este Aviso de Gravamen del Impuesto Federal es avisa público que el gobierno tiene un gravamen en todas sus propiedades (tal como su casa o carro), todos sus derechos a propiedad (tales como el dinero que le adeudan a usted) y la propiedad que adquiera después que se presente este gravamen

Sus Derechos de Apelación Administrativos

Si usted cree que el IRS registró este Aviso de Gravamen del Impuesto Federal por error puede hacerlo apelar si ninguno de las siguientes condiciones le aplican.

- Usted pagó todo el impuesto, multa, cargos antes de que el gravamen fuera presentado
- El IRS tasó el impuesto después del la fecha en que usted presentó una petición de quiebra
- El IRS le envió por correo el aviso de deficiencia a una dirección incorrecta
- Usted presentó a tiempo una petición ante la Corte de Impuesto
- El IRS no presentó el aviso de gravamen dentro del término prescriptivo.

Su petición de apelación ewed que estar por escrito y debe incluir lo siguiente

- Su nombre, dirección actual y SSN/EIN,
- Una copia de este aviso de gravamen si está disponible;
- La razón (o razones) específica(s) por qué piensa que el IRS está errado;
- Pruebas que pagó la cantidad adeudada (tal como un cheque cancelado)
- Prueba que presentó una petición de quiebra usted de que se presentará el gravamen.

Envíe su petición por escrito al IRS, Atención: *Technical Services Group Manager"* (Gerente de Servicio Servicios Técnicos) en la oficina donde este aviso de gravamen fue presentado.

Cuándo Este Gravamen Se Puede Cancelar

El IRS emitirá un Certificado de Cancelación de Gravamen del impuesto Federal dentro de 30 días después que:

- Usted pago el impuesto adeudado incluyendo multas intereses y otras sumas adicionales según la ley o el IRS ajusta la cantidad adeudada, o
- Acabamos una fianza garantizando el pago de su deuda,
- La expiración del término en que podemos cobrar el impuesto (usualmente 10 años)

La Publicación 1450, en inglés, *Pedido Para Cancelar el Gravamen del Impuesto Federal* disponible en la oficinas y está disponible en las oficinas del IRS.

Cuándo a un Gravamen en Contra de la Propiedad Puede Eliminarse

El IRS puede eximir el gravamen de una propiedad específica si cualquiera de las siguientes condiciones aplica

- Usted tiene otra propiedad sujeta a este gravamen cuyo valor es por lo menos dos veces el total del impuesto que usted adeuda, incluyendo intereses y multas más la cantidad de cualquiera de las otras deudas que adeuda sobre la propiedad (tal como una hipoteca)
- Usted cede su interés en la propiedad y el IRS recibe el valor del interés del gobierno en la propiedad;
- El IRS renuncia que el interés del gobierno en la propiedad no tiene valor alguno cuando usted cede su interés en la propiedad
- La propiedad gravada está vendida existe una controversia sobre quién tiene derecho al producto de la venta, y se depositan de fondos recibidos en la venta en una cuenta especial en lo que se resuelve la controversia.

La Publicación 783 en inglés, *"Instrucciones de Cómo Solicitar un Certificado de Retiro de la Propiedad de un Gravamen del Impuesto Federal"* describe este proceso y está disponible en las oficinas del IRS.

curry chicken potstickers

Recipe

These bundles are a top pick for dim sum, the appetizer course served in Asian restaurants. Just like egg rolls, potstickers encase a flavorful filling (ground chicken, broccoli slaw, and curry) inside a paper-thin dough.

Recipe from Better Homes and Gardens

Servings Makes 36 appetizers
Prep Time 1 hr
Total Time 1 hr 14 mins

ingredients

- 2 tablespoons soy sauce
- 1 tablespoon cornstarch
- 1 to 1 1/2 teaspoons curry powder
- 1 teaspoon toasted sesame oil (optional)
- 1/2 teaspoon sugar
- 1 cup packaged shredded broccoli (broccoli slaw mix) or cabbage with carrot (coleslaw mix)
- 8 ounce ground raw chicken
- 1 tablespoon finely chopped onion
- 30 potsticker or wonton wrappers
- Cooking oil

directions

For filling, in a mixing bowl combine soy sauce, cornstarch, curry powder, sesame oil (if desired), and sugar. Finely chop slaw. Add slaw, chicken, and onion; mix well. Cover; chill for up to 24 hours.

Spoon 2 teaspoons filling onto each wrapper. Moisten edges with water. Fold wrappers in half over filling. (For wontons, fold one corner over filling to opposite corner.) Fold pleats along edges; press to seal.

Arrange potstickers, pleated edges up, on a lightly floured baking sheet, pressing gently to flatten wrappers. Cover and chill until ready to cook. (Or, place on baking sheet; freeze for 30 minutes or until firm. Transfer to plastic freezer bag or airtight freezer container; seal, label, and freeze up to 1 month. Let thaw for 30 minutes before cooking.)

In a 12-inch skillet heat 2 tablespoons oil. Arrange half of the potstickers, pleated edges up, in skillet. Cook, uncovered, over medium heat for 1 to 2 minutes or until bottoms are light brown. Reduce heat to low.

Remove from heat; carefully add 2/3 cup water (it may splatter). Return to heat. Cover; cook 10 minutes.

for this recipe you will need

Fax Test Report for
Samuel Walker
317-493-5662
Oct 31 2011 12:44PM

Fax Hardware Test	PASS
Fax Connected to Active Telephone Wall Jack	PASS
Phone Cord Connected to Correct Port on Fax	PASS
Using Correct Type of Phone Cord with Fax	PASS
Dial Tone Detection	FAIL
Fax Line Condition Test	PASS

A dial tone was not detected.
Please check the items below then rerun this test.

Other equipment sharing the fax line can reduce the signal strength
Disconnect any equipment which is sharing the fax line
(including extension phones, answering machines
and dial up computer modems)

If you are using a splitter or some other device between the fax
and the wall jack, remove it and connect the fax directly to the
wall jack.
If your HP device is connected to a Private Branch Exchange (PBX)
rather than the public telephone system the Dial Tone Detection
test may fail
However, you should be able to successfully send and receive faxes.

Refer to your User Guide for more information on the fax test and settings

Instructions on how to rerun this test:
Step 1. Press the "Setup" button
Step 2. Choose the "Tools" menu
Step 3. Choose the "Run Fax Test" item

Test Fax #308

Wouldn't it be wonderful if there was a place where monkeys washed up on the beach like hairy ocean fruit?

Can someone please tell me why my faces look so crappy? It's making me sad.

cyberian
technologies

Contacting Cyberian Technologies for help!

1 – Call 317-926-9000 option 2

2 – Send an email to helpdesk@cyberianit.com

3 - Open a case via the customer portal at https://portal.cyberianit.com/

- Standard Operating Hours for the Cyberian Technologies is Monday – Friday 7AM – 6PM
- On after hours calls, Cyberian Technologies has engineering team members that have the support line from option 2 forwarded to their cell phones for assistance.

Testing Your HP Fax Machine with the HP Fax Test Service

Support details

Introduction

This document will assist you in testing your HP Fax machine using the HP Fax Test Service.

Print this document for easy reference by clicking the Printable Version link in the upper right corner of this page.

Test your fax machine

To test the capability of your fax machine, follow the directions below.

NOTE: Be sure that you please all other Caller ID blocked by your telephone company prior to attempting to send and receive a fax. Pressing *82 before dialing the toll free number will unblock the Caller ID blocking feature in most areas. Other phone company services, such as prevent you from receiving a fax including voice mail, call blocking, or call privacy features.

NOTE: Whenever troubleshooting a fax issue, it is good practice to set the Automatic Reduction option to Every Error before attempting a test fax. This way, even if the send fax fails, an error code will be generated that will guide you on future troubleshooting. This option is available in different places on different products; consult the product User's Guide for specific steps.

1. **Send a one page black and white test fax to 1-888-hpfaxme (1-888-473-2963).**
2. **When your fax is received by the HP Fax Test Service, we will generate a return fax to you within five minutes confirming that we received your fax. This verifies that you can both send and receive a fax with your fax machine.**

If you do not receive a return fax within 5-7 minutes, there may be a problem with the setup of your fax machine. Consult the user manual that came with the product for proper setup and configuration.

NOTE: The most common cause of failure is that the fax number set in the Fax Header on the product does not match the number of the phone line connected to the fax. Also ensure that the fax header matches the full 10 digit telephone number of the fax machine, including the area code.

For more information or assistance, click Contact HP at the top of this page.

agrees to the use of electronic credentialing and recredentialing processes when administratively feasible

7.2 **Provider** shall maintain at no expense to **LifeSynch** or Payors such policies of comprehensive general liability professional liability and workers compensation coverage as required by law insuring **Provider** and **Provider's** employees and agents against any claim or claims for damages arising as a result of injury to property or person including death occasioned directly or indirectly in connection with the provision of medical services contemplated by this Agreement and/or the maintenance of **Provider's** facilities and equipment. Upon request **Provider** shall provide **LifeSynch** with evidence of said coverage of which minimum professional liability coverage shall be one million dollars ($1 000 000) per occurrence and three million dollars ($3,000 000) in the aggregate, or such greater amounts as are required by state law. If **Provider** is not a physician **Provider** shall upon request provide **LifeSynch** with evidence of said coverage of which minimum professional liability coverage shall be one million dollars ($1 000 000) per occurrence and one million dollars ($1 000 000) in the aggregate or such greater amounts as are required by state law. **Provider** shall upon request provide **LifeSynch** with evidence of said coverage of which minimum general liability insurance coverage shall be one million dollars ($1 000 000) per accident. To the extent liability coverage is provided on a "claims made" basis **Provider** shall purchase tail coverage or a prior acts endorsement for an unlimited reporting period effective on the termination of any professional liability coverage if **Provider** is unable to or does not, acquire new insurance providing for insurance coverage for all prior acts. **Provider** shall provide **LifeSynch** with written notice at least ten (10) calendar days prior to any cancellations and/or modifications in the coverage. **Provider** shall within ten (10) calendar days following service upon **Provider** or such lesser period of time as may be required by any applicable state statute, rule or regulation notify **LifeSynch** in writing of any Member lawsuit alleging malpractice involving a Member

PROVISION OF MEDICAL SERVICES

8.1 **Provider** shall provide Members those Covered Services within the normal scope of and in accordance with **Provider's** licenses certifications and privileges to provide certain services as delineated by **LifeSynch** and/or Payors. **Provider** agrees to comply with all requests for information related to **LifeSynch** s and/or Payors determination of **Provider's** privileging status. **Provider** shall not bill charge seek payment or have any recourse against **LifeSynch** Payors or Members for any amounts related to the provision of Provider Services for which privileges have not been granted to **Provider** by **LifeSynch**

8.2 Prior to the provision of any non-Covered Services to any Covered Member **Provider** shall, in writing, advise the Covered Member (a) of the nature of the service (b) that the service is a non-Covered Service for which a Payor will not pay and (c) that the Covered Member will be responsible for paying for the service. **Provider** shall request Covered Member to sign such in writing and return to **Provider**

8.3 **Provider** shall be reachable twenty-four (24) hours per day seven (7) days per week. **Provider** shall be available for appointments with Covered Members within forty-eight (48) hours of a request in the case of an urgent appointment, within ten (10) business days of a request in the case of a routine appointment, and on the day of a request in the case of an Emergency or Emergency Medical Condition. **Provider** agrees that such availability requirements may be changed or amended by a Payor or in order to comply with NCQA standards. **Provider** shall arrange for coverage by an Affiliate Provider or another Participating Provider if possible in case of **Provider's** unavailability. **Provider** shall be responsible for ensuring that any such covering arrangement complies with the terms of this Agreement.

8.4 In the event **Provider** determines that a Covered Member requires medical services (i.e. non-mental health services) **Provider** shall contact LifeSynch or the Covered Member's Plan to determine the procedures for obtaining such medical services.

Print Quality Check

Check that the dotted lines forming the four color blocks are all within with no gaps. If OK select (Yes) on the control panel. If gaps are visible select (No) on the control panel to start the cleaning process and follow the prompts on the LCD.

Your Brother inkjet machine has been finely tuned to provide excellent, accurate and long lasting printed pages when using Genuine Brother Innobella(TM) ink.

The use of non-Brother inks in this machine may potentially result in inferior output quality and/or machine damage.

Any required repairs for damages proven to result from using non-Brother inks in this machine may not be covered by the original machine limited warranty.

We strongly suggest you use only Genuine Brother Innobella(TM) inks when it is time for you to replace the ink cartridge(s).

Innobella.

Learn what the different thermostat wiring colors mean

and how to service and repair control wiring.

On your gas furnace, oil burner, heat-pump or air-conditioner.

I get many inquiries about what the different wire colors mean and what they do and how troubleshoot problems where nothing happens or some parts will work and others will not

First I am not into disclaimers because I assume you are smart enough to know not to mess with stuff that you are not familiar with or competent at doing. However I must make an exception here.

Control wiring on hvac equipment while harmless looking and 24 volts ac won't shock you (it will bite) can cause very bad things to happen if connected incorrectly You could destroy your equipment at best or burn down your home or business at worst Among the control wiring can be high voltages from 120/240 volts in a residential furnace to 480 or 600 volts in commercial equipment that can kill you instantly or burn you in a flash

So if you are unsure of what you are doing or your abilities please leave it to someone who understands control wiring and electricity If you need to ask for a wiring diagram then it is a good bet that you should seek extra help because the knowlege required to do the job safely far exceeds the knowlege required to read and follow a diagram

Keep in mind that more than one disconnect may be required to remove all power from a piece of equipment. If your unit has service switches find them first Or turn off the circuit breakers or pull the fuses, then check with a meter or test lamp to be sure the circuit is dead

With all that said lets get to the terminal designations and colors These designations

PROPERTY DAMAGE HAZARDS

FIRE DAMAGE HAZARDS

- Read the Installation/Operation Manual for this air conditioning unit prior to operating.
- Use air conditioner on a single dedicated circuit within the specified amperage rating.
- Connect to a properly grounded outlet only.
- Do not remove ground prong of plug.
- Do not cut or modify the power supply cord.
- Do not use extension cords with the unit.
- Failure to follow these instructions can result in fire and minor to serious property damage.

WATER DAMAGE HAZARDS

- Improper installation, maintenance, or servicing of the air conditioner unit, or not following the above Safety Warnings can result in water damage to personal items or property.
- Insure that the unit has a sufficient pitch to the outside to allow water to drain from the unit.
- Do not drill holes in the bottom of the drain pan or the underside of the unit.
- Failure to follow these instructions can result in result in damage to the unit and/or minor to serious property damage.

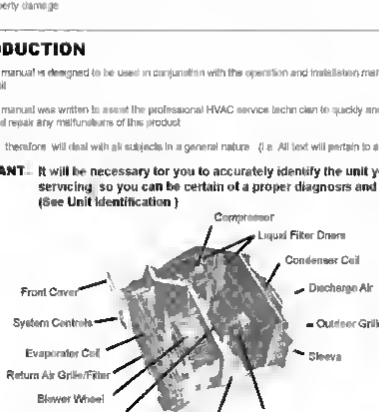
INTRODUCTION

This service manual is designed to be used in conjunction with the operation and installation manual provided with each unit.

This service manual was written to assist the professional HVAC service technician to quickly and accurately diagnose and repair any malfunctions of this product.

This manual, therefore, will deal with all subjects in a general nature. (I.e. All text will pertain to all models)

IMPORTANT – It will be necessary for you to accurately identify the unit you are servicing, so you can be certain of a proper diagnosis and repair (See Unit Identification.)



Network Status/Check Network Connection

Network Status

Printer Name	EPSON41C0E6
Printer Model	WorkForce 520
Network Type	Wireless LAN
Connection	65 0Mbps
TCP/IP Setup	Auto
IP Address	192.168.1.4
Subnet Mask	255.255.255.0
Default Gateway	192.168.1.1
Network Name (SSID)	NETGEAR8
Communication Mode	Infrastructure
Security	WPA-PSK(AES)
Signal Strength	Excellent
MAC Address	00:26:AB:41:C0:E6

Check Network Connection

Wireless Network Name (SSID) Check	PASS
Communication Mode Check	PASS
Security Mode Check	PASS
MAC Address Filtering Check	PASS
Security Key/Password Check	PASS
IP Address Check	PASS
Detailed IP Setup Check	PASS

PASS

Network is working correctly.

*If your problems persist,
see your documentation for help and networking tips.

11/13 TEST

SC **纸张 — 打印头对齐用纸**
首次安装本机时必须进行打印头对齐。
按下并 以将其处对齐并将纸张装入纸盒（下方）。
有关详细信息 请参阅有关安装说明。

PL **WAŻNE – papier do wyrównywania głowic drukującychh**
Podczas pierwszej konfiguracji urządzenia należy przeprowadzić wyrównywanie głowic drukujących. Umożliwi prawidłowy narodnik zgodnie ze wskazówkami na ilustracji i wlej papier do kasety (dolnej). Więcej informacji zawiera arkusz konfiguracyjny.

HU **FONTOS – Nyomtatófej-igazításra alkalmas papír**
A nyomtatófej-igazítást a készülék első használata előtt kell/ajánlott elvégezni. Az ábrán látható módon igazítsa be a lap levélpont sarkát, és töltse be a papírt a kazettába (alsó). A részletesen lásd a beállítási lapon.

RU **ВАЖНО — Бумага для выравнивания печатающих головок**
При первичной настройке устройства необходимо выполнить выравнивание печатающих головок. Разложите подвижный угол, как показано на рисунке, и загрузите бумагу в кассету (низ). Для получения подробной информации см. инструкцию по установке.

UK **ВАЖЛИВО — Папір для вирівнювання друкуючої головки**
Вирівнювання друкуючої головки виконується під час першого налаштування пристрою. Розташуйте відривний кут як показано на малюнку за помістіть папір до касети (нижньої). Детальніша інформація міститься в інструкції з налаштування.

SL **POMEMBNO – papir za poravnavo tiskalnih glav**
Tiskalne glave morate poravnati med prvo nastavitvijo naprave. Odmaknjeni rob poravnite kot je prikazano na sliki in naložite papir v kaseto (spodnjo). Za več podrobnosti si oglejte tiskalniški list namestitev.

AR **هام - ورق محاذاة رأس الطباعة**
يجب إجراء محاذاة رأس أوراق الطباعة عند إعداد الجهاز لأول مرة. ضع الزاوية المنفصلة كما هو موضح في الرسم، ثم حمّل أوراق في الدرج (السفلي).
لمزيد من المعلومات، راجع ورقة الإعداد للحظارع على قرص دمج التفاعلي.

TR **ÖNEMLİ – Yazıcı Kafası Hizalamasında Kağıt**
Aygıtı ilk kez kurduğunuzda yazıcı kafasını hizalamanız gerekir. Resimde gösterildiği gibi kıvrık köşenin konumunu ayarlayın ve kağıdı kasetin içine yükleyin.
Daha ayrıntılı bilgi için bkz. Kurulum Broşürü.

CS **Kvalitní Dokumenty pro druhou generaci tiskárenství**
Pro nejlepší výsledky tisku vyberte druhou generaci tiskárenství.
Nejvyšší rozlišení 600 dpi a 48 bitová barevná hloubka.
Podrobnější informace viz příručka.

ET **SVARBU – popierius optimalizuotas galvutės lygiavimui**
Spausdintuvo galvutę reikia lygiuoti kai pirmąjyne yra naudojamas pirmą kartą. Nustatykite nuplaukę kampą, kaip nurodyta paveikslėlyje ir įdėkite popierius į kasetę (apatinę).
Daugiau informacijos žiūrėkite puslapyje apie parengimą darbui.

NB **Hill Paber printjpea jooniseadmeks**
Printjpea joondamine tuleb läbi viia seadme esmakordsena kasutamiseks seadistamisel. Asetage tähjelkul mark vastavalt joonisel näidatule ning laadige paber kassetti (alumine).
Lisateavet leiate seadistusleht.

RO **IMPORTANT – Hârtie pentru aliniere capului de imprimare**
Aliniere capului de imprimare trebuie realizată atunci când dispozitivul este instalat pentru prima dată. Poziționați colțul tăiat așa cum se indică în imagine și încărcați hârtia în casetă (inferioară). Pentru mai multe detalii consultați fișa de instalare.

BG **ВАЖНО – хартия за подравняване на печатащата глава**
При настройка на устройството за първи път трябва да се извърши подравняване на печатащата глава. Поставете неизрязания ъгъл, както е показано на фигурата, и заредете хартията в касетата (долната). Вж. Листа с инструкции за повече подробности.

TC **重要！ - 適用於記錄頭**
首次安裝本機必須進行記錄頭校正。
裝載 以使用桌面型號或標準紙張進行紙匣（下方）。
有關詳細資訊 請參閱安裝說明書

KO **주의 — 헤드정렬용 종이 출력**
처음 장비설치 후 프린터 헤드정렬이 수행되어 합니다
그림과 같이 절단 모서리를 맞추고 카세트(하단)에 종이를 장고세로 카세팅 사항은 설치 설명서를 참조하세요

ID **PENTING Kertas untuk Print Head Alignment**
Perlu dilakukan print head alignment pada saat pengaturan perangkat pertama kali. Posisi sudut sebagian seperti ditunjukkan pada gambar dan masukkan kertas pada kotak kertas (bagian bawah). Lihat petunjuk instalasi untuk informasi lebih lengkap.

TH **สำคัญมาก-กระดาษสำหรับจัดตำแหน่งหัวพิมพ์**
เมื่อตั้งค่าอุปกรณ์ครั้งแรกจะต้องทำการจัดตำแหน่งหัวพิมพ์
วางตำแหน่งที่มุมตัดเฉียงตามรูปและใส่กระดาษลงในถาดกระดาษ(ด้านล่าง)
สำหรับรายละเอียดเพิ่มเติมกรุณาศึกษาแผ่นติดตั้ง

Wireless Network Test Report
Jan-00-00 00:00AM

Troubleshooting - This report provides troubleshooting, test results and general information for the wireless connection between this device and your network. This is not a printing test.

No problems found. Congratulations on the successful setup of your wireless printer.*

- Information only
- ! Warning. Condition may cause network issues
- ** Critical. Action required

Diagnostics Summary

Wireless On	PASS
Wireless Working	PASS
Network Name (SSID) Found	PASS
Security	PASS
Printer Settings Consistent with Wireless Router Settings	PASS
No Filtering	PASS
Connected	PASS
Signal Quality	Excellent
Other networks detected matching your network name (SSID)	No
Wireless Networks Detected	8
Disconnect count total	51
Disconnect count (last hour)	1
Disconnect count (last 24 hours)	1
Channel	8

Configuration Summary

Network Name (SSID)	2WIRE184
Hardware Address (MAC)	3c:4a:92:1f:a1:37
IP Address	169.254.225.56
Configuration Source	AutoIP
Communication Mode	Infrastructure
Authentication Type	Open System
Encryption	64-bit WEP

For additional help with troubleshooting, refer to the network troubleshooting help section provided with your HP printer.
For more information on your network configuration, print the Network Configuration Page.

To	From
Fax	Fax
Phone	Phone
Subject Test Fax	Date

Fax Settings

Reference your Owner's Manual for help changing the settings listed below.

ECM (error correction mode)	Off
Baud Rate	9600
Interval	0s (0 is lowest, up to 3 seconds)
Resolution	Standard
Answer Mode	Fax Only
Rings to Answer	Zero (0)
Call Waiting	Off
Bandwidth Saver	Low (G.729a)
Distinctive Ring	Off

Troubleshooting Steps

The steps below will help you resolve common faxing problems.

- Switch off fax machine's auto dialing, power, adapter from device and telephone outlet.
  - Let fax machine remain off for 30 seconds.
- Try a different phone cord between the fax machine and the Vonage device.
- Eliminate splitters between the fax machine and the Vonage device.
- Connect fax machine directly to the Vonage device, bypassing any home wiring.
- If using an ATA (Cable device, temporarily disconnect device from PC.

Further Assistance

If you need further assistance using your Vonage Fax Service, we are here and available to help.

« How to Stop a Calls from a Fax Machine?
How to Fix Vertical Stripe On Faxes I Send »

How Can I Test My Fax Machine?

I just hooked up a new fax machine, and I'd like to test it, just to make sure it works. How can I do that?

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both:

To test the send functionality of your fax machine, send a one-page fax to 1-855 330-1239 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero; this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

This entry is filed under Fax Machines.

LoneStarScriptCare

Dear Healthcare Provider

- ***Do you have patients that tell you they cannot afford their medications?***
- ***Are your staff overwhelmed with Patient Assistance Programs and their paperwork requirements?***
- ***Do you regularly hear that a patient's prescription insurance is not paying enough of their medication cost?***
- ***Wouldn't it be nice to have an demand, a company that can provide a concierge service to allow individuals to obtain the absolute lowest cost on their prescription medication(s)?***

As you are aware, Patient Assistance Programs are available to individuals who have problems paying for their required medications and over 8 million individuals are successfully enrolled in these programs throughout the United States. Such programs provide free medications to those that qualify.

However, access to them can be somewhat challenging for a healthcare provider. This can be for many reasons, such as the paperwork requirements are too complicated or the fact that your staff's time is best spent delivering patient care rather than being consumed by red tape and bureaucracy.

Lone Star Script Care is a nationwide advocacy program that has helped thousands of individuals obtain the medication they need by handling all of the qualification paperwork, refills and general management for your patients for a small monthly fee of $20.00 per medication. As an advocacy agency we work hard to obtain patient medications through various Patient Assistance Programs.

Allowing Lone Star Script Care to handle the paperwork allows your staff to do what they do best: providing patient care. This ultimately allows your office to be satisfied in the knowledge that your patients can access their medications at a much reduced cost, with your help, without the hassle.

What we Provide

1) Prescription Concierge Service – a thorough analysis of a patient's monthly prescription costs with a recommendation on potential savings.
2) Free patient materials with information on how to save money on their prescription drug costs.
3) Actively complete, enroll and maintain a patient's file to ensure a continuous supply of their medication.

How Can I Get More Information?

If you feel that having that level of expertise would be a useful addition to your office, simply request a ***Free HealthCare Provider Kit*** by completing the enclosed order form. There is absolutely not cost or strings attached. Simply display the materials provided and we will take care of the rest.

What's Included in the Kit?

1) 1 Prescription Concierge Service Poster (1 Color 18 x 24)
2) Free Appointment Cards (1,000)
3) Free Patient Assistance Program Brochures (50)

Not yet ready to order the free kit? No problem. Feel free to call us for an initial discussion on how we can assist your patients through the Patient Assistance Program Maze.

3 FOR YOUR SECURITY

If you qualify, you'll need an Account PIN to access your account and a Secret Answer in case you ever forge your PIN. Please write them down for safekeeping.

CHOOSE YOUR ACCOUNT PIN.
It must be 6 numbers long
- No more than 3 consecutive numbers in a row (1234 won't work)
- Do not repeat numbers next to each other (44 won't work)
- No symbols or letters (&@P$TR won't work)

YOUR ACCOUNT PIN

AND

YOUR SECRET ANSWER
What is your favorite city?
Your Secret Answer: _____

IMPORTANT INFORMATION ABOUT THE LIFELINE PROGRAM Assurance Wireless is a Lifeline-supported service. Lifeline is a federal benefit, and only eligible subscribers may enroll. Customers who willfully make false statements in order to obtain the benefit can be punished by fine or imprisonment or can be barred from the program. One Lifeline discounted service (landline or wireless) is available per household. A household is one or more individuals who live together at the same address and share income and expenses. A household is not permitted to receive Lifeline benefits and multiple providers. Violation of this one-per-household rule constitutes a violation of federal rules and will result in de-enrollment from the Life line program and prosecution by the United States government. Lifeline is a non-transferable benefit. Service cannot be transferred to any individual, including immediately family members living in same

4 SIGNATURE

By signing below I certify under penalty of perjury that the information contained within this Application is true and correct to the best of my knowledge.

I participate in a qualifying federal Program or meet the income qualifications to establish eligibility for Lifeline. If proof of eligibility is required, I have provided the required documentation as listed in Section 2.

If I have provided a temporary address, I must notify Assurance Wireless within 30 days of any change of address. Assurance Wireless will attempt to verify every 30 days that I continue to reside at that address. If I do not respond or these address verification attempts with in 30 days, I will be de-enrolled.

I will inform Assurance Wireless within 30 days of the following and may be subject to penalties if I fail to do so:

- I move to a new address.
- I no longer participate in Life ine qualifying Program or my annual household income exceeds 135% of the Federa Poverty Guidelines.
- I become aware that my household is receiving more than one Lifeline benefit.
- For any other reason I no longer meet the criteria for Federa L ine s support.

I authorize Assurance Wireless or its agents to access any records (including financial records) required to verify my statements herein and to confirm my eligibility for Assurance Wireless service. I authorize state or federal agency representatives to discuss with and/or provide information to Assurance Wireless verifying my participation in public assistance Programs that qualify me for Assurance Wireless service.

I authorize Assurance Wireless to provide access to or release any records required for the administration of Assurance Wireless service.

I understand that the completion of this application does not constitute immediate approval for Assurance Wireless service.

I acknowledge that providing false or fraudulent information to receive Lifeline benefits is punishable by law.

You MUST place a check mark ☑ next to all 3 statements, then sign and date below.

☐ 1. I certify that my household will receive only one Lifeline Assistance benefit (wireless or wireline). To the best of my knowledge, my household (1) is not already receiving such a benefit, or (2) I currently receive a Lifeline discount from a different phone service provider. I consent to the transfer of my Lifeline benefit to Assurance Wireless and understand that once the transfer is complete I will lose my Life line program benefit with my current phone service provider. **AND**

☐ 2. I understand that I may be required to re-certify consistent of eligibility for Lifel ne at any time. Failure to do so will result in the term nation of my Life line benefit. **AND**

☐ 3. I consent to have my personal identification informat on shared with the Universal Service Adm nistrative Company (USAC) (the Lifel ne Program administrator) and/or its agents for the purpose of confirming that neither I nor my household receives more than one Life ine benefit.

YOUR APPLICATION CANNOT BE APPROVED WITHOUT 3 CHECK MARKS AND YOUR SIGNATURE

Zurg, Emperor (Evil)

1999-

Strategist, Archvillain

Evil Emperor Zurg is a space villain and Buzz Lightyear's archenemy. Zurg was born on the planet Xrghthung (aka Planet "Z"), and is suspected to be the father of Buzz Lightyear

Zurg is highly intelligent. While designing a vast prison on Planet Z, he declines building an execution arena, for it simply "gives the captives more time to get away."

"And, may I remind you, no giant trash compactor! When heroes fall in they always have enough time to figure a way out Make it- an incinerator!"

Can I use fax over your service?

The short answer is yes, you can

The long answer is that Voice over IP as a whole does not support fax well at this point. The settings below will work MOST of the time but not all the time. Please understand that while we encourage you to try and use fax with our service we cannot guarantee it will work. If fax is very important to you we recommend keeping a basic PSTN phone line for this purpose

To maximize fax success with our service:

1 Set your codec to g711u (ulaw) Fax will NOT work with any of the lower bandwidth codecs.

2 Set your RTP Packet Size to 0.020, or even 0.010.

3 Make sure you have plenty of free bandwidth available to avoid interruptions.

4. Disable ECM on your fax.

5 Decrease the transfer speed on your fax to 9600 bps or lower Different faxes have different ways to do this some of them call it "Overseas mode"

6. Put a DSL filter between your fax and your Analog Telephone Adapter

7 Try to avoid faxing long documents. Try to fax pages in bunches of 2 3 at most to maximize chances of success

8 You will want to disable echo cancelation. Some adapters like most Sipura models (PAP2 SPA series, etc.) have a "FAX Disable ECAN" mode which will automatically disable this when it detects a fax being sent. If your adapter does not support this we recommend you keep echo cancelation on when making voice calls but turn it off manually when faxing. Another option would be to set Line 1 with settings ideal to voice and Line 2 with settings ideal for fax.

9 Disable Silence Suppression while faxing

10. Set FAX Codec Symmetric to No

11 Set FAX Passthru Method to ReINVITE.

12. Set FXS Port Input Gain and FXS Port Output Gain to 3.

13 Set your Jitter Buffer to Extremely High. and Jitter Buffer Adjust to NO Faxes don't care if there is a delay on the line, all they care about is getting a consistent data stream. Jitter buffer does just that.)

Following the above settings you will maximize your chances of faxing over IP, but unfortunately this is not a guarantee that it will succeed. We wish you the best of luck though, happy faxing!

One more note we have discovered that some of our vendors support voice better, while some of them support fax better. If you are trying to fax to a number which is a dedicated fax, you have completed all

Introduction

This document will assist you in testing your HP Fax machine using the HP Fax Test Service

Print this document for easy reference by clicking the Printable Version link in the upper right corner of this page

Test your fax machine

To test the capability of your fax machine, follow the directions below

NOTE Be sure that your phone number is not Caller ID blocked by your telephone company prior to attempting to send and receive a fax. Pressing *82 before dialing the toll free number will unblock the Caller ID blocking feature in most areas. Other phone company services can prevent you from receiving a fax, including voice mail, call blocking, or call privacy features

NOTE Whenever troubleshooting a fax issue, it is good practice to set the Automatic Reports option to Every Error before attempting a test fax. This way, even if the sent fax fails, an error code will be generated that will guide you in future troubleshooting. This option is available in different places on different products, consult the product User's Guide for specific steps

Send a one page black and white text fax to 1-888-hpfaxme (1-888-473-2963)

When your fax is received by the HP Test Fax Service, we will generate a return fax to you within five minutes confirming that we received your fax. This verifies that you can both send and receive a fax with your fax machine

If you do not receive a return fax within 5-7 minutes, there may be a problem with the setup of your fax machine. Consult the user manual that came with the product for proper setup and configuration.

NOTE The most common cause of failure is that the fax number set in the Fax Header on the machine does not match the number of the phone line connected to the fax. Also, ensure that the fax header contains the full 10-digit telephone number of the fax machine, including the area code

For more information or assistance, click Contact HP at the top of this page

Windows® Fax and Scan

[illegible]

[illegible]

Easily send faxes using your computer and a fax modem or an external fax machine. You can also print, e-mail, or save a copy of your faxes.

To get started

1. [illegible]

   If you connected more than one fax modem or fax machine, select the one you want to use, and then select the check box next to it.

   Optionally, select the check box next to **Allow this device to receive faxes**.

2. [illegible]

   When you add a scanner or camera, Windows automatically installs the software it needs to work with your computer.

SCAN After you add a scanner or camera to your computer, you can preview, edit, and then save the images or pictures. Before you scan, make sure that your scanner settings are the way you want them. You can change the settings for the scanner or camera.

To scan a picture

1. Make sure your scanner or camera is turned on and connected to your computer. If you haven't already done so, install your scanner and camera software according to the manufacturer's instructions.
2. In Windows Fax and Scan, on the toolbar, click the arrow next to **New Scan**, and then click **Scan**.
3. The New Scan dialog box appears.
4. Choose the scanner or camera you want to use, and then choose the scan settings you want.

Hello!

This is a sample text file which is being sent to you as per your request via the Interpage FreeFax(sm) Service.

This service is intended to provide a preliminary evaluation as to the quality and timeliness of Interpage's subscription fax service(s).

If you review the cover sheet which was transmitted with this fax, you will note the first letter of the name you had indicated in the TO: field of the FreeFax request page. This letter serves to correlate the fax request which you had sent with this actual fax transmission result.

This file is a sample MS Word file; many other file types are supported.

If you have any questions regarding Interpage's DataFax(sm) Service, or, ideally, the FaxUnlimited(sm) service with no per-fax or per-minute charges, please feel free to contact us at:

Phone: +1 (510) 315-2750 9AM to 5:30 PM M-F Pacific Time
E-Mail: mailto:support@interpage.net
Web: http://www.interpage.net

Thank you for your interest!

Warning: This sample fax is one of the FreeFax services Interpage will no longer support after 30 days. Any fax requests received after that time will be ignored. Interpage will not be responsible for any billing information and charges incurred after that date. If you have any questions regarding your account, please contact Interpage's Customer Service Department at http://www.interpage.net/support.html, or call us at (510) 315-2750 9AM to 5:30 PM M-F Pacific Time.

This fax is one of a limited number of free faxes offered by Interpage to new customers. Any fax requests received after the limit has been reached will be ignored. If you have any questions regarding your account, please contact Interpage's Customer Service Department at http://www.interpage.net/support.html, or call us at (510) 315-2750 9AM to 5:30 PM M-F Pacific Time. We will be happy to assist you.

Public Speaking in Social Phobia: A Pilot Study of Self-Ratings and Observers' Ratings of Social Skills

Michelle Nigri Levitan,[1] Eliane Mary Fallone,[2] Monique Pitanguy,[1] Stephanie Kurtzman,[1] Leyse Barbosa,[1] Jose Mozart de Araújo Crippa,[3] Leonel de Mello Sheinberg,[1] Daniela Pastore,[1] Jaime Hallak,[3] and Antonio Egidio Nardi[1]

[1] Federal University of Rio de Janeiro
[2] Santa Úrsula – UFRJ Rio de Janeiro
[3] Universidade de São Paulo

Objectives: The aim of this study was to investigate whether patients with social phobia (SAD) differ from nonpatients in their ability to identify and rate their own social skills. We also investigated whether SAD patients' self-ratings of social skills correlate with observers' ratings of these skills. Methods: Twenty-eight patients with SAD and 28 nonpatients were videotaped while giving a speech in front of a small audience. Subjects were asked to rate their own performance on several social skills. Observers also rated the subjects' performance on the same skills. Results: The results showed that SAD patients underrated their own social skills in comparison to nonpatients. Also, the underrating was found to be more pronounced in patients with more severe social phobia. Moreover, SAD patients' self-ratings of social skills did not correlate with observers' ratings of these skills. Conclusions: These findings suggest that SAD patients have a distorted perception of their own social skills. Such a distortion may contribute to the maintenance of social phobia.

Keywords: social anxiety, performance, social skills, social phobia

Social anxiety can affect people in many ways and in many areas, such as performance, sociability, romantic relationships, and education. It can produce considerable distress in individuals (Heimberg, Dodge, Hope, Kennedy, Zollo, & Becker, 1990). Persons afflicted with this disorder usually experience anxiety in social or performance situations, such as speaking in front of an audience, eating in public, or talking to people in authority. Many of these people are aware that their fears are excessive or unreasonable, but they are unable to control them. Consequently, they tend to avoid the feared situations or endure them with intense anxiety or distress (American Psychiatric Association, 1994). Social phobia (SAD) is the third most common psychiatric disorder, after alcoholism and major depression (Weissman et al., 1996). Epidemiological studies have found that the lifetime prevalence of SAD ranges from 3% to 13% (Magee, Eaton, Wittchen, McGonagle, & Kessler, 1996; Schneier, Johnson, Hornig, Liebowitz, & Weissman, 1992; Wittchen, Stein, & Kessler, 1999). Despite the high prevalence of SAD, only a small proportion of individuals with this disorder seek treatment (Liebowitz et al., 1985; Turner & Beidel, 1988). Persons afflicted with social phobia usually experience anxiety in social or performance situations, such as speaking in front of an audience, eating in public, or talking to people in authority. Many of these people are aware that their fears are excessive or unreasonable, but they are unable to control them. Consequently, they tend to avoid the feared situations or endure them with intense anxiety or distress (American Psychiatric Association, 1994). Social phobia (SAD) is the third most common psychiatric disorder, after alcoholism and major depression (Weissman et al., 1996). Epidemiological studies have found that the lifetime prevalence of SAD ranges from 3% to 13% (Magee, Eaton, Wittchen, McGonagle, & Kessler, 1996; Schneier, Johnson, Hornig, Liebowitz, & Weissman, 1992; Wittchen, Stein, & Kessler, 1999). Despite the high prevalence of SAD, only a small proportion of individuals with this disorder seek treatment (Liebowitz et al., 1985; Turner & Beidel, 1988).

Cognitive models suggest that SAD patients have distorted perceptions of their social skills. For example, Clark and Wells (1995) propose that individuals with SAD overestimate the probability that negative events will occur during social interactions and underestimate their ability to cope with these events. Moreover, they propose that individuals with SAD overestimate the cost of negative events. Therefore, SAD patients are thought to underrate their own social skills. Consistent with this hypothesis, Rapee and Lim (1992) found that SAD patients underrated their performance on a speech task relative to nonpatients. Similarly, Stopa and Clark (2000) found that SAD patients underrated their performance on a social interaction task relative to nonpatients. Other studies have found that SAD patients underrate their performance on a variety of social tasks (Alden & Wallace, 1995; Stopa & Clark, 2000). The above-mentioned studies have also found that SAD patients overestimate the negative consequences of poor performance. For example, SAD patients overestimate the degree to which others will negatively evaluate poor performance (Alden & Wallace, 1995; Stopa & Clark, 2000). Other studies have found that SAD patients overestimate the likelihood that negative events will occur during social interactions (Foa, Franklin, Perry, & Hembree, 1996; Rapee & Lim, 1992). Cognitive models suggest that SAD patients have distorted perceptions of their social skills. For example, Clark and Wells (1995) propose that individuals with SAD overestimate the probability that negative events will occur during social interactions and underestimate their ability to cope with these events. Moreover, they propose that individuals with SAD overestimate the cost of negative events. Therefore, SAD patients are thought to underrate their own social skills. Consistent with this hypothesis, Rapee and Lim (1992) found that SAD patients underrated their performance on a speech task relative to nonpatients. Similarly, Stopa and Clark (2000) found that SAD patients underrated their performance on a social interaction task relative to nonpatients.
